

NON-PARTISANS VICTORIOUS.

Honest Candidates Elected by an Overwhelming Majority.

RESULT IN CITY AND COUNTY.

A Good Share of the Republican Candidates Pull Through—Some Successful Democrats—The Count Incomplete.

The Election in Omaha.

The election in Omaha yesterday passed off very quietly. There were very few disturbances at the polls. The elections being generally closed there was very little drunkenness. There was a light vote cast, not over one-half of the actual voters, notwithstanding the usual restraint of registration was thrown off. The heavy rainfall during the afternoon no doubt kept quite a large number of voters away from the polls. There was a great deal of scratching on the judiciary and county tickets, and the count has necessarily been very slow. It was safe to say, however, at this hour, 3 a. m., that the republicans have elected Cochran for sheriff, Moors for clerk of the court, Boll, who had no opposition, for treasurer, Howes for county surveyor, and in all probability the three commissioners—Turner, Walsh and Morrell. No definite results as to the other county candidates can be given at this hour, and very likely not until the official canvass is made.

The day opened bright and pleasant, and the workers and adherents of the different candidates were early at the polls and put in their best legs. A light vote was polled in the forenoon and a sluggishness was apparent among voters, though the weather, up to three hours before the closing of the polls, was all that could be desired. At 3 o'clock rain began to fall and came down in a steady stream until the closing of the polls.

The best of order was maintained at the different polling places, and hard words were strictly tabooed. This, no doubt, was due to the measure to the complete closing of saloons, most of the saloon keepers having respected the law to the letter. There was considerable discussion by the voters of the straight tickets were few and far between. In the third ward there was the usual dispensing of booze, and the gambler and the woman were in full force. In the fifth ward Roche had his adherents out in squads, even to the fourth ward. The first, second, third, fourth, fifth and sixth ward made the most noise, but it was of the harmless kind. In the seventh, eighth and ninth wards the voting was conducted with the greatest decorum.

An abstract of the vote in the city and county as far as obtainable is given on this page.

The State Ticket.

The state ticket, composed of one candidate for the supreme court and two candidates for regents of the state university, has been elected by not less than 35,000 majority in the state.

The Judiciary.

The most exciting contest in yesterday's election in Nebraska was over the district judges. Under the law passed by the last legislature there were nineteen judges elected in Nebraska yesterday. In the First, Fourth, Seventh and Ninth districts there were two judges elected, in the Third there were four, and in the other seven there was one in each. In some districts the democrats endorsed the republican candidates, while in other districts there have been some sharp contests. In the first district Hamer, the republican candidate, withdrew three days before election, and Judge Appleget, who had been endorsed by the labor party, was put on the ticket in his place. The election of Broady, democrat, is conceded. Hull, republican, will be beaten by his colleague, Appleget, or by Thomas, democrat.

Railroad Notes.

An announcement was made a few days ago that the Missouri Pacific road had rented the quarters now occupied by the Merchants' National Bank on the northwest corner of Thirtieth and Farnam streets. The bank will take possession of it about the first of next month, when the bank moved into its new building on the northeast corner of these streets. The announcement was in error. The road in question has rented quarters in the new building for a rental of \$5,000. The old quarters of the bank, namely the present Bank Building, have been rented by the Union Pacific and will be occupied as soon as the bank is moved to its new road. For these quarters the road will pay the electrical rent of \$6,000 per year, an increase of \$2,500 over that now paid by the bank. In these rooms the company will conduct its local ticket sales. This announcement will be very gratifying to the bank, as it is a short time since the handling of the Union Pacific tickets was placed in charge of Fred Nunn, the general agent of the Milwaukee & St. Paul. The office of the latter company is now half occupied by Union Pacific people, and the other half is being provided for them in the new Barker building, to which, when complete, the Milwaukee offices are to be removed. It has not been announced whether the new Barker building will be required by the Union Pacific's renting of the old quarters of the Merchants' National.

Social and Scientific.

The second regular meeting of the German scientific club took place at Rosenmund's. The subject, "Errors of Modern Science," was ably handled by Mr. H. Reinhold, the speaker of the evening. He pointed out the uncertainties, fallacies and incongruities of a number of scientific conclusions, and the whole appeared to be in opposition to well-established laws.

How the Pools Went.

Notwithstanding the exceedingly light vote the principal pool rooms of the city were crowded to suffocation last night by the different candidates and interested parties in the election. At the "Diamond" a vast crowd surged through the rooms and bets were freely made and taken. Representatives of the favorite candidates were present and long odds were offered in their behalf. Bets on New York and Chicago were the popular wagers outside of the city and county. On the former side the main wagers were \$50 to \$100 against the republican ticket, the odds were in favor of a republican victory.

MINISTERIAL MEETING.

Proceedings at the Last Gathering of the Presbyterian Clergy.

At the regular weekly meeting of the Presbyterian ministerial association, held in the Millard, there was a good attendance of local clergymen of that denomination. The expiration of the term of the old officers having arrived, Rev. W. W. Henderson of the North Presbyterian church, was elected president; Rev. D. R. Kerr of the Southwestern church, vice-president, and Rev. John Gordon secretary. These officers will retain their positions for six months. The subject for discussion was that of "Social Preaching," which was introduced by Mr. Henderson and led in by a member of the gentlemen present.

HORSE CAR VS. CABLE.

The Omaha Horse Railway Company in their case against the Cable Tramway company yesterday presented to the supplemental bill of complaint in this cause.

Among other things cited is the fact that since the presentation of the original bill defendants have built a double track cable road on Dodge street, crossing orator's double track on Thirteenth street and cutting orator's rails in a way that destroys their continuity, greatly to the detriment of smooth running of plaintiff's cars, and the excessive annoyance of their patrons. The defendants have also constructed double tracks on Thirteenth and Harney and Twentieth and Farnam, and across the latter's north track on Farnam at its junction with Tenth street. In each instance orator's rails have been cut as described in the article of this article, increasing, it is alleged, the wear and tear of the plaintiff's cars not less than \$100 per annum to each car. These defendants were compelled to defend to plaintiff but they refused to remedy the same. Hence the Horse car company ask that they be enjoined by the order and injunction of the court on the grounds that defendants have no right to cross plaintiff's track, and thereby are guilty of trespass upon orator's property and franchise to its great injury. It is also alleged that orator's tracks were cut without a shadow of authority of law, and they petition that the injunction be made perpetual, and that defendants be required to renew their tracks, slots and works at each and every crossing, and restore the track and rails of plaintiff to their former condition, and not allow such damage as they have sustained to be repeated.

WANTS HER LAND BACK.

The petition of Harriet T. Johnson, of Nuckolls county, against Benjamin Brainerd, of Lincoln, to recover certain lands near the town of Nelson, Nuckolls county, was filed yesterday in the United States court. Plaintiff alleges that some six years ago she was possessed of a large tract of land, some six hundred acres, and valued at \$15,000, at the point above mentioned and that by fraud, representation and fraud she was induced by said defendant and his attorney to place a mortgage for \$500 on the same, and finally to pass the same to the defendant, from her control, without plaintiff ever having received any monetary recompense whatsoever.

Army Notes.

Lieutenant Hiram M. Chittenden has just had printed for the use of officers of the Department of the Platte, a finely executed map of the military reservation on which is located Fort Niobrara. The latter is placed in the middle of the reservation, the north side of the map is a diagram showing the fort and the relative position of all its quarters. The course of the Niobrara, so recently traversed by Lieutenant Kenyon in all its sinuosity, is accurately outlined, as also those of the water courses which have the doubtful credit of feeding it. The rolling sand hills on the west, with their scant covering of grass, are also well described, together with the localities where the water buffalo are included in the eight miles square of the reservation. This work required about six weeks of laborious and painstaking work.

An Old Concord.

Jim Stephenson has had several of his work clothes painted green and decorated with gold, so that they now look like the boned-edge articles which was so common in the east of other days, and later adopted in the west under cover of a flaming red. AN OMAHA ABROAD.

What a Pair of Attentive Ears Heard About This City's Reputation.

L. M. Rheem, manager of the A. D. T. Co., returned a few days ago from Indianapolis and other places in the east, and the manner in which he speaks of the attention which Omaha attracted wherever he went is remarkable. "When I was on the train," he said, of course I got into conversation with people and as soon as it was found I was from Omaha, people from all parts of the country would gather around and say, 'You're from Omaha, are you? Well how are things out there, anyway? How's real estate; is it still booming? Are you increasing in population? How many have you now? What about manufacturers? What's your country's reputation been for lately? You would gather around and say, 'You're from Omaha, are you? Well how are things out there, anyway? How's real estate; is it still booming?
