## THE SPECULATIVE MARKETS.

A Remarkable Increase in Outside Grain Speculation.

SHARP DEMAND FOR CASH CORN.

Short Crops and Light Receipts Cause Steady Advances-Provisions Keep Up With the Procession-Cattle Rule Slow.

#### CHICAGO PRODUCE MARKET.

CRICAGO, Nov. 16 .- | Special Telegram to the BEE.]-The Chicago grain market has not seen so active a day as this in months. Taking the session through the tone was strong and of much greater proportion. A large amount of the business done came from the outside. The commission men were busy and many of them believe that the day, so long looked for, when "the country" should "take hold of speculation," has at last arrived. After three days continuous advance in wheat, professional traders in that grain believed that it was time for a reaction and although the opening was higher than last night's closing, the first impulse under the realizing sales of some of the longs and free offerings of the short sellers was down ward, the decline being from 1/4 to 1/4c for the different deliveries. There were, however, sufficient buying orders to absorb these offer ings, and thereafter the tendency was upward. First sales were made at 74%c for December, and 80%c for May. Under the influences first mentioned prices fell away to 74%@74%c for December and 80%c for May With occasional slight reactions the advance was quite steady to 74%c for December and about 81c for May, where the price hung until noon. When the last board cable was posted, a still larger number of buying orders came in, and one rather large line o shorts was covered, and prices advanced rap idly to 75% of for December, and 81% of for May. Nearer deliveries at New York showed a sharp advance at the same time, which helped the upward movement here. Trading was light at outside figures, and there was a reaction to 75% @75% c for December, and 81% @8114c for May, where the market closed. With the exception of May delivery, which

at one time sold 15c lower than the opening, first prices for corn were the lowest, and the result of the morning's trading was to put prices about 3c higher. The demand for cash corn continues sharp, and the inquiry for "in store" grain in certain houses indicates that some of it is to pay debts to elevator men who have advanced corn to fill ves sels recently chartered at low rates. Cash corn was worth 451c to-day. This naturally gave strength to the speculative market and the old arguments of short crops and light receipts seem to have lost none of their force. There is not much corn being sold for country account, and the local traders who fight each advance have so far had to buy back at higher prices. December corn opened at 44½c, January at 44½c and May at 48½c. Fluctuations were wide and frequent, but the tendency was constantly upward until December sold at 45c, January at 451cc and May at 48%@48%c. There was some reaction however, before the close, when the figures were, December 44% 44%c, January 45 asked and May 45%c. One of the principal ship-pers says the demand for track corn is unex-ampled at this time of the year, and much of it is going to fill the wants formally supplied by Ohio and Indiana, but which those states have not the corn to fill this year. Receipts here to-day were 154 cars and the estimate

here to-day were 154 cars and the estimate for to-morrow is 220 cars.

There was a fair activity in the speculative market for oats, and prices were again stronger in sympathy with the improvement in other lines. During the regular session May advanced ½c over Tuesday's closings, or to 30½c, initial trades being at 30½c. November sold and closed at 26½c, December sold from 20½c early, to 26½c later, and January was quoted at 1 o'clock at 26½(a)26½c. Most of the trading was in the May options.

The provision trade continued its bull The provision trade continued its bull

movement. Notwithstanding hogs were again in good supply, the tendency was in favor of higher prices and the market kept company with corn and wheat in their up-ward course. There was no marked activity in trading, yet the demand was good, and with packers light sellers, buyers were forced to compete for the offerings to supply their wants. Trade was bullish from the start and the highest prices of the day pre-vailed just before the lo'clock adjournment. The opening transactions of the morning were made at the lowest prices quoted Based on last night's closings, the actual advance established in pork was 25@2714c, in lard 1244@15c and in short ribs 1244@15c. January was again the pivotal and leading future. It sold for pork at \$13.12\(\frac{1}{2}\)\(\pi\)(2013) (3.47\(\frac{1}{2}\)\(\pi\) and short ribs at \$6.65\(\pi\)(6.75\). Pork for January closed at \$13.40\), lard at \$6.75\(\pi\) and short ribs at \$6.75\(\pi\) For November and December delivery lard at the close stood at \$6.67\( \), for February pork at \$12.50, lard at \$6.82\( \), and short ribs at \$6.82\( \) (6.85. For March short ribs stood at \$6.92\(\)\_q for May pork sold at \$13.87\(\)\_q and lard at \$7.02\(\)\_q. The cash product was only moderately active.

Afternoon Session—The rush to buy this

afternoon made the short session very strong. May wheat advanced %c from the closing prices of the morning session, May corn 3%c, May onts \( \frac{1}{2}c, \) pork \( \frac{22}{3}\) \( \frac{1}{2}625c, \) hard \( 5\) \( \frac{1}{2}672c \) and short ribs \( 7\) \( \frac{1}{2}4(010c. \)

### CHICAGO LIVE STOCK.

CHICAGO, Nov. 16.—[Special Telegram to the Bre.]—CATTLE—Outside of a fair demand for prime and good steers trade ruled slow and unsatisfactory for salesmen. Me dium and plain natives were generally passed by buyers unless inducements in the way of a drop in prices or some other advantages, such as throwing out one or two, were given. Buyers preferred the best rangers that they could get at about the same prices and under to the plain and undesirable natives. Texas canning stock was in good demand with a substantial up-turn, especially on cows. Native butchers' stock sold a shade better than heretofore, especially good cows and heifers. Thin and scrawny bulls were down to as low prices as at any time. Stockers and feeders are making more money than last week. Shipping steers, 1350 to 1500 lbs, \$4.20(a5.00; 1200 to 1350 lbs, \$3.60(a4.30; 950 to 1200 lbs, \$2.75@3.75, stockers and feeders, \$2.00@3.25. Cows, bulls and mixed, \$1.25\(a2.80\). Texas steers, \$2.25\(a3.10\); cows, \$1.75\(a2.40\). Western rangers steady; natives and half-breeds, \$3.00\(a3.55\). Cows, \$2.00\(a2.60\)

Hogs-Under a big run and the large num ber left over, buyers seemed in no hurry to get to work, hence the first and early sales showed a decline of 5@10c as compared with the opening of Saturday, with the declined business revived, trade became active and at the closing values were nearly high as at the opening yesterday. The general market closed good. Shippers had large orders, especially regulars, and the outsiders that are here from Cincinnatl and Louisville wanted a good many. The best assorted heavy made \$4.75.44.80; a load or so \$4.85; packing sorts \$4.55.44.70; best and common \$4.40.4.50; light sorts \$4.50.44.60. light sorts \$4.50@4.65,

### FINANCIAL.

NEW YORK, Nov. 16 .- | Special Telegram to the BEE.]-STOCKS-The stock market was almost a repetition of yesterday. The wires worked badly and what little news there was all favored the bulls, giving them more encouragement than for months. Commission houses also had more orders and claimed to be doing a better business than at any time since June. Another thing in favor of the bulls was the continued increase in earnngs of nearly all the roads and increased predictions of more dividenders getting into the dividend line again and an increase in dividends in other roads, the old rumor about Vanderbilts being brought out for service again. Those wao have bought good stocks of late have the satisfaction of knowing that the roads, as a rule, are making as

much money as at any previous time this year, and if they don't get a dividend they have had a chance to get out at a good profit. The opening was firm, with advances ex-tending to % per cent. London was a heavy buyer of St. Paul and Lake Shore. Cables also reported more inquiry for Life. In the loan crowd a brisk demand existed for stocks. the short interest showing up larger than expected. The sharp working up of prices caused the shorts to rush to cover and competitive buying caused a broad active market. New bull pots were reported forming, the one in Western Union being composed of Connor, Wormser and Dowd. It was also said that Western Union would be listed in London, the Banings to act as transfer agents. This had a stimulating effect and prices advanced 134 per cent. St. Paul advanced 1% on the heavy covering by shorts, and Northwestern 1 point. The Vanderbilts were up %@1 point. The Coalers, although strong, were not so prominent as for several days past, but advanced 16t14 per cent. The failure of R. H. C. Hill, one of the largest operators in Philadelphia, who was short 10,000 shares of Reading and 3,000 shares of St. Paul, caused a rapid advance in those securities, but with a small recession the market closed firm, with advances extending to 2 points. Chicago houses are not trading very heavily at present. The big bears are covering their shorts and are paying more attention to grain and provisions.

#### OMAHA LIVE STOCK.

skips and pigs, \$2.75cm3.90.

There was a slight gain in the receipts of cattle as compared with the day before, there being fifty-three loads of fresh arrivals. The market was not very active at about steady prices. Good corn fed cattle were in fair request and one bunch reached \$4.45. There was very little inquiry for feeders.

Hogs.

There was another heavy run of hogs yesterday, although the receipts were not up to the day before. There were 113 cars received against 164 on Tuesday. In addition to the fresh receipts there were 16 loads which had been left over from the day become the day begins to the market average at prices when Hogs. fore. The market opened at prices about steady with the close of the night before or perhaps in some cases a shade stronger. The market continued fairly active at about steady prices and closed strong. Everything was sold by midday and the pens cleared.
