

MISS EPSEY'S ASSAULT.

Progress of Stevenson's Trial in the District Court.

SHE KISSED HIM GOOD-NIGHT.

But He Had Clabbed Her and Filled Her Mouth With Sand—Other Doings—The Railway World.

Stevenson's Assault.

The room was crowded with spectators... Stevenson's assault on Miss Epsey... She kissed him good-night.

The policy of the defense was outlined by the cross-examination, and will undoubtedly be that his character is not of the best, and that she has associated with bad women...

Miss Epsey's story, as told in court yesterday, is as follows: She has lived in Omaha over two years, and formed a personal acquaintance with Stevenson...

Somebody's Child. Somebody's child is dying—dying with the flush of hope in his young face, and somebody's mother, thinking of the time when that dear face will be hidden where no ray of hope can brighten it—

Mr. L. Heller is no longer in my employ. R. K. GROTT.

A SUSPENDED POLICEMAN.

He is Charged With Improper Conduct.

Police Officer George W. Rayworth has been suspended by Chief Seavey, and there is but little doubt that investigation of the outrage with which he is charged will result in his permanent retirement from the force.

On the whole Miss Epsey made a creditable witness in her own defense... She was prompt in her replies, and did not contradict herself save in a few statements.

City Physician Ralph was the next witness. He testified that he was called to attend Miss Epsey. He found her greatly prostrated and badly bruised about the head and shoulders.

Mrs. Fannie Anderson of 903 South Eleventh street, with whom Miss Epsey lived at the time of the assault, was called next.

engineers of the Union Pacific at that place. Killed by the accident it is reported that he, a short time ago, discharged an engineer named Joseph Sorenson and a fireman named Houch. These claim that the dismissal was unwarranted and brought their matter to the attention of the grievance committees of their respective committees and by these it was placed before Mr. Harkney, who gave it immediate attention. The result, it is claimed, that both men have been reinstated in their old positions.

It is reported that there is a grievance experienced by the engineers on the Oregon Short Line, the dissatisfaction having arisen because of some action of the superintendent, H. B. Henderson. The matter will be referred to the brotherhood of locomotive engineers.

A PORTLAND MEETING. There was to have been a meeting yesterday here of representatives of western lines, in the interest of Kansas. A GREAT MANY

Of our customers, after seeing the incomparable bargains we offered during the last two weeks express astonishment at the prices. The secret is simply this. The warm weather and late season have had a very depressing effect upon the wholesale trade. Manufacturers are overstocked and discouraged and the same goods which a few weeks ago they intended and expected should bring them a fair profit, they are now ready to sacrifice at almost any price. This is the chance for the retailer. It is merely a question of who can use the quantities. The firm that does a large business can take advantage of such opportunities. We are in this happy position. Our ample resources enables us to buy in enormous quantities for cash; we sell on same terms and the quick return of the money makes the smallest profit satisfactory. Any one can see the force of these remarks by coming and pricing our goods.

Another lot of those fine Chinchilla Satin Lined Overcoats at \$14.50. The first lot sold so quick that during the past few days we had to disappoint many customers, who called for that coat. We are now pleased to say that we have received another supply of these same coats, only with this difference, that the first ones were velvet piped while these opened now are with corded edges; otherwise in every respect the same first class garment, the like of which was never offered for less than twice what we ask for it. \$14.50.

Another lot of Overcoats to which we call attention is a splendid Shetland, lined with double warp Italian satin sleeve lining, silk velvet collar and corded edge. These we have in blue and Oxford colors, sizes 33 to 38. It is an elegant coat for a young man, very noble and of splendid cut. We offer it at \$8.90 and guarantee the real retail value of it to be at least \$15.

In Single Pants, we make for this week the following remarkable offers:— One lot strictly all wool, heavy winter weight, grey striped Cassimere Pants, well made at \$1.50, fully worth \$3. One lot heavy all wool Fine Cassimere Pants, in dark neat striped patterns at \$2.10, worth \$4. One lot very fine silk mixed Cassimere Pants at \$3.50, worth \$5.50. One lot of elegant Worst Goods, in choice patterns, at \$3.90. These last are equal to any custom-made pants and have never been offered for less than \$6 to \$7.

Remember that in our Boys' and Children's department can be found suits and overcoats at about one half their real value and for which we challenge comparison. In our Hat and Cap department, we offer a large assortment of fur and other winter caps, far below the prices of others. Genuine imported Scotch caps, high crown, at 35c; sold everywhere at 60c to 75c. Good heavy knit caps, turban style, men's and boys' sizes at 30c. Jersey caps, silk lined, men's and boys' sizes at 40c, which cannot be bought elsewhere for less than 75c to \$1.

In our Glove department, we carry the largest assortment of winter gloves and mitts and offer some big drives. Good heavy knit wool mitts, men's sizes 20c, boys' sizes 15c. Very heavy best fulled wool mitts at 40c and 45c; sold by other dealers for 75c. Good lamb lined kid gloves at 50c, which would be cheap at \$1. Good fur top gloves at 50c, worth 75c.

All goods marked in plain figures and at strictly one price.
