## OMAHA LIVE STOCK.

### Cattle.

The receipts of cattle were moderate and made up chiefly of common stock. There were a few loads of fair native steers, but nearly half the receipts were western hay-fed stock, which were shipped to Chicago. The bulk of the sales made on this market were common stock.

### Hogs.

The receipts were light. The market opened slow and fully 15 cents lower on the best grades. The "Anglo," however, began buying about 10 o'clock and prices stiffened up a little and on the whole was not more than 10 cents lower than on Friday. The quality of hogs received was not as good as on the day previous, there being considerable light stuff among the offerings.

### Sheep.

The receipts were 112 head, and the market as usual was dull. Prices are about steady.
