The Fierce Battle Necessary to Keep the Heart Pure.

AN ALMOST INVULNERABLE FOE

Rev. Alfred H. Henry Tells How to Prepare for the Contest With the Assurance of Coming Out Victorious.

How to Overcome.

Rev. Alfred H. Henry preached to a large audience yesterday morning at Trinity M. E. church. He took for his text Revelations 3:12: "Him that overcometh will I make a pillar in the temple of my God, and I will write upon him my name."

The children of men, heirs of poverty, ignorance and shame. The new name marks our adoption into the new family of God, and we become heirs of the promise of what a glorious exaltation do we here have the promise!

THE HIGH TARIFF.

How It Effects the Western Farmer.

To the Editor of the Bee.—The Evening Post of this city has recently given some extracts from the Bee on the tariff question—the now question of the hour—which are ably written and the matter well reasoned out. I judge your paper addresses many farmers in your section, so I propose to give them a very practical example of how they are duped.

Successful League Meeting.

The Omaha branch of the Irish National league held a highly enjoyable and profitable session at St. Philomena's hall yesterday afternoon. Mr. Barrett, the president, occupied the chair, and after the enrollment of twenty-five new members, an entertaining literary and musical programme was rendered.

Electrical Brevities.

An electric belt, containing a dozen electric cells and a battery, for the use of farmers in dark places, is to be tested by the New York fire department.

Percherons, Clydesdales and Shires, also horse breeders.

Every animal guaranteed a breeder of our stock. Percherons, Clydesdales and Shires, also horse breeders. Every animal guaranteed a breeder of our stock.

WE MAKE IT A principle of our business not to carry over one dollar's worth of goods from one season to another if we can help it. This season we have a much heavier stock and to close it out we know that extraordinary efforts have to be made. Having taken inventory, we have gone over our entire winter stock, and propose to make a peremptory clearing of the same. Beginning today, we will inaugurate the great test clearance sale on record. Cost will not be considered in this sale, and we will cut prices to mere nominal figures.

First on the list are heavy overcoats, and we mention for this week the following extraordinary bargains: One lot good Ulsters, made of an excellent quality of Frieze lined with plaid flannel; a perfect storm-defyer, at \$9; the coat is fully worth \$15. One lot of elegant cassimere overcoats, cut very long with good astrachan collar and cuffs, a good looking as well as a good wearing coat, which could not be bought under ordinary circumstances for less than \$16; we have marked it \$9.50. A small lot of very fine chinchilla Ulsters, fancy back, collar and cuffs of good fur, elegantly made; a splendid garment and as good as any other house would ask \$25 for; we offer them at \$12.75. This is decidedly the cheapest fur trimmed overcoat ever shown. We are marking suits and all our winter goods in the same proportion, and will announce through the daily papers the special bargains we will have for every week. All goods marked in plain figures and at strictly one price.
