Mr. William Neep is an energatic gentle-man, as his work will show. Through Mr. Neep's efforts the sum of \$118.75 has been added to the BEE fund, the contribution of the employes of the Omaha & Grant Smell-ing works. The contribution is a very lib-cral one, for which the thanks of all friends of the cause are due the generous donors.

The ladies of the First Christian church of Omaha will give a supper and social at their church Friday evening for the benefit of the Loie Royce fund. Every one who can should attend.

This is the first church in Omaha to take active steps toward aiding this worthy cause and the ladies of the First Christian church are entitled to great credit for their kindness and generosity.

A Generous Man.

Some days ago Hon. John A. McShane contributed \$250 to the BEE fund. Upon learning of Miss Royce's misfortune Mr. McShane promptly added \$100 for that young lady, making his contribution \$350. The people who have known Hon. John A. McShane for many years are not surprised at any generous act of his. In every movement Nebraska's congressman has been prompt to respond Those who know him need not be told that his generous contributions to the teach-ers' fund is but characteristic of him. At all times a prudent, careful business man, John A. McShane has never failed to contribute to meritorious movements of public and unito meritorious movements of public and pri-vate interests, and those contributions have at all times been noticeable by their liberal amount. That he is a generous man is evidenced by all his acts, and for his prompt action in the matter of Nebraska's unfortun-te to conclusors his aprilia to the incremend ate teachers, he is entitled to the increased respect and admiration of the people of Ne-braska. The generosity of Mr. McShane should serve as a hint to the many wealthy men of Omaha that they should follow the excellent example of their public servant.

It must not be presumed that the clergy of Omaha is not deepiy interested in the movement to aid Nebraska's un-fortunate teachers. Though the ministers of Omaha have not yet been heard from they will surely take active steps to aid the good work.

The board of county commissioners met in regular session yesterday afternoon, Chairman O'Keffe presiding. E. A. Dukes' personality tax was placed at \$3,250 and put on the county tax roll in that amount; the bond of D. Fitzpatrick for the protection of a county warrant for \$159.51, that had been lost, was accepted. The following claims were ordered paid: Louis Grebe, jailer, \$67.42; Dr. C. P. Harrington, \$25; George F Koon, \$12.50; George B. Stryker, \$30; Louis Grebe, \$4; B. Taylor, \$7.50. The salary of the deputy county clerk was

ordered paid from the general fund for the months of February and March, and P. R. Sullivan was appointed constable for the Eighth ward.

The following was adopted. Mr. Chairman: Your committee on finance, to whom was referred the report of ex-County Clerk C. P. Needham for the year

Court Decisions.

FROM THE BEE'S LINCOLN BURRAU.

On the 17th of January the county of Greeley voted upon the question of the relocation of the county seat. J. R. Hana, M. G. Gearon and J. R. Swain, residents of the town of Greeley Center, which was declared by the board of canvassers defeated in its struggle for the county seat, have filed their petition in the supreme court asking that mandamus proceedings issue to compel the board of canvassers to recount the returns of the election, and declare the proposition voted upon carried in favor of Greeley Center. The complaint recites that the board of canvassers, composed of John Kavanaugh, county clerk, and P. H. Berry and A. L. Covey, in their work canvassing the returns

threw out the 121 votes cast in Spring Creek precinct. That 117 of these votes were cast in favor of Greeley Cen-

tre, and in throwing them out Greeley Center was deprived of the three-fifths vote requisite to relocate a county seat. The vote of the county, with this precinct cast out, was 1,054, of which Greeley Center received 593 votes. The 117 votes cast in favor of Greeley Center, the petitioners say, would have given the required vote to locate the county seat there.

Ever since Columbus discovered America there has been a steady westward movement until to-day the western stales are becoming thickly populated with thrifty people of all avocations. In every city, village and hamlet can be found the workshop. Employed therein are people of every nationality, as well as both seves. What department of irade mostly inter-ests the ladies? Is it the fashion delineator of some mechanical institute where labor saving machinery is manufactured, or what is it? What is more beautiful to behold than the sight of a lady clad in a nicely fitted suit made in the latest, most perfect and highest style that art can design? The cities of the west have many beautiful women, and to clothe them properly with nice fitting garments is no easy task. To become a first-class manutus maker one must have patience and skill. Council Huffs is not devoid of such people, expecially if one is to judge from the magnificent and spiendid fitting costumes worn upon the streets by the wives and daughters of the citizens. The origin of the great war, as explained by Mr. Kimball, was that the Chicago, Bur-lington & Quincy was supposed to own or control the Chicago, Burlington & Northern, and gave a lower rate to St. Paul and Minneapolis than that given by either the Chicago, Milwaukee & St. Paul or the Chicago & Northwestern. These two latter roads then notified the Chicago, Burlington & Quincy people that if they did not make a higher rate that they would join forces in a bitter attack, and would continue the war-fare until the Chicago, Burlington & Quincy would come to time. It is not positively known that the Chicago, Burlington & Quincy own or even control the Chicago, Burlington & North-ern, as the road is officered by a distinct and separate management. The council was Tuesday night petitioned SCO. by the Master Plumbers' association to reduce the license fee they are compelled to pay ox.... from \$10 to \$2 per year. A BEE reporter asked a leading plumb craft. 1 00 ing firm this morning why it desired the change, and was told that the license was excessive. "Why should plumbing firms pay for a license any more than grocers, and then, why should they pay \$10? Two dollars ought to be sufficient. All that ought to be 1921 1 00 ought to be sufficient. That council ought to get a going over anyway. They require us to remove the dirt we take out of trenches and fill the latter with sand. That costs on an average \$20 per trench, and this of course is saddlod on the man for whom the work is ione. But the gas and water companies don't fill their trenches with sand.
