

THE SUNDAY BEE. COUNCIL BLUFFS, OFFICE, NO. 12 PEARL STREET. Delivered by Carrier in Any Part of the City at Twenty Cents Per Copy. MANAGER: H. W. TILTON. TELEPHONE: 43. BUSINESS OFFICE, No. 43. NIGHT EDITOR, No. 23.

MINOR MENTION.

N. Y. Plumbing Co. New spring goods at Reiter's. Money to loan. W. S. Cooper. The electric light in front of the Revere House has been replaced. Good coal, full weight guaranteed. C. B. Lumber company, 900 Main street. Money to loan on improved city property by W. S. Cooper, 130 Main street. A marriage license was issued yesterday to Jesse C. Mowery, 23, and Margaret Sales, 17, both of this county. The Apollo club is to give another of its concerts at Dohany's opera house Wednesday evening, February 22. Charles Doyle and R. Mardis were mulcted to the tune of \$8.10 and \$7.60 respectively in the police court yesterday. The board of county supervisors yesterday awarded the contract for the county job printing to the Globe printing company. Harry Shaw, a carpenter living on Canning street, is laid up with a broken rib, caused by falling from a residence on First avenue, where he was at work. The members of the Dodge Light Guards are busily engaged in the preparation of "The Union Spy." The play will be presented on the 5th, 6th and 7th of next month. The infant child of Mr. and Mrs. J. R. Millard died yesterday morning. The funeral took place at 4 o'clock in the afternoon from the residence, corner of Pierce and Union streets. N. W. Williams is fitting up a new coal and wood yard on the ground recently occupied by Ed. Mott's lumber yard on upper Broadway. The excavation for the scales was made yesterday. Monday the Knights of Pythias observe the twenty-fourth anniversary of the organization of the order. There is to be a reception and ball in the evening by the uniformed band in the hall of the order. The Helen Blythe company met with another light house last evening. The matinee was quite well attended. The audience present in the evening was somewhat disappointed, and there was a noticeable lack of appreciation. St. Paul's Episcopal church has elected two missions—one in the eastern and the other in the western portion of the city. It seems quite probable that the day is not far distant when these missions will grow so that this city will have at least three flourishing Episcopal churches. M. C. Stember has sold to Mary C. Spaulding lot 5 block 14, Mill addition, the consideration being \$17,000. J. A. Spaulding sold to Frank Stember lots 4 and 18 block 9, Mynder addition, for \$2,000. Thomas E. Hall of Kansas City, bought lots 5 and 6 block 15, Stansman's second addition, for \$500. These sales were made by H. Shoemaker. The funeral services of Vernon S. Infantson of Mr. and Mrs. Ira Grason, will be conducted by Rev. Dr. Phelps of the Presbyterian church, at 2 o'clock this afternoon, at the residence of the parents, No. 728 Wynster street. The remains will be interred in Fairview cemetery. Friends of the family are invited to attend without further notice. Mrs. P. J. Hennessy and Colonel H. C. Beebe entertained a large number of their friends on Wednesday evening last at progressive euchre. It being the birthday of the late Mrs. Hon. John and the colonel, and they both residing neighbors, they entertained their friends together, and all who enjoyed their hospitality wish them many happy returns of the joint event. The reason the water supply has been so muddy for the past few days, is because the driving of the piles for the approach to the bridge jarred the dam on the west side of the settling lake that the walls gave way, so that the water could not settle as usual. Harry Birkinbine has been at work night and day to have the breach repaired, and in a few days clear water will be furnished as usual.

PERSONAL PARAGRAPHS.

A. D. Foster started last evening on a brief trip to Ohio. W. W. Chapman will return to-day from a business trip. F. W. Ryan, who has been absent for nearly a year, returned yesterday. Thomas Haynes leaves to-night for Portland, Ore., on a prospecting tour. G. W. French, general freight agent of the Louisville & Nashville road, was in the city yesterday. E. J. Strom leaves for the west tomorrow evening on a four months' trip in the interest of the Mueller Music company. Charlie, son of John T. Stewart, is reported as being very sick. A severe cold and inflammatory rheumatism seems to be the trouble. Mr. and Mrs. Charlie Wilson have been absent for a couple of days at Oakland, Mrs. Wilson to visit some old acquaintances and Charlie to bring back with him a trout to put on the track. J. W. Parrish, the efficient shorthand and type writer, who has been in the employ of J. G. Tipton, "the real estate broker," for some months since, leaves on Tuesday of the coming week for Eldorado, Kan., where he commences reading law. Mr. Parrish has made many warm friends in Council Bluffs, who regret to see him take his departure.

TWO SIDES OF THE POOL FOR SHIPPING AGRICULTURAL IMPLEMENTS.

It has been announced that the prominent agricultural implement houses of this city have organized an association for the purpose of freezing out manufacturers who have simply agents located here, and who ship their goods from this point through the houses of transfer agents. These agents claim that they are residents here, many of them owning property here, and paying taxes, and that by reason of such discrimination against them as this association seeks to enforce, they will be compelled to move away from here, locate their business elsewhere, and that the city will thereby be injured to that extent. The fact that the business men generally understood the situation they would not endorse the action of this association. It was suggested to them that they bring their cause of complaint to the attention of the board of trade, so that the largest number of agents taken to relieve them, but the claim is made in reply that the very men who are foremost in this movement against them are leading members of the board of trade, and that such a complaint would naturally receive little treatment. They claim that it is hardly consistent for such men to be shouting for Council Bluffs, and urging all to help build it up, while they are endeavoring to build up their own business by crowding out others and injuring the city at large. The chief complaint against this association is in regard to the shipping of goods. It has been customary for a customer to order goods of different makes, and from different parties here, and the one having the largest shipment to be permitted to allow the others to put their goods into the car, thus getting the advantage of the carload rates. This association, composed mainly of those having warehouses and sidetracks, has decided that the one doing the loading of the car shall charge the other members of the association, sending goods to go into the same car, 3 cents a hundred. Those who are not members of the association are charged 10 cents a hundred. As these general agents here, handling goods through transfer houses, are not members of this association, they have to pay 10 cents a hundred for shipping their goods, while members to the association load for each other for 3 cents. This is claimed to be a discrimination against those who do not belong to the association elsewhere. The members of the association state the situation in quite a different light. They admit that there is an association, but deny that it is simply a Council Bluffs arrangement. It practices jobs in Omaha, they claim, and the regulations adopted here govern there. If they go to Kansas City they will find that they cannot load there in other dealers' cars at the same price, but will have to pay for their own shipping as best they can. At Lincoln there are no facilities for getting others to do their shipping, as they desire here. In fact, under this arrangement, Council Bluffs offers these general agents a good opportunity to be secured anywhere, and better than most cities.

CONCERNING THE CHAUTAUQUA.

The movement for securing a Chautauqua assembly here is being quietly but earnestly pushed forward, and with excellent prospects for making it a grand success. The plan is for so broad a firm a foundation as shall ensure it as the Chautauqua of the west. The location is wonderfully well adapted. The many railroads centering here extend in all directions through intelligent and progressive communities. In almost every town in the country there is now to be found a Chautauqua circle, and these circles need and are wishing for some central point for the establishing of an assembly where they can come together during the summer months of each year, for study and recreation. A stock company has been organized with the view of locating such grounds in the vicinity of Council Bluffs and Omaha. Already there has been about \$20,000 secured here, and it is believed that the balance of the stock will be taken just as soon as the plan is fully understood, and the advantages offered fully realized. There are similar assemblies at Crete, Neb., Ottawa, Kan., and other points, and they have met with wonderful success. They draw to those points thousands of people every season. It would be a great thing for these two cities if, by the establishing of such an assembly, a like number could be drawn to this railway center, which could be done more easily than at any other of those points, or at any other in the west. Those having the movement here in charge are looking beyond even this, however. It is not their purpose to establish merely a local assembly, which would draw a few thousand people from a comparatively small surrounding district. The purpose is not to get up a rival local assembly, but in fact establish literally the chautauqua of the west, a national center, fostering and accommodating the local assemblies. These local assemblies will continue to serve their purpose and continue to prosper, but the west needs just what the east has at Chautauqua, N. Y. There are many who cannot go to Chautauqua, N. Y. If like accommodations were secured here, and money enough put in to secure in like manner men of national reputation for instructors, entertainments, etc., during the season, there cannot but be drawn here as large crowds as yearly gather at Chautauqua, N. Y. There is here a large tract of chautauqua at some point in this part of the country, and probably another on the Pacific coast, and in time another somewhere in the south. Council Bluffs and Omaha might as well secure these local assemblies, and get them away, as they surely will if our people are not up and doing.

THE CHAUTAUQUA.

On the market for over twenty years. Still the most reliable and the most popular sewing machine made. The light running Domestic. Office 105 Main st. For Rent—Store room 20x60. Good location for any kind of business. Oliver Lower, 1023 South Main st. J. B. Christian makes a specialty of buying grain on track for Chicago, St. Louis and Burlington. Chicago markets first and foremost. Office, 419 Broadway, Moore & Klippinger, 419 Broadway.

ATTACHED TO THE TEAM.

Officer Nicholson and Deputy Marshal Barhyte yesterday experienced a little difficulty in serving a writ of attachment on Chris Acton. The latter was formerly a resident of this city, but now resides in Omaha. He is engaged in hauling corn across the river, and drove up to the city scales to wait for a load. The deputy marshal had the writ in his pocket, and when he was out of the police station and asked the man if his name was Acton. Being answered in the affirmative, the officer retraced his steps and informed the deputy. Acton evidently "smelt a rat," for he speedily leaped to unhitch his team and was ready to drive away when the officers came out and tried to read the writ. Acton whipped up his horses and tried to drive over them, but Deputy Barhyte jumped into the wagon and applied his patent throat gag, and the team was brought to a standstill. Acton cried and claimed the team belonged to his wife, but he had to go home without it. The writ is in favor of A. D. Beardsley, the druggist, and covers a debt incurred by Acton some time ago. The team was run across the river, and yesterday was the first time that the officer had an opportunity to capture the game, and he was determined not to let the chance slip.

THE DISTRICT COURT.

The direct testimony in the case of Richardson vs. Scott was all taken in the district court yesterday by 3 o'clock, and the plaintiff then introduced the rebuttal. The case occupied the attention of the court during the entire day. It is doubtful if the case can be submitted to the jury by to-morrow night. A letter was received from Judge McKeen, asking to have a new panel of sixty jurors prepared for the trial of the Coffman case. The court decided that the number asked for was larger than necessary, and ordered the sheriff and auditor to prepare a list of forty-five names. It is probable that there will be no difficulty in selecting twelve who will be competent. The new panel is as follows: J. B. Mathews, C. Hilbert, William Hatze, C. W. Wepner, O. O. St. John, W. M. Cronch, P. Thomas, J. L. McKey, A. Bostock, W. C. Baker, J. A. Price, William Schoening, G. Larson, Henry Cook, E. J. Abbott, C. H. Crispin, John Wayne, B. T. Connor, E. H. Hanson, H. C. Hartwell, James McGinnis, John Larke, R. E. Jones, Fred McKeen, P. C. Rayburn, A. Wunder, F. Lowe, Henry Leaders, John Book, Thomas Mayhew, C. D. Laporte, L. Hunter, I. Timberman, E. H. Sherman, Simon Reynolds, M. C. Hedlin, J. E. Chautauqua, N. Y., and at every local assembly ground has demonstrated that financially, socially and morally such an enterprise cannot but succeed. At Chautauqua, N. Y., the surplus last year above expenses reached nearly \$40,000. That enables the association to provide a rich programme for the following year, and add to the accommodations. What has been done east can surely be done west, especially when in this location there are so many more advantages than are presented at Chautauqua, N. Y. If you want to buy a lot to build a house on, or buy a home cheap on easy payments, see Tipton, "the real estate broker."

FOR RENT—THE ST. JOSEPH HOUSE.

Good location. 25 rooms. Oliver Lower, 1023 South Main st.

SPECIAL SALES THIS WEEK AT 401 BROADWAY.

Wool dress goods 20 per cent discount. Wool blankets 20 per cent discount. Ladies' underwear 20 per cent discount. These are best of bargains. Improve the opportunity early for purchase. New goods arriving. New Embroideries, Silks, Carpets, Curtains. Do not forget the place. HARKNESS BROTHERS, 401 Broadway, Council Bluffs.

TROUBLE OVER TITLE.

There is a little war started over some of the lots in Brown's subdivision, near the river. Yesterday James Seguin, who claims to be the owner of lots 1 to 15 in block 32, along Eighth avenue, hauled onto the ground a lot of heavy bridge timbers, which he proceeded to put in line along and across the lots so as to secure possession of them. The "squatters," as they are termed, who claim the right to the lots concluded to remove these timbers, and not allow the lots to be thus forcibly taken possession of. The timbers will probably be put back to-morrow, or some other steps taken to secure the lots. The case is a controversy liable to get into court.

SHALL UTAH BE ADMITTED?

The Subject Discussed Before the Senate Territorial Committee. A VERY SPIRITED DEBATE.

Delegate Caine insists that the Application is made in Good Faith—Views of a Gentle Representative.

THE POLYGRAM PROBLEM.

WASHINGTON, Feb. 18.—The senate committee on territories gave a hearing to-day upon the admission of Utah as a state, to Senator McDonald, who discussed the legal features of the case and argued that the power of congress to compel submission to any regulation with regard to the marriage relation was not impaired by the admission of Utah as a state. He claimed congress had no right to keep a territory out of the union of states after its people had fulfilled the conditions and complied with the requirements prescribed for admission. The committee took a recess at 2 o'clock, after which Delegate Caine and Judge Jeremiah Wilson addressed the committee on the subject. Delegate Caine said the people of Utah had on four separate occasions asked admission. One obstacle was polygamy. There was but one point in the constitution adopted about which there could be any question and that was whether the twelfth section embodied the honest views of the 18,256 men who voted to ratify the constitution. Polygamy and bigamy misdemeanors, punishable by fine and imprisonment. He declared upon his honor as a God-fearing man, that the people of Utah did not intend to accept the constitution if it was to be admitted as a state in violation of the law of the land and intended to enforce it in the new state. Mr. Caine defended his co-religionists of Utah against the charges brought by various writers. Those who oppose statehood for Utah, he continued, care nothing for the religion or morals of the Mormons. It is their politics which they oppose. If you satisfy them you must disfranchise every Mormon on account of his religious belief. Delegate Caine also addressed the committee. He denounced the people of Utah. The Mormons had never broken a promise nor betrayed a trust and therefore their sinfulness in this matter ought not to be questioned. Delegate Dubuis, of Idaho, addressed the committee in opposition to the petition for admission. He admitted the population of Utah to be sufficient so far as numbers go to entitle the territory to statehood, but declared that the people of Utah had not imported directly from Europe by the Mormon church. Even with an inefficient police force the number of arrests was enormously disproportionate to the population. A vast majority of persons arrested were convicted. Utah had been blessed with a superior climate and soil. She lay on a direct line between the gold and silver belts of the world. Her population was only 100,000, while California had 1,000,000. Her territory was only 100,000 square miles, while California had 1,000,000. Her population was only 100,000, while California had 1,000,000. Her territory was only 100,000 square miles, while California had 1,000,000.

DELEGATE CAINE SAYS THEY CHEATED HIM.

KANSAS CITY, Mo., Feb. 18.—[Special Telegram to the Bee.]—Cuthbert Powell filed a petition in the circuit court to-day praying that a receiver be appointed for the copartnership of Harnsey, Millett & Hudson. The petition alleges that the plaintiff formed a copartnership January 15, 1887, with Harnsey, Millett & Hudson for the purpose of publishing the Live Stock Record and Price Current, afterward changed to the Kansas City Live Stock Record and Farmer. He put in \$2,500 with the understanding that the plaintiffs were to put in a like amount. They have, he says, only put in \$100. He was to get one-fourth of the profits, and the petition alleges that the firm made \$20,000 of which the plaintiff has received nothing.

DISAPPOINTMENT OF STRIKES.

KANSAS CITY, Mo., Feb. 18.—[Special Telegram to the Bee.]—Stone Mason's Union No. 5, of this city, has issued an interesting circular. It is addressed to all those who contemplate building this season, and assures them that they need have no fear of trouble arising through the union. "We consider strikes injurious to the public and condemn them," it says, "bearing in mind that we are prepared to undertake any work as reasonable figures as have heretofore been paid. We will give bond to complete the work as the plans and specifications call for."

FATAL COASTING ACCIDENT.

JANESVILLE, Wis., Feb. 18.—A heavy double sleigh, bearing a party of coasters, collided with a farmer's sleigh at this place this morning, fatally injuring Richard Lee aged eight. Several other children were considerably hurt. The silk-finished Venetian veillings are exceedingly delicate and beautiful. These come in plain shades of golden bronze, olive, Roman blue, terra cotta, moss-green, and other fashionable colors, and in many hued and neutral tints, strewn with delicately colored buds and blossoms. These fabrics will be made to order for the summer season with slight draperies and plain full skirts.

SPECIAL NOTICES.

NOTICE. SPECIAL ADVERTISEMENTS, such as Lost, Found, For Rent, For Sale, To Let, Wants, Boarding, etc., are inserted in this column at the low rate of TEN CENTS PER LINE for the first insertion and FIVE CENTS PER LINE for each subsequent insertion. Leave advertisements at our office, No. 12 Pearl Street, near Broadway, Council Bluffs, Iowa.

WANTS.

WANTED—A position as bookkeeper by a competent man in a first-class wholesale house. Address G. H. Lee, city office, Council Bluffs. FOR SALE—A prominent doctor with a good practice in a town of 2,500 inhabitants. In responsible position. Leave advertisement at our office, No. 12 Pearl Street, near Broadway, Council Bluffs, Iowa. WANTED—To exchange land in central Nebraska for Council Bluffs property. Apply to Council Bluffs Lumber Co. FOUND—On Main st., a double-action, self-cocking revolver, .32-caliber. Left at police station. FOR RENT—Part of my office, No. 60 Broadway, opposite new postoffice. Dr. C. B. Judd.
