

THE WEEK IN SOCIETY

THE METROPOLITAN CLUB BALL.

The Carnival of Months—Miss Alexander Entertains—The Barker Hotel Club Ball—Omaha Guards—Hesperion Leap Year Party.

The past week has been an exceedingly active one in social circles. Notwithstanding the beginning of Lent during which period all devotees of society pleasures are supposed to remain in mourning, the cheerful interpretation of the commandment of the church permits dinner parties and home entertainments. ONE OF THE most pleasant socials of the season at the Hotel Barker was that of the card party given by Mr. and Mrs. Edwin Davis on last Thursday evening in their rooms at the hotel. Games of various kinds were indulged in to a late hour, when a delicious lunch was served, which everybody enjoyed to the utmost, and all bade goodnight to Mr. and Mrs. Davis, feeling it was well to have been the friends of so pleasant a host and hostess.

THE OMAHA CLUB has long been considered one of the strongest and best conducted social institutions in the west. It has at the present time a membership of 305, most of whom are wealthy and prominent citizens. Since its organization it has been distinguished by its strength and power and now ranks among the first clubs in the country. The spacious rooms at the Barker hotel, which have been found to be rather small and during the preceding twelve months they were so crowded that it was decided to secure quarters that would be amply large enough to meet the requirements for many years to come.

The directors chose the new United States national bank building as the most desirable site, occupying as it does one of the best locations in Omaha. It is in the heart of the business portion of the city and easily accessible from all directions. The entire fourth floor and over one-third of the fifth floor were leased for a term of five years with the privilege of an annual lease for one year for the next two months. Painters, freemasons and upholsterers have been constantly at work. They are now practically completed and the formal opening will occur at an early date.
