gain of 300 will be noticed in cattle and a loss of 1,800 in hogs. As a matter of fact the decrease in the receipts of hogs is due to the tie-up on the B, & M. lines. load of 246-pound hogs at \$5.85. Nelson & Young, heavy shippers of Oak-land, marketed a load of 35c hogs. R. H. Knapp, president of the Cedar Bluffs bank, came in with a load of cattle.

There was a falling off in the receipts of cattle to-day as compared with yesterday. The general quality of the offerings was not as good and there were no top loads to be compared with those of yesterday. The market opened fairly active in the morning, but the early trading was limited, for the most part to butchers' stock, which was in good demand at about steady prices. Beef cattle sold about 10c lower but were fairly active at the decline. The greater part of the cattle changed hands before the close. market.

Mr. Stewart, of the firm of Soewart & Andrews, Emerson, was here with a load of

on the market. A practical shipper should know exactly what every pound of meat costs him to produce.—Drovers' Jonanal.

The hog market was lightly supplied to-day there being only twenty-seven fresu loads on sale. The offering were mostly of rather indifferent quality, although there were a few fair loads of their weight. There was nothing in the way of choice heavy hogs. The market was very brisk to open, from the fact that the receipts were so light that there were not enough to go around. A few of the first sales were made at about steady prices, after which the market dropped off 5@10c. The receipts came in the same as yesterday, a few cars at a time, and the market did not close until afternoon. The tarket closed in most cases 10c lower. The strike on the H. & M. is getting in its work on the hog receipts, which show a heavy falling off as compared with last week.

one load of cattle, came in with him. Alexander McNeil, Caucus, Kan., stopped at the yards on his way to England, where he is going to take charge of an importation of Clydesdale stailions for the Kansas Live Stock company. This company has imported horses several times before.

OMAHA WHOLESALE MARKETS. Produce, Fruits, Nuts, Etc.

Wednesday, Feb. 29.

The following quotations are wholesale and not retail. Prices quoted on produce are the rates at which round lots are sold on this market. Fruits or other lines of goods requiring extra labor in packing cannot always be supplied on outside orders at the same prices quoted for the local trade. Rates on flour and feed are jobbers prices. Prices in grain are those paid by Omaha millers delivered. All quotations on merchandise are obtained from leading houses and are corrected daily. Prices on crackers, cakes, etc., are those given by leading man ufacturers.

The market ruled quiet to-day, and prices though strong are given unchanged. The receipts of butter were light, with 20c paid for choice country rolls. Eggs were also in light supply, and 16c was given as the ruling price, although sales were noted at 15c. Very little poultry came to hand, and all offered sold readily at former quotations. Potatoes still move off slowly and there is no change to note. The demand for green fruit is light and prices enchanged.
