Mr. Kahn is interested in a large cigar factory in the east, and is pre-pared with the best facilities for the manufacture of eigars and anything in this line. He has also the control of all the different brands and sizes of Julius Ellenger & Co.'s fine Key West Havana cigars, of which he carries a com-plete line. The BEE bespeaks for the Gotham a bright future, and recommends all those who are lovers of the weed to call and see for themselves, as this institution will undoubtedly be a popular resort, and Mr. Kahn is deserving of much credit for furnishing this city with so elegant an establishment.

Good News For the Ladies.

You can now parchase vapor stoves on credit at cost prices. We desire to inform the public that the manufacturers of vapor stoves, better known as gasoline stoves, have formed a combination on this well known article. Therefore all dealers in Omaha ask the same price for their stoves. The People's Mammoth Installment House, 613, 615 N. 16th st., between California and Webster, has secured the sole agency or Omaha for the celebrated "Univer sal" stove. They now offer these grand stoves on easy weekly or monthly payments at exactly the same prices that others ask for cash.

KNIGHTS OF LABOR DISPLEASED. They Ask For the Re-Instatement of a Janitor.

The county commissioners yesterday afternoon had another call from a delegation of the Knights of Labor, and the whole outfit went into star chamber session that lasted until long after 5 o'clock. To a BEE reporter Chairman O'Keefe, of the commissioners, stated that the conference had reference to the employment of janitors and their salaries employed on the county building. The Knights of Labor feel that \$2 a day is not a sufficient recompense, but in this view the commissioners do not agree with them. Mr. Gorman, a displaced janitor, is also a dis-turbing factor in the ranks of the Knights, and they requested that he be re-instated. To this request the commissioners replied that they would take it under consideration, and would give their answer in a few days.

Why a Policeman Wishes to Resign-

Other Policemen Reinstated. Commissioners Hartman, Bennett and Gilbert were in attendance at the meeting of the board of police and fire commission held last night. The charges against Officer Brady made by Kate Bell were not sustained. Officer Foley, who had his star taken from him while asleep on his beat by Sergeant Haze, was reinstated, it having been proven that Foley had been overworked. In the case of Officer Walker, who had failed to respond to the hourly calls, the committee on men and discipline were ordered to investi-gate. A like disposition was made of the charges against Officer Bloom, charged by a charges against Officer Bloom, charged by a traveling man with drinking while on duty. The same committee was directed to act on the resignation of Officer Warren Hagey, who resigns for the reason that he is opposed to the prevailing rule that policemen are not permitted to talk to people while on duty or enter saloons. This, in Mr. Hagey's opinion, is not right inasmuch as a policeman is supposed to know everything that is is supposed to know everything that is going on. Chief Galligan recommended that J.

Two Orphans and Tailors Will Move. It is one of the characteristics of our thriving city that live business men will not be here very long before their business expands beyond the limits of their expectation. As a new illustration of this The Two Orphans, who started their well known clothing store at 1113 Farnam st., a little more than two years ago, have done such a flattering business that they have been for some time on the lookout for larger and more centrally located salesrooms. We have just been informed that they have eased the Falconer corner, Douglas and 15th sts., and that Mr. S. L. Andrews has associated himself with some capitalist in the east to give additional financial strength to the house. The new firm will be styled the S. L. Andrews Clothing Co. They will fit up the entire building in a manner adapt ed to the wants of a first-class clothing store in a city like Omaha and will be ready to make the change some time in April. They promise that their new stock of Men's Boys' and Children's Clothing and gents' furnishings, for

which they will negotiate with the eastern members of the firm, shall be one of the finest ever exhibited here, and with this object in view Mr. S. L. Andrews will go east in a few days. For the sake of disposing of their old stock as speedily as possible they will commence, at once, to sell their entire line without regard to cost at their old stand, 1113 Farnam st., intending to
