CHICAGO PRODUCE MARKET.

CHICAGO, March 19 .- [Special Telegram to the BEE. |-There were some very powerful influences at work for the wheat bears this morning and those gentlemen who depend upon breaking the market for their profits succeeded in hammering prices down to the lowest point yet reached. Among those in fluences were warm weather, much smaller decrease in the visible supply than had been expected, small exports, and, above all, greatly increased receipts in the northwest. Against all these things about all that could be urged was the better tone of foreign markets, lilness of the German emperor and reported crop damage. Hutchinson, who is estimated to have bought between 3,000,000 and 4,000,000 bushels of wheat Saturday, was about the heaviest seller to-day. May wheat opened at 78%c, sold down to 78%c, up to 78%c and hung there for a long time. About noon the decline began and did not stop until 78%c was reached. The 1 o'clock close was a 78%c. June wheat opened at 79c, sold up to 7914@79%c, down to 78%@78%c and closed there at 1 o'clock. The decrease in the visi-ble supply was 408,000 bushels. Duluth in-creased 285,000 bushels. Considering the decline in wheat, the corn

market held quite firm, closing but little lower than Saturday, and at one time advancing 1/5c under good buying, chiefly by one strong commission house. There seemed but little corn for sale early in the session, but when wheat broke off there was encourbut when wheat broke off there was encouragement enough for short sellers, and they hammered off all the advance that had been gained. May corn opened at 51%c, sold down to 51½c under the influence of larger receipts than were expected, then advanced to 51½c, falling back later to 51½c and closing at 1 o'clock at 51½c. June corn opened at 51½c/651½c, sold up 40 51½c, down to 50½c/650½c and closed there at 1 o'clock. There was an increase of 86,000 bushels in the visible was an increase of 86,000 bushels in the visible

There was on There was only moderate speculative trade in oats and the only fluctuations were in the May delivery, which opened at 31c, sold up to 31%c, back to 31c and closed there at 1

o'clock.

In provisions slow delay was experienced, trading was limited and without special feature, the cash product sold sparingly and the business transacted, all told, was under the average. The feeling was also easier, though lard was the only article showing anything armeables, weakness. In lard anything approaching weakness. In lar-the net decline suffered was 5c. Pork stoo at 1 o'clock 23c under Saturday's closing. Short ribs closed unchanged to 23c lower. AFTERNOON SESSION—Wheat steady, May

closing at 78% c bid, July 78% c. Corn steady, May closing at 51% @51% c sellers. Oats easier. Pork was unchanged; May sold and closed at \$14.10@14.12%; March closed at \$14.00 and June at \$14.15 bid. Lard was steady. At the closing buying prices stood at \$7.52\(\frac{1}{2}\) for March, \$7.57\(\frac{1}{2}\) for May, \$7.62\(\frac{1}{2}\) for June and \$7.67\(\frac{1}{2}\) for July.

CHICAGO LIVE STOCK. CHICAGO, March 19 .- [Special Telegram to

the BEE. !- CATTLE-Business was fairly active considering the big run last week and the big run to-day. A large number went over the scales during the forenoon, but light "little" cattle had the call and were more eagerly sought after, especially by dressed beef dealers. There was also a fair demand for big cattle and \$4.75@4.80 bought prime steers good enough for export, alive or dressed. Medium, which form the bulk of the supply on all occasions, were neglected. the last to be looked at by buyers and the hardest to sell. Some salesmen quoted prime steers not over 10c lower, medium 15c off and prime "little" cattle about steady. The best grades of butchers' stock, which includes first class cows and heifers, remain steady. Low grade butchers' stock, including thin and common bulls, old thin cows and canning stock, were slow and rather weak. Steers, 1350 to 1500 lbs, \$4.40@5.20; 1200 to 1350 lbs, \$3.90@4.50; 950 to 1200 lbs. \$3.00@3.90 Stockers and feeders, \$2.35@3.60; cows, bulls and mixed, \$2.00@3.40; bulk, \$2.50@2.70; Texas grass steers, \$2.95@3.50; fed, \$3.50@

4.25.

Hogs—Business was active and prices steady as compared with Saturday. Both packers and all leading shippers, except packers, who went into the market later on.

Best heavy made \$5.46 were active buyers. Best heavy made \$5.40 @5.50, to average around about 300 lbs., and all good; mediums, say 240 to 250 lbs, and closely assorted, \$5.35@5.40; mixed, \$5.25@ 5.30; assorted light, averaging 130 to 170 lbs., made \$5.15@5.25; light, averaging 120 to 140 lbs., made \$5.00@5.10.

FINANCIAL.

to the BEE.]-STOCKS-The New York stock market went contrary to general exsectations to-day and instead of being weak ad declining, as on Saturday, advanced almost steadily and closed at nearly the outside figures, showing advances of %@1%. points. Louisville & Nashville, Chicago, Burlington & Quincy and Union Pacific headed the list. As these stocks have shown the most declines of late, the reaction was only natural, owing to the increased short interest a decline creates. Western Union advanced 114, Missouri Pacific 114, Northwestern 1%, Lake Shore 1%, St. Paul %, Erie %, Richmond Terminal % and Lack-awanna 1% points, Wall street gossips had it that Chicago operators were short 100,000 shares and Cammack 70,000 shares. If the Chicago operators are short to any such extent the bulk of them were put out at prices materially above the present and undoubt-edly show good profits. Although timid shorts bought some stocks, the greater part of the business was by professionals, who were evidently trying to get the market up to sell and help their bull friends unload. The settlement of the Atchison strike created a better feeling among the bulls, but they are still too timid to take hold with any degree of freedom. London bought a little Louisville & Nashville and helped the advance. The total transactions were 173,777 GOVERNMENTS - Government bonds were

GRATEFUL .-- COMFORTING Cocoa Epps's

BREAKFAST.

"By a thorough knowledge of the natural laws which govers the operation of digestion and natural tion, and by careful application of the fine properties of well-selected Cocon, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save as many heavy doctors bills. It is by the judicious use of such articles of diet that a constitution may be gravially built up until strong eneigh to resist every tendency to disease. Hundreds of subtle maindles are floating around us ready to attack whorever there is a weak point. We may escape many a fatal shart by keeping currelyes well of thick with pure blood and a properly goardshed frame. —Civil Service franctie.

Made simply with boiling water or milk. Sold only in half pound this by Grocers labeled thus.
