Nipped a Diamond Ring.
While August Nelson was out of work Swan Thurston kindly took him into his home at 1922 Cuming street, and sheltered him until he could find employment. Day before yesterday Nelson turned up missing, and at the same time a \$95 diamond ring disappeared. Yesterday Sergeant Sigwart saw Nelson at a pawnbroker's shop trying to dispose of the ring, and as the fellow's actions were decidedly suspicious he concluded to run him in as a "suspect." He reached the station with the prisoner just in time to find Thurston there leaving a description of Nelson and the ring with the captain.

IMPORTANT TO TAXPAYERS.
County Attorney Simeral Submits a Decision Regarding Them.
There was a full attendance of the members at the regular meeting of the board of county commissioners held yesterday afternoon. The appended important opinion from the county attorney was read and placed on file:
The County Commissioners, Douglas County, Nebraska—Gentlemen: Your communication of J. M. Wilson of March 21, 1888, referred to me in regard to a mistake of the assessor for assessment of taxes in Council's addition for my opinion has been duly considered. I find upon examination of the statutes, that section 146 found on page 144 of the compiled statutes, governs this matter, and according to that county commissioners shall have no power to release, discharge, remit or commute any portion of the taxes assessed or levied against any person or property within their respective jurisdictions for any reason whatever. There are but two ways by which these mistakes can be corrected, either one of which would afford relief: First, the parties assessed begin suit in equity setting up the facts, and your honorable board may instruct me to permit a decree to be entered as prayed for in the plaintiffs petition. This would result in a decree of the court ordering the taxes to be assessed for the amount justly due. Or another way, but one which would perhaps not be so free from objection is for the party to pay the amount into the treasury and then by a resolution of the board have the excess returned to him. This, though, would apply only to the county, and the same trouble and annoyance would have to be gone through with in regard to the city council. I would suggest that you communicate with the parties and suggest to them that they institute proceedings before the court for the purpose of having the matter settled. Yours very truly,
E. W. SIMERAL,
County Attorney.

FROM THE BLIZZARD'S HOME.
Solemn Messages of Condolence With a Flavor of Wild Western Humor.
New York Star: On a page with other humorous incidents of the great storm was the recent yesterday at the mayor's office of several dispatches from different towns and cities in the far, wild west, tendering sympathy with delightful assurance, sympathy and aid to the storm-stricken inhabitants. St. Paul telegraphed:
St. Paul, Minn., March 14.—To Mayor Hewitt: The city of St. Paul sympathizes with you in your sympathy for the damage to life and property occasioned by the blizzard storm of this city. Unaccustomed to storms of such phenomenal severity as to cause railroad isolation from the outside world, and never having had people frozen to death in the streets, we shall be glad to contribute to any relief fund which may be started by your afflicted people. Weather yesterday mild and beautiful. Signed by J. M. O'Connell, Bismarck Tribune.
On top of this came the following:
Bismarck, Dak., March 14.—Subscription papers reported passed throughout Dakota for aid of storm sufferers in New York and surrounding country. Citizens of the territory express deep sympathy for your people and are responding liberally. Would you prefer clothes or food, or both?
Huron, Dak., March 13.—To Mayor Hewitt: Huron, Dak., under a mild spring sun sends her sympathy to blizzard-stricken New York. If needed, you may draw on us for \$50 to relieve the storm sufferers.
