LINCOLN EDUCATIONAL MATTERS

Meeting of the Board—Providing For the Prompt Payment of Police-men's Salaries—The Chautauqua Circle—City Items.

[FROM THE BEE'S LINCOLN BUREAU.]

The Missouri Pacific corporation is recognizing the handwriting on the wall and is preparing to incorporate a railroad company in Nebraska as required by law.

The board of education held an important business session on Monday evening, at which the usual routine of the board was followed.

The city has passed an ordinance that went into effect yesterday which will be of much good to the police force and assist them in getting their pay without having to share their earnings with some bank.

Justice Cochran, after hearing arguments, has dismissed the case brought by J. H. Dean against the B. & M. special police for assault committed on the depot platform last week.

The capital city Chautauqua circle held one of its interesting sessions last with the following programme: Reading—"Translation of Virgil's Story of the Aeneid."

The following notice of interest to many Lincoln people will attract the attention of the gentlemen employed in the office of the Lombard Investment company of this city who were received yesterday.

Married—At the church of Our Savior, Longwood, Mass., on Tuesday morning, April 1, 1888, by the Reverend Reginald Howe, R. Lombard, Jr., and Miss Rosie B. Massey.

With the coming of spring the base ball fever breaks out anew. The latest in this line is the organization of a city league that will be composed of clubs from the B. & M. headquarters, the Journal office, the H. T. Clark drug company, the university, the Democrat and News offices, the fats and the beans—in fact all classes—are entering the arena, and a female base ball club may be expected in the city before the season closes.

East Lincoln has been the quiet part of the city at all times, but the ravages of the small pox have of late so exterminated the citizens that they have asked for three special policemen, who have been appointed to serve until the small pox epidemic is abated.

The municipality of West Lincoln was in the midst of a hot election yesterday over the license question. A board of aldermen representing the license and anti-license tickets were working the polls for an election the entire day with much vigor.

Mr. W. W. Holmes, a well known and wealthy resident of the city, is lying dangerously ill at his home with paralysis. Mr. Holmes has been a resident of Lincoln for a long term of years.

The trustees of the Christian university met in Lincoln yesterday. Alvin Saunders and N. T. Gault, of Omaha, and Thomas Wilson, of Plattsmouth, were members of the board from abroad in attendance.

The May festival of music which the state organization is perfecting promises to be of exceptional interest. The rehearsals are largely attended and the workers enthusiastic.

Peculiar in medicinal merit and wonderful cures—Hood's Sarsaparilla. Now is the time to take it, for now it will do the most good.

HOW THE THING WORKED.

Nissen, the Hardware Man, Accidentally Shoots a Customer.

J. W. Beckstrom, a young farmer from Oakland, this state, arrived in this city Monday evening bound for southwestern Kansas on a prospecting tour.

He took down an improved Harrington & Richardson self-loading, 32-caliber revolver and undertook to show him how it worked.

Beckstrom fell to the floor in a faint, and the horrified proprietor and his attaches gathered around the prostrate man, thinking he was dead.

The wound was then carefully dressed and the patient seems to be getting along finely and will, in time, recover, should blood poisoning not set in.

Beckstrom, himself, says the affair was purely accidental, and the above account is taken from the narrative thereof. Nissen, however, asserts that the gun went off while he was closing it, but he was so horrified and confused that he probably does not know just how it occurred.

What Constitutes a Family Medicine? A preparation which is adapted to the relief and cure of ailments to which members of a household are most subject, and which is not only alleged to do this, but has long and unflinchingly proved its ability to do it, assuredly deserves the title of a reliable Family Medicine.

The sales of White Cloud are large and constantly increasing. That merit should thus meet with due appreciation is a source of much gratification to the makers.

Real merit has everything to hope for, and nothing to fear, from the most searching inquiry. Only the impure shun the light of day; the pretentious are the last to invite sober criticism.
