S. P. MORSE & CO. CAN RAILROADS CONSOLIDATE

A Case of Great Importance to Be Considered This Week.

MUCH DEPENDS ON THE RESULT Involving the Acquiring of the Atchison & Nebraska by the B. & M.—Court Notes of the Capital.

[FROM THE BEE'S LINCOLN BUREAU.]

On Thursday next the case of the state against the Atchison & Nebraska railroad for the forfeiture of the franchise of that road, on the ground that it has been consolidated with a competing line contrary to the constitution of the state, will be called for argument in the supreme court. The hearing will be one of great importance, as the questions involved are applicable to other lines in the state and the further fact will be demonstrated as to whether the roads in the state can in matters of this character continue to openly violate the laws of the land and destroy the very objects for which they were chartered by the state.

The call of cases in the supreme court, that meets on Tuesday next, will be the case appealed from the Tenth judicial district, to be followed by a call of cases on the foot of the Tenth. The cases on the docket from the Tenth district are as follows: Ole Anderson vs the state. State ex rel J. F. Burns vs Brown county. State ex rel De Forrest Richards vs Hugh G. McMillan. Lyman D. Pettit vs E. G. Asay, Jr. Watson R. Towne vs Joseph A. Spuks et al. H. A. Chamberlain vs H. K. Brown et al. R. W. Powers vs Chas. C. Craig. John Segar vs Lillie Segar. Franklin W. Brooks vs Abbie E. Dutcher. J. C. Cortelyou vs L. B. Maben et al; under advisement. Harriette Melton vs Angelina Balzerore. George Graves vs John C. Fritz et al. Frederick Everett vs William Esgrate. Ed Herscher vs Frank Malone & Co. C. D. H. Eisenman et al, appellants, vs E. F. Gallagher, appellant. Martin Devine vs Ira Burelson. David Connolly vs Edwin Giddings. Holt County Bank vs Toole, Livingston & Co. Thomas Curran vs Michael Luffus et al. Moses P. Kinkaid, appellee, vs Paris R. Platt, appellant. John McBride vs Ellis M. Lathrop. Wardner Bushnell and Gleason vs Wilson Hoxie et al.

DISTRICT COURT. Yesterday was motion day in the district court and a large number of motions and orders were passed upon. The court will be engaged for a week yet before the final adjournment for the term. A number of new cases were filed yesterday, among them being the following: Mary J. O'Donald seeks for a divorce from her husband, John O'Donald, reciting that they were married in Port Austin, Mich., and that at the time of their marriage the defendant had a former wife living to whom he had been legally married and never divorced. Four months after marriage those facts were made

S. P. MORSE & CO. THE STAFF OF OUR EXISTENCE

How Bread is Manufactured and What We Pay For It.

THE PROFITS OF THE BUSINESS.

Reasons Why Wholesale Brokers Grow Rich—Some Very Fine Points on Flour.

The average Omahian sits down to his well filled table grooming with all the delicacies of the season and after tucking a napkin under the baby's chin, to keep the little one from soiling its dress during the meal, grasps his knife and cuts off liberal slices of the bread which the good wife has procured from the nearest grocer, and never does he occur to him that upon the loaf upon which he is so industriously laboring, the baker and the grocer combined have made a joint profit of 74 per cent, a fraction over 70 per cent of which is snugly ensconced in the capacious pocket of the former while the remainder has just been deposited in the till of the latter.

Strictly speaking, the profits exceed the figures mentioned inasmuch as the estimates made below are based upon the supposition that the baker uses nothing but the best brand of flour in compounding the article which forms the component part of our diet, when in truth these high priced brands are only used in the manufacture of the choicest loaves; the cheaper grades being substituted in the making of the ordinary ones.
