Savage is accompanying Mr. Smith, and both left for Custer last night.

Mr. Wolfe, the publisher of the work, has counted the names in the directory of this city for this year, which is soon to be published, and the footing is 40,374. This is an increase of 7,813 names over the year 1887, containing three persons to each house usually.

The population will be 121,112 for 1888—an increase of 24,405 over 1887. The directory will probably be ready for delivery late this week or early next.

### Twenty-four Hours Ahead.

Ira Nelson, a little girl about eight years old, arrived in the city Monday from Elkhart, Ind., on the Milwaukee road on a ticket sent her by her aunt Mrs. Anderson, who resides in this city. After remaining in the depot all day in charge of Officer Chamberlain her uncle dropped in to inform her that the train had arrived to-day and found to his surprise that the little one had reached here twenty-four hours ahead of time.

### The Coroner's Verdict.

The jury in the case of the death of little Herbert Grant returned the following verdict: "That the said Herbert Grant came to his death on Sunday, April 8, from injuries received from being run over on Park avenue by car No. 38, of the Chicago and North Western company. We believe that the death was the result of inattention of the driver of said car. The car was driven by S. Johnson.

Samuel Johnson, the driver of the said car that ran over and killed little Herbert Grant last Sunday afternoon, was arraigned before Judge Herge yesterday to answer the charge of manslaughter. He waived examination and was put under \$5,000 to appear before the district court. William A. Smith, superintendent of the car company, testified that his car, and he was released from custody.

### Runaway Girls.

The chief of police received word from the authorities at Chicago yesterday notifying him that "two young girls, hailing from Omaha, and who seemed to have plenty of money, were held there." The chief at once surmised that these were the runaways, Adele Erickson and Mary Lynch, who left their homes in this city last Friday evening. Captain Green was dispatched to the homes of the girls to ascertain the wishes of their parents in the matter. At Twelfth and Chicago streets the father of Mary Lynch was found, and he was bluntly informed that the officer had cared nothing one way or the other; his daughter could come home or stay away just as she pleased. At 1214 Cass street the Captain found Mrs. Erickson, and she was in great mental distress over the disappearance of Adele, whom she said was but twelve years of age, and she begged the officer to do what he could toward restoring her to her mother's arms. Mrs. Erickson blames her daughter's action on the Lynch girl, whom she says has been killed by the car, and she constantly of late, and who exercised a very bad influence over her. The poor woman had no money, but steps will be taken to secure the immediate return of her erring daughter.

### The Dead Identified.

The man who was killed by the Union Pacific switch engine Monday night was yesterday identified as John Stendorf, who resided in Melrose Hill, south of the poor farm. He leaves a wife and one child in poor circumstances. He is a brother of the contracting painter of that name, whose shop is on Jackson street, between Fifteenth and Sixteenth. The deceased was a broom maker by trade, but had worked at the trade for some time, his last work being at painting for his brother.

Both the deceased and the brother parted at the Chicago lumber yard, when the former walked upon the track on his way home, and a few minutes after lost his life. The deceased was in the habit of stopping on his way home at a saloon kept by George Jessen, near Sherry's packing house. Monday night the customary visit was not made, and yesterday Jessen mentioned the fact to the brother as also that the morning papers contained an account of the killing of a man on the track upon whose person, among other things, was found a putty knife. Monday night Stendorf was given such a knife by his brother, and he thought immediately flashed upon the latter that the dead man must be his brother. Jessen and Stendorf then visited Jessen & Maule's and identified the mangled remains. The inquest was held yesterday afternoon at 2 o'clock, the testimony being in accordance with the above facts and the railroad was exonerated.

Seidenberg's Figaro, the talk of the town, a 10c cigar for 5c. Max Meyer & Co., wholesale depot.

### Diebold Safes.

Meagher & Leach, general agents for the Diebold safes, have removed to 419 S. 15th, where they are carrying a large stock of all kinds of safes.

Mr. Carl Ostby, who has been employed by Helin & Thompson for the past two years, has accepted a position as cutter for Mr. T. P. Henshaw, Long Pine, Neb. Mr. Ostby is a first class cutter and Long Pine is indeed fortunate in securing so good a man.

### A CASH BUSINESS.

An Otoe County Farmer's Experience With "Cash" Men.

Samuel Cash, an elderly farmer from Tallmage, Otoe county, came to the city Monday to attend to the transfer of a piece of real estate. While waiting for an outgoing train at the Missouri Pacific depot in the afternoon, he made the acquaintance of a couple of agreeable gentlemen who wanted to locate in Otoe county. One of them, Captain W. C. Moore, resided on Seventeenth street, where he owned a piece of property he was desirous of trading for some of Otoe's tillable soil. "There was plenty of time would Mr. Cash walk up with him and take a look at it then they would return to the depot and he himself together to Otoe county. Mr. Cash was agreeable, but just before they got ready to start, Mr. Campbell, the other gentleman, remarked: "Before you go, Mr. Moore, just let me have \$300 and I'll arrange for the transfer of my household furniture by your return. You see, I'm all ready, Mr. Cash to move right out to Tallmage and take my chances with your enterprising and thrifty citizens."

"Goin' right on to-day, be you?" inquired Mr. Cash, with open mouth.

"Yes, by the next train."

At this juncture, however, after hurriedly going through his pockets, Mr. Moore discovered that he has left his pocketbook on the piano at his Seventeenth street residence. "Very unfortunate indeed," he ejaculates in chagrin, "but, maybe Mr. Cash can accommodate us until I reach my residence if he should happen to have so much cash with him, and I know he has for his name is Cash. Ha, ha, that's funny, isn't it?" and Moore familiarly slaps Cash on the back and he joins in the merry chaff.

"But to be more business like, Mr. Cash," continues the suave and valuable Mr. Moore, "here is a \$100 United States bond you can hold until we reach my house, and I return your money," and he pulled from his vest pocket one of those worthless old advertising bonds that have proven a channel of outlet for thousands of thousands of good hard-earned ducats of just such unsophisticated gullies as Mr. Cash.

The man from Tallmage, without ever thinking how improbable a thing it is for a business man to be carrying thousand dollar bonds around in his vest pocket, took the proffered paper, gazed at it a moment, and then drawing forth his own well-worn wallet, handed Mr. Campbell two bright, crisp \$100 bills. The latter hurriedly pocketed the money, and with hardly another word hurried out of the building.

After he had gone Mr. Moore and Mr. Cash started for Seventeenth street. They had traversed a block when it occurred to Mr. Moore that he must see Mr. Campbell a moment without delay, and if Mr. Cash would just wait there for the moment a brief spell, he'd quickly rejoin him.

Yesterday Mr. Cash came into the office of Chief of Police Sweeney, and asked him whether the bond was good for anything.

Anybody can catch cold this kind of weather. The trouble is to let go, like the man who caught the bear. We advise our readers to purchase of the Goodman Drug Co. a bottle of ANTACID, the California King of Consumption, Asthma, Bronchitis, Coughs and Croup Cures, and keep it handy. 'Tis pleasing to the taste and death to the above complaints. Sold at \$1.00 a bottle or 3 for \$1.50. C. A. J. COOK, CATER-CURE gives immediate relief. The Catarrhal virus is soon displaced by its healing and penetrating nature. Give it a trial. Six months treatment \$1.00, sent by mail \$1.10.

### NEARING THE END.

Mrs. Peter Berge Undoubtedly Will Die.

Mrs. Peter Berge who had her throat cut by her brutal husband on Sunday night is reported to be in a dying condition and ere many hours elapse will have passed away. It was thought at first that with her indomitable will she could survive the effect of the injury inflicted by her husband, but now, from loss of blood, accompanied by fever and hemorrhage have proved too much, and inside of a day or two at least, the newspapers will have another death to chronicle. Mrs. Mitchell, her sister-in-law, is at her bedside almost constantly and deeply deplors her brother's rashness.

Called at the county jail.

Mrs. Mitchell, a sister of Berge's and the father of Mrs. Berge, who had come on from Illinois in response to a telegram, called at the jail last evening and asked permission to see the prisoner. Mrs. Mitchell's face was suffused with tears, as she entered the corridor and at the sight of Berge she broke completely down and wept bitterly. The father of Mrs. Berge was also visibly affected, and after a short private conversation between the trio the pair of callers took their leave. When outside Mrs. Mitchell opportunely Sheriff Coburn and asked him what disposition would be made of Berge. The sheriff was frank with her and said that the case was a very aggravated and in the eyes of the law an unpardonable one. Should Mrs. Berge die the sheriff thought her cruel husband would receive but little leniency at the hands of a jury, and they would probably decide that hanging was not too good for him.
