of negro membership was never brought to the general attention of the order until the subsidiary high court meeting at St. Louis, in 1579. The New Light Lodge of New Or-leans scat a delegate to this meeting. His credentuals were attacked at once on the ground of his color. The same opposition was renewed at the meeting in New York, in 1880. The sentiment against negro membership has widened and deepened, until now an open revolt is fully determined upon as soon as the question is forced to the issue.

THE GRAND commandery of Knights Templar of Texas convened in El Paso April 18, On the morning of the 20th the conclave

started on an excursion to the City of Mexico. MAGNOLIA LODGE A. O. U. W. in San Fran-

cisco has 310 members. This lodge pays a sick benefit of \$10 a week, has \$8,000 in bank and has paid \$3,000 out of its general fund for double assessments for its members.

JOHN H. COLTON, the grand chancellor of Pennsylvania, the suspended Pythian juris-diction, is yet in the land of the living. Mr, Colton is proceeding on his way with remark-able cheerfulness. Mr. Colton is now endeavoring to increase the membership of the suspended jurisdiction by attracting new members to the order. To this end Mr. Col-ton has taken what is considered in some quarters a bold step by issuing the following

sircular: Frequent inquiries have, of late, been made concerning the right of dispensations to lodges to set aside altogether the requirelodges to set aside altogether the require-ments of their by-laws in regard to fees for conferring ranks. The constitution of sub-ordinate lodges (Art. XII, Sec. 2,) directs that "the fees for conferring the several ranks of the order shall be such as are pre-scribed in the by-laws of the lodge, but shall not be less than \$10 for the three ranks, ex-cent by wirthe of a discensation duly granted cept by virtue of a dispensation duly granted. Before the adoption of the constitution of 1884 a dispensation could not be granted to set aside altogether the fees for conferring the ranks of the order, so as to leave in ep-tional with a lodge to charge much, little or

nothing as the judgment of it members might direct. Ordinarily, lodges still limit their requests to dispensations to confer the three ranks for not less than \$6, which dispensations are granted whenever duly applied for.

Formerly this minimum charge was neces-sary, because the grand lodge constitution of 1575 limited the authority of the grand chancellor in this respect to the grand chan-cellor in this respect to the granting of spe-cial dispensations, "authorized by supreme lodge law:" but in the present constitution of the grand lodge, unanimously adopted in August, 1884, this restriction was stricken out, and the grand chancellor is now directed to grant dispensations to subordinate lodges "to set aside temporarily any requirement of the by-laws where the necessity of the lodge, as represented by an official statement there-

from, justifies it, the request therefor having been made by a two thirds vote of the members voting. (Constitution Grand Lodge, Art. III. Sec. 2.)

Upon such a request, so made, the mandate of the constitution to the grand chancellor s imperative; he "shall grant" it,

Puck: He had made his declaration of love, and it had been heard with a lowering of the fair head, a blush on the soft check; but he could not help saying something to fill in while he maited for her answer. "When I say I have never loved till

now," he said, "it is not an empty word. My lips have never touched the lips of any woman-except my mother's; my hand has never pressed a woman's hand; I do not dance; and my arm-"

A look of strange wonderment came over the beautiful face, and the deep eyes grew large as she listened.

'Is this true, George?" she asked, with hushed breath. "It is," he answered; "it is literally

true. The look of wonderment merged into

a glance of icy sternness as she rose to full height and confronted him. "Then, for heaven's snke, George," she said, "go somewhere else and prac-

tice till you get a record.
