setting well loaged and those who have been staggering along for months found an opportunity to unload at a profit and let others bear the burden for a while. It is like all other buil spurts and will have to run its course. Union Pacific was advanced over 1 point on the report that it earned 6 per cent on its stock last year. Pullman came to the front and advanced 34 on buying by German houses. The bear houses have been caught short of Grangers and in many instances run to cover deeming it safer to take a small loss than to fight a bull market. The Northwestern advanced 114 and St. Paul 34.

Offerings of bonds to the government today were \$3,022,000 and \$2,800,000 were accepted. This was good news to the bulls but as operators who had profits in deals were disposed to secure them, offerings became larger and despite free covering of shorts in St. Paul and Union Pacific by a large room trader the edge was taken off the advance the last hour and the close was decidedly ir regular, Louisville & Nashville showing a net de line of %, New England 3/4, and Pacific Mail 1 point. Lake Shore was steady. Advances ranged from 16 to 1%, the latter being on Manitoba and the former on Oregon Transcontinental. Northwestern was up 1 point, St. Paul 3/4, Reading 3/4, Lackawanna %, Union Pacific %, Kansas & Texas %, and Missouri Pacific 14. GOVERNMENTS -Government bonds were

OMAHA LIVE STOCK. Cattle.

Wednesday, April 25, 1888. To-day's cattle market opened quite brisk with handy little cattle in good demand and selling at very nearly steady prices. Heavy cattle were neglected to a great extent and were 5@10c lower. Under the influence of unfavorable reports from Chicago the market

eased off and closed dull. Even little cattle, unless they happened to strike the buyers fancy had to be sold a little easy. A very fair proportion of the receipts, over a thousand head, changed hands before the close. Hogs. The receipts of hogs only fell a few loads loads short of being as heavy as on yester-day. The market opened active on choice heavy hogs and strong, as high as \$5.40 being

The lighter and more common mixed which were not suitable for the Boston trade were not in as good demand and were lower. After the heavy hogs were about all taken the buyers proceeded to ham-mer prices down on the balance and the market clored 10c lower. The hogs were all sold, however, before the close.

Sheep. There was a few loads on sale but the market was very quiet and nothing doing. Receipts.
