A GOOD DEMAND FOR CASH CORN

Notwithstanding Liberal Receipts-Oats Also Rule Quite Strong-Provisions Lower-A Falling Off in Cattle-Quotations.

#### CHICAGO PRODUCE MARKET. CHICAGO, April 26.-[Special Telegram

to the Bur. !- The dry weather was an all powerful influence in the speculative grain markets to-day. Its influence was felt most in corn and oats, but it was sufficient to advance prices in the wheat market. There did not appear to be any great rush of buying orders, but when there was one to be filled, or when some short tried to cover, it was noticeable that sellers were scarce. When buying orders were not present the local crowd were "offering" prices down only to see a sharp reaction with any new demand. This feature of the market was shown when at one time the local crowd were offering July wheat at 83c. Chicago operators undertook to buy up some, and had to pay 83%c before getting 50,000 bushels. Trading was light. The crop news continues of the same tenor-altogether bad. A report from Cincinnati said the Price Current of that city, to whose estimates some attention is generally paid by the trade, placed the winter wheat condition in Ohio at 65, Indiana 70, Illinois 66 and Michigan 66, and estimated therefrom a shortage in the winter wheat crop of 45,000,000 bushels. The bears consider this a rather favorable estimate for them, as the reports circulated here for the past week or two would indicate a considerably greater shortage. A large pro-portion of the trading here now is "changing over" from May to the more deferred deliv-eries, chiefly June and July, which are now most dealt in. To-day, for the first time, the indicator gave the fluctuations of June as the leading option. June wheat opened at \$2c, which was yesterday's closing price, sold which was yesterday's closing price, sold early at \$13/c, then up to \$2\forall c, back to \$2c, up to \$2\forall c, and closed at 1 o'clock at \$3\forall c, which when the sold c at \$3\forall c, up to \$1\forall c, and closed at 1 o'clock at \$1\forall c \text{o'clock} at \$1\foral 81 c.
There was a good demand for the lower grades of cash corn to-day for shipment. The

quantity now loading into vessels is large, and the stocks are small. These things, not-withstanding the liberal receipts, made the shorts very nervous, and the bulls added to their uneasiness by a reminder that this dry weather, which prevails throughout the core belt was extrapolly but for the the corn belt, was extremely bad for the coming crop. The shorts, also found, when they tried to cover, that there was very little for sale, and they were compelled to pay higher prices. The demand was most urgent from the May shorts. Hutchinson was a good buyer early, but turned seller at near the top price, and helped to check the advance. May corn opened at 55c and after selling early at 54%c, advanced to 56% @56%c. fell back to 55%c, sold up to 56c again and closed at 1 o'clock at 55%c bid. June corn opened at 54%c, sold up to 55% @55%c, and

closed at 55½c.

The same talk of dry bad weather for seeding had the same effect of scaring the shorts in the oats market, the influence being felt in the oats market, the influence being felt most in proportion to the nearness of the month dealt in. May oats opened at 32½c, sold up to 33c and closed at 1 o'clock at 32½c. June oats sold from 32½c up to 32½c, and closed at 32½@32½c. July oats sold from 32½c to 32½c, closing at 32½c. August oats sold from 29½c to 29c, up to and closing at 32½c.

Provisions again ruled lower. In the absence of any particular support from any querter, and under the influence of good receipts of hogs, the opening in this market was at a material reduction in values. Initial sales of pork were made at prices 20c under last night's closing, while in lard they showed a decline of 5@73c and in short ribs of 73c. Later there was some recovery from this depression, but it was insufficient to regain the ground lost. At 1 o'clock pork showed a net

AFTERNOON SESSION-Wheat was a shade easier. May sold at 80%@81c on the split and 81%c, closing at about 81c. June opened at 8214c, sold at 82c, then to 8214c, with a few sales at 8214c, closing at 8214c. July closed at 8214@83c; December July closed at 821/@83c; December closed at about 85c. Corn lower. May sold from 551/4c off to 551/4c, closing at 551/4c, June closing with sellers at 541/4c, July plosing at closing with sellers at 54%c, July plosing at 54%65c. August was about 55c at the close. Oats were lower and active. May closed at 32%c bid. Perk declined 5c, and closed at \$13.60 for May, \$13.70 for June, and \$13.80 for July. Lard was steady. May closed at \$7.92%, June, at \$7.95, July at \$7.97% and August at \$8.02%. Quiet. Short ribs closed unchanged to 2%c lower, May being quoted at \$7.15, June at \$7.22%, July at \$7.82% and August at \$7.42%.

## CHICAGO LIVE STOCK.

CHICAGO, April 26 .- | Special Telegram to the BEE. !- CATTLE-"It's bad," said a salesman, "but it is not as bad as might have been expected." Prices were about 10c lower than yesterday, but sales were quite uneven. Thin and coarse cattle, especially heavy grades, were neglected and sold lower than anything else. Handy, fat steers of light and medium weights sold best. Fat light cattle sold higher than the ripe heavy grades. The common to fair kinds of beeves were in large supply, and while the general demand was good, buyers wanted considerable reductions on the strength of big receipts. There was a very heavy volume of business done, and not many cattle failed to sell. Fancy, \$5.00@5.35; shipping steers, 1350 to 1500 lbs, \$4.15@4.80; 1200 to 1350 lbs, \$3.85@4.40; 950 to 1200 lb3, \$3.70@4.20; stockers and feeders, \$5.50@3.70; cows, bulls and mixed, \$1.80@3.55, bulk \$2.60@3.00; Texas

fed steers, \$3.25@4.30.

Hogs—Trade opened with a sharp down turn of 5@10c, but at the cut business was brisk, the general market finally closing with the decline about regained. During the weak period the bulk of best mixed sold at \$5.45@5.50, and heavy \$5.55@5.60. Light sorts of 170 to 175 averages, sold largely at \$5.45@5.50, and light at \$5.10@5.40.

## FINANCIAL.

NEW YORK, April 26 .- [Special Telegram to the BEE. |-STOCKS-The stock market again started upward and higher prices were recorded on all active securities, with the exception of one or two fancies. The market continues to broaden and there are more stocks in it than at any previous time this year, although the advance has been good and rapid, and many of those who went in on the ground floor have unloaded, their place has been taken by fresh blood, and the upward movement continued with as much force as before. Easy money is still the chief stock argument of the bulls. It is claimed that the secretary of the treasury can and will put \$200,000,000 of money into circulation this year. The only way for him to do it is to purchase bonds, and should he secure that mount it would be one-fifth the bonded indebtedness. It is also claimed that the mere announcement of the secretary's willingness to purchase bonds will have the desired effect on the money market. There has been a large covering of shorts for the past three days and big shorts are said to be well out of the market. Operators who watch the market closely said the advance had been sufficient for the present and advised selling for a reaction, but said stocks were a good purchase on any material decline. The opening was rather easy, but, as on previous days, the dectines were fractional. London was a fairbuyer of Union Pacific and St. Paul, and prices advanced 1/4 to 1 point. The Broadway party took hold of Jersey Central after it had dropped Me, and the loss was regained. Gould is said to be behind the bull movement

THE SPECULATIVE MARKETS. A Texas was up 114 and Northern Pacific proferred 126. Bull points are still out on preferred 136. Bull points are still out on cotton oil stiffs and they acted erratically. New England and Richmond Terminal were quiet and only fractionally better. The market was filled with long stocks during the closing hour, and caused a weaker feeling and a decline in almost every stock on the list, and the bulk of the advance was lost. Burlington and Manhattan, however, were exceptions, and both closed firm at outside figures, the former showing a net gain of 214 points and the latter 314. #### OMAHA LIVE STOCK. Cattle.

Thursday, April 26, 1888. It was an off day in the cattle market. The packers were heavy buyers yesterday and were not in need of many cattle to-day. In addition to that the market was in such bac shape in Chicago as to discourage any spec-lative demand that might have been. F those reasons the number of cattle sold was comparatively small to what it has been for a few days back. Under the influence of the neavy decline in Chicago, the market here was 5@10c lower. Heavy cattle were almost entirely neglected by the buyers and were lower in proportion than the light and medium weight cattle. The market closed slow

Hogs.

To-day's hog market was in many respects very unsatisfactory and was a difficult mar-ket to report. The receipts were heavy but not as heavy as for the past few days. The market opened slow with the best hogs sell-ing about 10c lower than yesterday morning and in some cases salesmen had to take off 15c. A few loads reached \$5.25, which was the top of the market, but they were not as good quality as the hogs which sold at \$5.40 yesterday. Light and common mixed hogs vere very slow all day and 10@15c lower than yesterday morning. The hogs were not all sold until in the afternoon and then the market closed a little better, the feeling being, if anything, stronger.

Motor Experiments. Superintendent Smith, of the horse car company, said yesterday that they wanted no cable line in theirs. In a few years, and perhaps before that, a motor would be perfected which would do away with the cable, and when it was perfected the local cem pany would take hold of it. William Mc Laughlin, an Omaha inventor, had informed him only a few days ago that he would be ready in a short time to experiment with his notor upon one of the cars. Yesterday another car was placed upon the fair grounds street car line, making a total of five and rendering possible twenty min-utes trips instead of twenty-five minutes as heretofore. Superintendent Smith says that ten-minute runs will be made in a few weeks
