

ASSESSING RAILROAD TAXES.

The State Board of Equalization Meets for That Purpose.

THEY DO NOT PAY THEIR SHARE.

Occurrences at the State House—Stoncutters Strike Going On—Paving Matters—Residents Want Fourteenth Street Paved.

LINCOLN BUREAU OF THE OMAHA BEE, 1225 P. STREET, LINCOLN, MAY 1.

The state board of equalization met today at the office of the auditor for the purpose of assessing the railroad and telegraph lines in the state. The board consists of the auditor, treasurer and governor, the first two being in attendance, Governor Thayer not having returned from Nebraska City. The board will be in session for several days, and the representatives of the different roads will be in attendance to see to it that the assessment is made as low as possible. There were present at the opening of the meeting yesterday S. T. Higleyman, tax commissioner of the Missouri Pacific, who arrived from the south this morning, and G. J. Smith, land commissioner of the Union Pacific, who came in from Omaha on the early train. The assessment of a year ago was but slightly raised over the year prior, and the present assessment is far below that of Iowa. It is a fact worthy of notice in connection with the assessments of railroads that Mr. Ripley of the Burlington testified that the roads west of the Missouri river supported the main line of the Burlington in Illinois and Iowa. This testimony given before the Missouri legislature might be used to a great deal of advantage in making up a right value upon which to assess Nebraska railroads. The proceedings of the state board of equalization will be watched with much interest.

STATE HOUSE NOTES.

The bids for the improvement of the capital grounds will be opened on Monday next.

The new building at the home for the feeble minded at Beatrice will be finished this month.

The improvements at the blind asylum at Nebraska City will be completed by the 10th of the month, the board inspecting them yesterday.

Today a meeting will be held by the board of public lands and buildings and the visiting board of the Grand Island soldier's home for the purpose of formulating rules for the government of the home.

The live stock sanitary commission held a meeting yesterday and had under discussion the question of systematic vaccination among the dairy cattle of the state for the purpose of determining whether or no tuberculosis is abroad in the state. The prevalence of the disease in different sections of the east, the commission consider sufficient grounds for the utmost care in Nebraska. The commission is also making energetic efforts to entirely exterminate glanders in the state and orders have been issued to the assistant veterinarians to report specifically every case hitherto by them that no fraud can be practiced in the state.

A STRIKE AT HAND.

Some ninety days ago the stoncutters in the city gave notice to the different yards that beginning May they should work as wages \$4 per day of nine hours work. Yesterday was the day for the raise, if granted, to take effect, and the different yards, to one exception yesterday it was hard to determine whether the strike had been ordered or not, but it was generally understood that the demands of the men were not to be granted by the owners of the different yards. At Key's and Bullock's yards there was no work going on; there had not, however, been any work for a few days at either yard. At the yard of Stone, but the general opinion was that the strike was on. At Tyler's yard the men were at work up to noon, but it was expected that a strike would be declared there. There are fifty or seventy-five cutters in the different yards in the city, and they have been getting from \$3 to \$3.50 a day, and it is expected that the cutters want no classification in pay under their new demands. There is a good deal of work in progress in the city and on hand, and it is not certain what effect a strike will have on the progress of buildings.

PAVING CONTRACTS.

The movement has been made by the other of parties to reduce streets in places in the city to forty feet in width, paving out so as to leave that width for paving. There is a very general opinion that in some parts of the city this is advisable, but in others it is not. Especially is the latter true on thoroughfares leading into the city. One of the most important streets in the city is North Fourteenth; it is a section line and a thoroughfare for a large section of country. It leads to lumber and coal yards, then all the road yards and is the great highway to the state fair grounds. On this street are a number of handsome residences, and the owners of them seem to be a unit in getting the street reduced to fifty feet. The reduction gives them extra lawn room and makes the paving cost them less, but the general public cannot endorse reducing the street for their special benefit. Franchises for street railroads have been granted by the city on that street, and forty feet is too narrow to accommodate street cars, and the income from that street at certain times in the year. The smaller property holders desire the street at least fifty feet wide. The county intend to hold it that way, in which effect citizens generally will coincide in their views.

MARRIED AND HAPPY.

Last evening at the home of P. M. Mr. W. M. Woodard and Miss Helen M. Fletcher were united in marriage at the home of the bride's parents, corner of Nineteenth and K streets. Rev. T. Muehlhart, pastor of Grace M. E. church, performed the ceremony in the presence of the family and relatives. Mr. Woodard is a well-known attorney in the city who has a prosperous practice, and the bride is an accomplished lady, greatly esteemed by all her acquaintances. A bright and prosperous future is open to Mr. and Mrs. Woodard.

CITY BRIEFS.

One of the R. M. specialists who was walking through the yards with his revolver out, as though his life and the property of the company was in imminent danger, stumbled and fell, discharging his gun, the ball passing through his hand.

The republican primaries to elect delegates to the county convention will be held today in the different wards of the city. The wards have held their caucuses and agreed upon the ticket to support, and there is no evidence that any contest will be waged. The county convention will be held in Holman's hall Thursday.

A delegation of Seward democrats were in the city yesterday enroute to Omaha, and the state convention. While in Lincoln they had an opportunity of hearing both sides in the battle among democrats here in which the slaughter house wing scored such a victory.

The friends of Guy A. Brown, clerk of the supreme court, will be glad to learn that his winter in California has markedly improved his health. Mr. Brown will change from the California climate to that of Colorado Springs, Colo., where he will remain until July when he hopes to be home again at Lincoln.

The third of the series of lectures in the

Congregational church in this city was held last evening, Rev. E. S. Halstrom lecturing upon "Left-Handed People." The lecture course is proving a popular feature in the church, and the lecture last evening was one of the best.

Sheffey Whitney of Sarpy county landed in the penitentiary yesterday two new boarders for that institution. They are Thomas Davis, sentenced for five years, and Frank Brumbaugh, sentenced for one year, both for the very foolish and common crime of horse stealing.

Mr. L. M. Bartlett of Chicago has been engaged to conduct the May musical festival held in this city, commencing the 18th.

Ralph Kitchin, who won many friends in this city for two years while in the Capital Hotel, is visiting in town, coming from Kansas City, where his home has been the past year.

The mail facilities in and out of Lincoln have been increased by the new railway mail service put on the Republican Valley branch running from Lincoln to Valparaiso, Stromsburg, Sutton, and terminating at Alma in the Republican Valley.

The prospects for the druggists convention are of the brightest character. Articles for exhibit are already in the city from Denver, Chicago and New York, and many others are on the road.

Happy Homes.

Much has been written and said about how to make home happy. The moralist and preacher have "hakeneyed" this theme until it would seem nothing more remained to be said. But the philosophers have gone far out of their way to account for the prevalence of ill-assorted couples and unhappy homes, and have overlooked the chief cause. Most of the unhappiness of married life can be traced directly to those functional derangements to which women are subject. In nine cases out of ten the irritable, dissatisfied and unhappy wife is a sufferer from some "female complaint." A trial of Dr. Pierce's Favorite Prescription will produce more domestic happiness than a million sermons of philosophical treatise. It cures all those peculiar weaknesses and ailments incident to women. It is the only medicine sold by druggists, under a positive guarantee from the manufacturer, that it will give satisfaction in every case, or money will be refunded. See guarantee printed on wrapper enclosing bottle.

Arrested in the Jail.

One J. L. Wilson, an old timer in criminal acts, stepped into the county jail yesterday ostensibly to visit Jailer Joe Miller, whose hospitable bed and board he has frequently enjoyed. As he came in Deputy Sheriff Grebe identified him as being wanted at Lincoln for relieving a man of his personal possessions, and locked him up until such time as the authorities at that point could be communicated with. Wilson was greatly surprised over the turn of affairs, and expressed the belief that there is a mistake somewhere.

The "Pale Faces."

This is the generic designation of the white race bestowed by our copper-colored brethren, the "pale savages." The Caucasian, though many shades lighter, is not necessarily pallid. But when his cheeks have the parchment-colored tint, and his cheeks the hollowness indicative of a want of bodily stamina, he well deserves the epithet of "pale face." These facial indications should suggest a course of Hostetter's Stomach Bitters, an acknowledged rehabilitator of a failing strength and renewer of bodily substance. It is derived exclusively from botanical sources, is pure and efficient. Its invigorative action is prompt, thorough and speedy felt. Can the like be said of most tonics? Scarcely. Appetite, as well as the ability to satisfy it without subsequent discomfort, is renewed, and it effectively tones the liver and bowels. It fortifies the system against malaria and rheumatism, and remedies nervousness and kidney complaints.

The Santa Ana, Fairview & Pacific Railway.

The Santa Ana, Fairview & Pacific railway will be running from Santa Ana to Fairview within sixty days, and a contract has been made for a telegraph line over the route to be completed within the same period.

We would be pleased to know of a man or woman who has never had headache or been subject to constipation.

As these seem to be universal troubles a little advice may seem in order. Why should persons cram their stomachs with nauseating purgative pills, etc., which sicken and debilitate when such a pleasant and sterling remedy as Dr. J. C. Ayer's Bitters will act mildly and effectively on the liver, kidney, stomach and bowels, and at the same time tone up and strengthen the whole system; causing headache, constipation and all such distressing evils to quickly disappear.

Work Will Cease.

It was decided last night to stop work on the new Y. M. C. A. building until sufficient money had been secured to meet present and future obligations. The plans adopted for raising the requisite \$25,000 will be made known to the public by their being put into operation. Mr. Ed. T. Dahman, the new general secretary, who had arrived from Norfolk, Va., a short time before the meeting was called, to order, was present and made a short and lively address.

Preparations are being made to hold a reception in the hall Thursday evening of this week, in honor of Mr. Dahman.

An Absolute Cure.

The ORIGINAL ALBETHINE OINTMENT is only put up in large two ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and all skin eruptions. Will positively cure all kinds of piles. Ask for the ORIGINAL ALBETHINE OINTMENT. Sold by Goodman Drug Co. at 25 cents per box—by mail 30 cents.

The Mounted Patrol.

The mounted patrolmen, Shoop, Ellis and DeGraves, began duty yesterday. Four other new patrolmen were sworn in and assigned beats.

Reports of the fabulous wealth of the Lower California gold mines continue to become current, but all appear to radiate from the San Diego office of the Lower California Mining company, which is a mining stock in the corporation that has secured from the Mexican government the exclusive right to prospect in a large region of country during a term of years.

"Good, the more communicated, the more abundant grows."

The number and variety of uses to which White Cloud is applied are almost endless. Encontums come from workers in all sorts of materials, from all kinds of dealers and from domestic circles all over the continent.

White Cloud renovates marble, silver, brass, nickel, and zinc; it improves the gloss and color of cloths; it cleans painted and varnished surfaces; it brightens bric-a-brac, china and glassware.

When White Cloud is employed flannels do not shrink or get harsh; wool fabrics are kept light and fleecy. The family washing becomes a pastime rather than labor.

The skin is made soft and fair attesting the exquisite purity of this soap.

Airy and light as a fairy's boat, in glistening brightness does White Cloud float.

Ask your grocer for it, or send 10c for a prepaid sample to

BRING THE BOYS

This will be a week of rare opportunities for parents and all those who have boys to clothe. We will make a special effort in our Boys' department and will show some bargains which will eclipse anything ever before attempted.

Childrens Blouse Suits with beautiful embroidered collars, in sizes from 4 to 10, at 95c.

This suit has never been sold for less than \$1.50.

Knee Pant suits of all wool chevriots, splendid patterns, handsomely gotten up, sizes from 4 to 13 at \$2.75. Other houses would surely ask for such a suit, at least \$5.

Fine Blue Flannels, warranted indigo blue, beautifully plaited, sizes 4 to 12; as good a suit as is usually offered for \$5 or \$6. Our price is \$2.95.

We shall also offer this week some extraordinary values in Long Pant Suits. Elegant Cheviot suits, strictly all wool, of handsome colors and styles, well made, sizes from 12 to 18, at \$4.25. The actual value of this suit is almost double.

Our Long Pant suits run up to 18, and we can fit in our boys' department, at boys' suit prices, large sized young men, who would elsewhere have to pay for mens' sizes.

In place of a useless toy, usually given away to the little ones, we will this time give a benefit to mothers who will appreciate such a bargain and remember us long for it.

FOR ONE DAY ONLY.

On Wednesday, May 2, we will offer 2000 pair good knee pant from 4 to 12, worth 50c; at 15c a pair. Make no mistake; these are no trash, but good durable pants, such as are sold by first class houses for 50c and more, and such as we can honestly recommend.

We intend that these pants shall bring us thousands of little customers in the future, and we could not expect to make customers with a poor article. Remember for one day only and two pair to each customer is the limit. Out of town parties who order these pants by mail must enclose postage.

One Price Only. No Deviation.

W. J. GALBRAITH, Surgeon and Physician.

SCIENTIFIC MANUFACTURING OPTICIAN. GLUCK & WILKINSON.

LOOK AT THIS, MY FRIEND?

In consequence of the heavy consignments we have lately received from our agents throughout the country and the low figures we bought them, we have concluded to give the public an opportunity to purchase GOOD RELIABLE CLOTHING at prices heretofore unknown, for the next ten days, commencing Saturday, April 28th, and ending Wednesday, May 7th, inclusive. It is almost unnecessary for us to go into details with regard to quality, etc., of our stock as it is conceded by everybody that it is unapproachable by any ready made clothing in the country. Our stock comprises every conceivable design and style which is needed by any reasonable man.

EVERYTHING GOES.
