Love's Labor Lost. The residence of R. A. Findley, 518 North

Nineteenth street, was entered by burglars Sunday night shortly after dark, but they were frightened off by a lady roomer before they secured any booty. They had ransacked all the lower part of the house, however, and had broken open a trunk of a boarder named King. The opportune arrival of the lady mentioned, however, prevented the thieves from getting away with the "swag" they had bundled up and laid aside.

They left before the payment on the property was due, and while the man who sold it to them was out of town. The men are located now, and will be arrested at once on the charge of defaulting and swindling.

Willis Clark's Funeral.

The remains of Willis Clark were laid to rest Sunday morning in Forest Lawn cemetery, the funeral being conducted from the home of his parents, Twenty-fifth and Harney streets, by Rev. Mr. Lamar, of the Baptist church, and about seventy of the members of the B. P. O. Lodge of Elks No. 39. The ritual of that order was read, and their quartette choir, composed of the following members, furnished the music: Mr. Nat M. Brigham, Mr. B. B. Young, Mr. S. B. Reed and Mr. A. J. Van Kuran. The ball-bearers from the ledge were Harry A. Winter, F. M. Meegan, J. E. Presion and C. C. Haiett. Mr. J. H. W. Dumouth and Dr. Wormsley, who were particular friends of the deceased, assisted the delegation from the ledge in bearing the remains to their last resting assisted the delegation from the ledge in bearing the remains to their last resting place. The services were held at 10 o'clock, and were attended by a very large circle of friends and members of the family. The deceased was twenty-eight years old, and had always been strong and healthy. JONES IS A RUSTLER.

He Goes East Loaded for Bear and Bags the Game.

Big Manufacturers Greet Him With Open Arms and Sell Him Their Surplus for a Song.

The old adage that "it is better to be born lucky than rich" oft-times seems true. Many a man has made his fortune by striking the market right. L. O. Jones, the American clothier, is known as a shrewd and successful merchant, but he says he never struck such a bonanza as was spread out before him during his recent visit to the eastern With the manufacturers, spring business opens about January first, and this year for some reason it

AN UNPRECEDENTED RUSH. The universal report from jobbers was the largest January and February trade they had ever known.

Anticipating an extraordinary spring business their factories were kept running night and day, and vast quantities woolen fabrics went through the hands of the cutters and tailors. How-

THE STRANGE SEQUEL

was that as a result of the great strikes coupled with the extreme backwardness of the season and other minor reasons the trade of the wholesalers rapidly dwindled down, and they found themselves the possessors of large quantities of clothing with but very little demand. When Mr. Jones visited the market he found them ready to unload at almost any price. The result was a vast purchase of hundreds of men's fine tailormade suits at from FIFTY TO SIXTY CENTS ON THE

DOLLAR. Mr. Jones believes that a benefit to his patrons is a benefit to himself, and he proposes to sell his great purchase at a small margin over cost, which will place in the hands of his patrons bar-gains unprecedented in all their experience. A great sale will be inaugurated on Thursday, May 10, full particulars of which will be given in tomorrow's BEE.

St. Andrew's Brotherhood. Rev. Dean Gardner received twenty-five young men into the membership of St. Andrew's brotherhood of the Episcopal church, at the meeting in Trinity cathedral Sunday The regular evening service of the church was read through the second collect when the ritual of the brotherhood, which is a very impressive service, was read, and the new members were then received into the order. At the conclusion of this exercise a short address was delivered by a member of the cathedral chapter on the subject, "Self-Respect, and the Respect Due to the Respon-sibilities of the Order." Dean Gardner then made a few remarks, outlining to the new members the work of the society and order. The annual convention of the brotherhood oc-curs Wednesday, May 15, at 7:30, and will be held in the cathedral

THE PASSENGER DEPARTMENT

Of the Union Pacific. "THE OVERLAND ROUTE," has gotten out a fly bill designed to call attention to the summer resorts along the line of this railway. It is a good bill and tourists, pleasure seekers, sportsmen and fishermen should apply at once to J. S. Tebbets, general passenger and ticket agent, Omaha, Neb., for information in regard to the points of interest along the line before deciding where they will spend the summer season or vacation holidays.

The management of the Union Pacific-"The Overland Route," made a change in the running time of its local trains Sunday, April 29th, that will be hailed with delight by the residents of 'The Omaha and Republican Valley. This change is made in conjunction with the St. Joseph and Grand Island branch, making the leaving time of No. at Council Bluffs at 8:40 a. m. and Omaha 9:00 a.m. Arriving at Valley at 10:25 a. m.; it connects with the train arriving at Valparaiso at 11:56 a. m., and at Stromberg at 2:50 p. m. Here it connects with the St. Joseph and Grand Island train, via McCool Junction and Fairfield, arriving Alma at 10:00 p. m. The train running opposite leaves Alma daily at 5:30 a. m., rriving at Stromsburg at 12:00 p. Valparaiso 2:30 p. m. and Valley 4:15 p. m., connecting with No. 8 arriving in Omaha at 5:50 p. m. and Council Bluffs at 6:10 p. m., connecting with eastern trains. A change in the running of trains between Lincoln and Valparaiso, enables passengers leaving Alma in the morning to reach Lincoln at 3:40 p. m. Leaving Lincoln at 11:35 a. m. they connect at Valparaiso with the Alma train, arriving there at 10:00 p. m.

Good time and through chair car ac commodations, makes this the most desirable line running into this portion of Nebraska. Passengers between Alma and Lincoln will be obliged to make only one change and that at Valparaiso. J. S. TEBBETS,

Snow in the Mountains.

The Union Pacific passenger train due at 5: 15 yesterday morning, did not arrive here until 12:50, being snow bound in Montana. The rains we are having here are snow further west and in the mountains, and travel is being greatly impeded.

On and after April 29th the day ceaches on the Union Pacific's No. 3, known as the "Overland Flyer," will be taken off, to better enable it to make time. This will add largely to the popularity that has already been gained this fast train. After that date it will carry only passengers holding first class tickets, to points where the train makes regular stops, between Council Bluffs and Ogden. Such passengers Bluffs and Ogden. Such passengers must purchase tickets for seats or berths in Pullman sleepers, before entering

THE NEW WAGON BRIDGE,

The Bad Weather Delaying the Work -On the Iowa Side.

The rain of the past two weeks coming so close on the high water of the 1st of April has greatly delayed the progress in all of the departments of the new wagon bridge across the river. The work on the first span on the Iowa side has been begun, and the men are only delayed by the heavy rains which prevent them from going on with the work. There are two caissons to be put down on the Iowa side, yet they have not been started. As they are both foundations for land piers, in will not take so long to place them as it did any of the channel piers. Manager Evans said to a Ben representative yesterday that every foot of material for the structure was on the ground and they were yesterday that every foot of material for the structure was on the ground and they were ready to put it in place just as fast as the water and weather will allow. "I don't speculate any more," he said, "on how long it will be. We have no control over the dedeavs now, and I don't even put an estimate on the time it will require to complete the work. I have not even asked the contractors how long it will take because they are ors how long it will take because they are just in the same boat about it that I am."

The grading for the street railway has been made on the Iowa side of the river, and the company will hold a meeting in a day or two to decide on what kind of street railway service they will put on between the two cities, so that they can arrange for it and have the work under contract and have it completed shortly after the bridge is opened to the public. The tracks will be put down on West Broadway and Avenue A on the Council Bluffs side. The grade and filling has already been made for the car tracks. It is safe to say that July will see the team crossing on the new bridge.

The girl, who seems to be incorsides here. The girl, who seems to be incorrigible, has been arrested once or twice here for theft, and the last time barely escaped being sent to the reformatory. Mrs. Hiler says, in this case, Ophelia worked for her three days, in which time she succeeded in stealing about \$100 worth of clothing. Ophelia occupies the female cell at the central station, and will have a hearing on the arrival of Mrs. Hiler. arrival of Mrs. Hiler.

The passenger department of fithe Union Pacific, "The Overland Route," has just gotten out as an advertisement what is known as the Switchmen's Puzzle, capable of solution in ten moves. A New Workingmen's Society. A well attended meeting in Metz Bros. hall Sunday resulted in the organization of an International Workingmen's Educational society, the object of which is the advancement of workingmen and their families by establishing schools, scientific lectures, readings, and the founding of a library, Addresses were delivered by Dr. Kaufman, who explained the objects of the organizawho explained the objects of the organization, M. Ahlens of the Omaha Tribune, and others. Permanent organization was effected in the election of the following officers: Gustav Schoeneck, president; R. J. Clancey, vice president; Otto Steiner, secretary; Ernest Weise, assistant secretary; M. Kechmier, treasurer; A. E. Green, assistant treasurer; and Julius Hoffman, chief librarian. About thirty names were affixed to the roll of membership and the meeting adjourned to meet next Sunday, when Dr. Matter will deliver an address on "The Influence of the Wife on the Social and Political Progress of Mankind."

A Slick Professioual. The authorities of Cleveland, Tenn., have communicated with Chief Seavey to be on the qui vive for one Jackson Hole. Hole is suspected of having planned and engineered a big burglary at Cleveland. He went there a year ago opened up in the grocery business, married the beautiful daughter of one of the oldest families and seemed to be swimming along in high feather. Somehow or other, he fell into disrepate with the police. They suspected him of being crooked, but could fasten nothing on him. He made frequent mysterious trips to Cincinnati, St. Louis and New Orleans, and invariably following these excursions a burglary would take place in Cleveland or some of the adjacent towns. During his last absence the foremost jewelry house of the town was burglarized and \$0,000 in goods taken away. And, as if to strengthen the suspicion of the authori-ties, Hole has not been heard of since.

The Gospel Equal to Science. Rev. W. J. Harsha preached Sunday on the subject, "Why is the gospel not as certain as science." The speaker touched upon the false idea that exists among men as to what constitutes a Christian and the advancement of science by exploration and reasoning. He held that the present writers of history were just as liable to differ and exalt minor characters, so considered by some, as they were in the days of the writers of the bible. He maintained that although some of the writings of Moses did not agree with what has been developed by science yet it is a very small part that has been ques tioned and hence the entire writings of that great man must not be discarded. And as science is far from the right, and as the ages have developed the truth of the bible, the latter should be chosen as the guide in all things.

THE BACKWARD SEASO

Is having a depressing effect on the woolen and clothing market. Eastern manufacturers find themselves overstocked with fine clothing, and we are now offered stocks of goods from the very best houses in the country, at prices much lower than we could manufacture them ourselves. Our buyer is not sleeping, and the last few shipments we received from him have compelled us to mark down considerable many lots that are left from our first spring purchase. We offer this week in Men's suits:

250 good blue flannel sack suits, the color warranted indigo blue, well trimmed and made at \$5.75. The usual retail price of this suit is not less than \$8.50.

300 blue flannel suits, all wool and indigo blue, at \$7.75. This is as firm a flannel as there is made in this country, and we guarantee it to be as good a suit in quality of cloth and make up as there is offered by any house for \$12.

500 elegant Cheviot suits, made of fine imported cheviot, in elegant light colored patterns, for \$10.50. We sold these suits only last week for \$12.50. and we put them against any \$15 suits in the market.

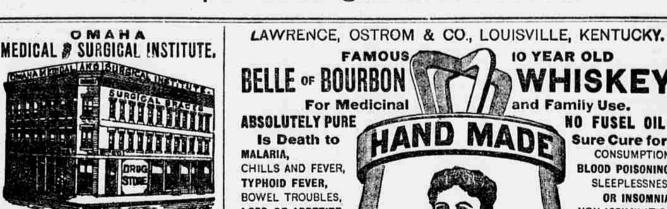

In mens' furnishings, we offer this week a special drive in elegant balbriggan shirts and drawers, finished seams and French neck at 35c each. This is the greatest bargain ever offered in this line, as no house would sell underwear like this at less than 75c a piece. Neckwear---- No such variety can be seen anywhere.

Our 15c silk scarfs in all the latest summer shades, you cannot get elsewhere under 50c. Another consignment of those elelcgant light colored derbys, satin lined, at \$1. We have them in two shades this time, and also have the same hat without lining for 90c. Everybody who buys one wonders how it can be done.
