#### CHICAGO PRODUCE MARKET.

CHICAGO, May 17 .- | Special Telegram to THE BEE. |-There were clever people in the wheat pit all session, who were firmly of the opinion at the close of the day that the Cudahy-Linn party had realized on something like 2,000,000 bushels of its holdings. There were just as clever people in the pit, just as much during the session, who were quite as positively of the opinion that this interest had not realizep on a bushel. This was the one really significant feature of the day-this proof that the markets had finally become so big that experts could differ as to whether the chief bull interest in the pit had or had not sold some millions of wheat. July wheat stopped Wednesday night at 90% c, selling up on the "curb" to 90%c. It opened this morning with none of the bull energy lost. Starting at 90%c, July hesitated a little and eased off to 90%c, then sold up to 91%c. The close at

10'clock was at 90%c.

It was a bigger day than Wednesday in corn and the telegraph people last night said that Wednesday's was the biggest floor business. ness they had ever done in the city. was from the outset an enormous realizing, especially by that class of traders who take lines of from 100,000 to 500,000 bushels. The great local commission houses led, Baldwin & Farnum, Schwartz, Dupee & Co., and & Farnum, Schwartz, Dupec & Co., and Irwin, Green & Co., being especially prominent. Hutchinson was by all odds the biggest buyer. Bloom certainly was the largest individual seller. Foreigners were at last in the market to cover some of their contracts, most of them, however, only taking in July to put out some more distant options. Orr & Comes at one moment were prominent on the buying side and Cudahy, certainly openly was a buyer and on no small scale either. The narrow range made for speculative operations correctly indicates the absence of significant trading. The oat in spection—106,000 bushels—was of course an aid to the market early, so was the bull conaid to the market early, so was the bull con-duct of wheat, but liberal estimates for Friday duct of wheat, but liberal estimates for Friday and quite free selling by Robert Warren & Co. for June finally gave prices a start down. May opened at 59c, sold up to 50%, and at 1 o'clock was back to 5% again. July opened at 57%c, sold between 57%c and 58c, and closed at 1 o'clock at 57%c.

Free charters of oats—202,000 bushels—helped to keep oats steady, notwithstanding transactiops were very moderate. May opened at 34%c, and at 1 o'clock was 34%c. July opened at 33%c, sold down to 33%c, but

July opened at 33%c, sold down to 33%c, but at 1 o'clock closed at 33%c. In the provision pit trading was slow and

without special features. Cash buyers were too modest in their purchases to afford any encouragement, and with the speculative element there was no freedom in the day's operations. A slow feeling held control and the product dropped to a lower level. At 1 o'clock pork was 5c and short ribs 2\% (2\% 5c under last night's closing. Lard was un-

under last night's closing. Lard was unchanged to 21¢c lower.

AFTERNOON SESSION—Wheat lower; May ruled quiet, closing at 88%c, June closing at 191¢c. July opened at 90%c, sold to 90%c and sparingly at 90c, up to 90%c, cased off, closing at 9014@00%c, August closing at 89%c.

89%c, December closing at about 90%c. Corn easier; May closed about 59c, June closing at 57%c, split, closing at about 57%c to 57%c657%c, split, closing at about 57%c. August sold at 57%c657%c, closing at 57%c. Oats easier; May closed at about 24%c, June closed at 33%c bid, July sold and closed at 33%c, August closed at 29c bid, September closed at 28c. Pork was 5c lower. May and June closed at \$14.20, July at \$14.30, August at \$14.40 and September at \$14.47%. Lard at \$14.40 and September at \$14.47\foralle{\alpha}. Lard was steady on light business. June closed at \$8.45, July at \$8.47\foralle{\alpha}, August at \$8.52\foralle{\alpha}, and September at \$8.55. Short ribs closed a shade stronger than at 1 o'clock, or at \$7.57% for June, \$7.65 for July, \$7.72% for August and

Спюлоо, Мау 17.—[Special Telegram to THE BEE. ! - CATTLE - General business opened with buyers bidding lower. They made a great effort to get cattle at lower prices, especially ripe, heavy beeves. Buyers said big heavy cattle had too much worthless fat and tallow and they were raising all sorts of objections to beeves that averaged over 1400 lbs. At any rate big cattle were extremely slow sale and sold lower in proportion than half-fat light steers. The general market to-day was about steady for de sirable light and medium-weight cattle and closed with rather better feeling. Shippers paid \$4.05@5.00, and dressed beef men bought the bulk of their cattle at \$4.25@4.40, paying \$4.65@4.85 for a few choice neavy. Kansas City had 900 cat-tle and reported dressed beef cattle strong and shipping grades slow. Hogs-Trade was active with a downturn Hoos—Trade was active with a downturn of about a nickel on heavy, while light sorts underwent little or no change. ## FINANCIAL.

New Yors, May 17 .- | Special Telegram to THE BEE. |- STOCKS-London came in weaker and lower this morning owing to a rumor of a cut in west bound freights being cabled there last night. The market in Wall street opened irregular, first sales showing changes of from 3 to 34 per cent either way as compared with last evening's closing quotations. There was an inclination to weakness in early dealings, but the list soon recovered and fractional advances were established, I

THE SPECULATIVE MARKETS New England leading the advance, though it had been conspicuous in the early decline, losing 3/2 per cent. The business done was losing 3/2 per cent. The business done was some stronger. The bogs were all sold and the buyers were very moderate, except to New England, Richmond Terminal, Reading and St. Paul. Sales up to noon were only 60,000 shares. The report of a decrease of \$37,000 in St Paul carnings for the second week of May caused some selling and a drop of 2 up to 2 o'clock. Northwestern acts stubborn. Strong houses are picking up common quietly and have given out bull pointers. They assert that 6 per cent dividends will be maintained and regard it as one of the best dividend payers. Coal stocks remained steady. Agents say the coal trade is improving and expect as good, if not better, business as last year at nearly equal rates. Richmond Terminal was sold with surprising freedom after midday and a drop of 2% points from yesterday's closing was recorded. Selling, it was claimed, came from an inside source.
