THE CITY.

The internal revenue collections yesterday amounted to $11,794.40.

Some sneak thief got away with a handsome coat and vest belonging to John Gibson, of the city water works Monday evening. The theft was made from his room on Twelfth street.

The condition of old man Kerns, who was dangerously shot by Billy Woods some four or five weeks since, is such as to again render a postponement of the trial of Woods and his pals, Mrs. Woods and Jeff Davis.

The Shakespeare-Bacon controversy by the young men of the senior class in the high school was well attended and the decision of the audience was in favor of the Bacon party. The young orators acquitted themselves very creditably.

The Amand Woods and Richard Davis attempted murder case has been granted another continuance, this time until Saturday, as it is thought that then old man Kerns will be sufficiently recovered from his wounds to be able to appear in court.

Mr. McKinney, a Union Pacific watchman, was arrested yesterday for discharging fire-arms down on the bottoms. He gave as his defense that he was shooting a savage and dangerous dog, but the judge held that that was an insufficient reason and fined him $6 and costs.

A large and valuable valise was found yesterday in a vacant house on the corner of Thirteenth and Capitol avenue. Papers found in it show it to be the property of John W. Kennedy, Chillicothe, Mo. It evidently has been stolen from Mr. Kennedy, rifled of its valuable contents and the empty receptacle left at this house by the thieves.

The father of Louisa Yusum has filed a complaint against her charging her with incorrigibility. He wants her arrested and sent to the reform school, but as yet the fly copper has failed to fasten his talons on the gay, bad, giddy thing.

A Sneak Thief's Work.

While Mr. Morrell, the druggist at the corner of Sixteenth and Chicago streets, was engaged in compounding a prescription Thursday evening, some thief made a sneak on his show case and got away with a handsome toilet-box and a case of razors.

Who'se Got Spencer's Mare?

W. A. Spencer put in an appearance at the central police station yesterday and reported that somebody had stolen his horse, which he had hite hed an hour before at the corner of Sixteenth and Dodge streets. The animal, a large bay mare, was hitched to an uncovered buckboard.

Want to Get Acquainted.

Chief Seavey detailed Sergeant Sigwart and Detective Ormsby to go to Council Bluffs yesterday and familiarize themselves with the mugs to be seen in the various gambling dens over there. The officers will also go through both the county and city jail, and take a squint at the birds confined there. Hereafter this will be done once a week.

News From the Wild West.

Mrs. George Canfield received a letter from her son Sherman, who is with the Buffalo Bill Wild West, last evening, in which he said the great show, after a tremendously successful windup in London, would sail for this country from Hull on the 6th inst. The Wild West opens one week from next Tuesday at Staten Island.

Folded Their Tent.

Messrs. Stevens & Walker, of 1512 Dodge street, for a couple of weeks have been camping out in a tent in the northern suburbs. They have only been passing their Sundays and evenings here, and owing to the recent cold weather were induced to put a stove in their tent. Tuesday night the whole outfit was stolen, entailing a loss of something like $100.

Struck by a Grip Car.

Charles Smith attempted to cross in front of a grip car at the switch on Tenth street last night, and before he could get out of the way he was struck and thrown to the tracks. He was pushed a few feet before the car could be stopped. After recovering from his shock Charles arose to his feet and ambled off to the Tremont house on Sixteenth street to have the few flesh wounds he received cared for.

The National Turners.

Mr. E. G. Grube, who has been elected delegate by the Omaha turners to the national convention of that association which assembles in Chicago on Sunday next left for that place yesterday afternoon. The convention will continue about five days. After its conclusion, Mr. Grube will make short visits to Milwaukee and St. Louis. He will send daily letters to the Nebraska Tribune, the German daily of this city, during the convention.

Fleming Fined.

F. D. Houston, who was fined on Thursday for taking George B. Fleming's horse and buggy without permission, swore out a warrant against Fleming yesterday for his assault on him at the time the missing property was found in Houston's possession. Fleming was arrested shortly after the warrant was issued, and arraigned for trial. He plead guilty and was fined $10 and costs. Houston is still badly disfigured from the drubbing he received.

Jacob's Little Pleasantry.

Jacob Swartz went into the yard of J. P. Norwood, corner of Eleventh street and Capitol avenue Thursday and called Mrs. Norwood, who is a colored lady, an "old black rhinoseros," and because Mr. Norwood remonstrated with him for his unseemly language, Swartz smashed him across the jowl with a potato masher. Being unable to reasonably explain all this, the court mulcted Mr. Swartz in the sum of $25 and costs, which he paid, and sorely and sadly mingled with the greasy, odorous crowd in the spectators' pen.

A Costly Drunk.

A commercial traveler for a well known Omaha firm got on the dummy at Sheeley's about 2 p. m. yesterday in a maudlin condition. When the conductor asked him for his ticket he pretended he had already given it to him. The conductor insisted he had not, and the drummer commenced to curse him in a most vile manner in the presence of a number of ladies. The conductor at first was very gentlemanly, but when the drunken fellow persisted in his abuse, the knight of the punch seized him by the collar and hustled him off the train. The fellow attempted to get back on again, and the conductor pushed him off. The drummer fell on his face, the corner of a tie striking him in the eye. It is thought he will lose the sight of that optic.

MORTUARY.

TALVERT.

William Talvert, an old and well-known resident of this city, died Thursday, and was buried yesterday afternoon at 2 o'clock from his late residence, Twentieth and Elm streets.

BARNTSEN.

Two weeks ago a sick young man named Nels Barntsen was brought to St. Joseph's hospital by a physician of this city whose name is not now known. Yesterday Barntsen died. He seems to be without friends in this city, though there was a memorandum in his pocket bearing the name of J. P. Lund, the Fifteenth street clothier. Barntsen was a jeweler and it seems worked for H. C. Thurgate, Kansas City. Later he went to Fairfax, Mo., where it seems a subscription of about $14 was taken up to enable him to come to the hospital here for treatment. The list was headed by Ernst Lindstrom, and among the papers found on the deceased was a postal from the former. The remains are at Heafey & Heafey's, and the firm has telegraphed to Fairfax. Barntsen is a Swede and a fine looking man.

MRS. M'CONNELL.

Yesterday morning, at an early hour, Mrs. R. J. McConnell died of apoplexy, after but a short illness, and at the age of twenty-nine years and five months. She was the daughter of Mr. and Mrs. C. P. Storrs, and died at his residence, 1623 Farnam street. She was also the sister-in-law of William R. Bowen. She was born in Omaha in 1885, and has resided here since. Mr. McConnell is a well-known engineer on the Union Pacific. He is the son of Robert McConnell, for many years master mechanic of the Union Pacific road, and brother of Fred and Joe McConnell, both well known in this city. She leaves four children. The funeral will take place this afternoon, at 3 o'clock from the First Congregational church. The remains will be interred in Prospect Hill cemetery.

IT LACKED SUPPORT.

Why the Freight Bureau of the Board of Trade Was Abolished.

W. F. Griffitts, commissioner of the Omaha Freight bureau has received a letter from Messrs John Evans, John A. Wakefield and Max Meyer, a committee of the board of trade, informing him of the circumstances under which the freight commissionership was brought to a close. It sets forth that the resolution dispensing with the services of that official was adopted on the 5th of last month and the committee above referred to was appointed to formulate a letter to Mr. Griffitts embodying the action of the board, relative to the retention of a commissioner and expressing the thanks of the board for the earnestness and efficiency of Mr. Griffitts' labor in the interest of the freight bureau. The committee further states that in the discharge of the duty devolving upon it they deem it proper to state that when the board of trade created the "freight bureau of the Omaha board of trade," and authorized liberal appropriations of its funds toward the maintaining of said bureau, the members of the latter were influenced by the need of such protection to the jobbing interest of the city against unjust discrimination by the railroads in matters of freight. They also had reason to believe that the larger proportion of the jobbers not members of the board of trade, would take advantage of the opportunity offered them to become contributors to the support of the bureau, and mutually share with members of the board in any benefits from the operation of an efficient freight bureau. In this respect none of the expectations of the board have been realized, the merchants not giving that financial support, and commercial influence, expected and necessary with the financial aid of the board of trade to render the bureau operative; and the maximum membership assessment, as limited by articles of incorporation not being sufficient to meet the necessary working expenses of the board, and also properly maintain the freight bureau independent of outside aid, hence the action of this board in dispensing with the service of a commissioner after the first day of June next.

The committee further say that they but voice the sentiment of the Omaha board of trade in expressing to Mr. Griffitts their high appreciation of the valuable service rendered the commercial interests of Omaha by his faithful, efficient and intelligent discharge of the duties devolving upon him as commissioner.

While regretting the causes necessitating the severing of his connection with the board, the committee feel assured that Mr. Griffitts' talent, long experience and eminent ability for the service will soon command a greater and more remunerative field of usefulness.

To this letter, of which the above is a synopsis, Commissioner Griffitts writes the following reply:

MR. GRIFFITTS' ANSWER.

OMAHA, May 16.—[Freight Bureau Omaha Board of Trade.]—Messrs. John Evans, John A. Wakefield, Max Meyer—Gentlemen: Receipt of yours of 14th inst., covering proceedings of the board of directors at their meeting April 5 last, with reference to the enforced discontinuance of the office of freight commissioner, is hereby acknowledged.

This action virtually dissolves the freight bureau itself. It has done noble work for Omaha, and has reason to be proud of its work.

A freight bureau should be a tower of strength to the business community, a faithful watchman of the interests of the city, ever ready by earnest protest, intelligent supervision, and, above all, by the exercise of perfect harmony of purpose and unity of action, to offer a standing menace to all opposing elements that would threaten or delay our onward progress.

I regret profoundly the necessity which compels the dissolution of the organization.

The responsibility of failure must rest solely upon those whose supineness, lack of appreciation and blind infatuation in steadily refusing support to what they should have considered the "right bower" of their board of trade, has placed our mercantile community in unenviable contrast with our sister cities—our commercial rivals.

I shall carry with me in other service the keenest appreciation of the courteous expressions of approval you have seen fit to employ, and with sincere thanks for the uniform kindness ever extended me by the board, and best wishes for its future, I remain

Very Truly Yours,
W. F. GRIFFITTS, Commissioner.

THE PLATTSMOUTH PINKERTON.

He Mysteriously Disappears and is Seen No More.

The Pinkerton man who made himself so prominent at Plattsmouth a few nights ago has to all intents and purposes disappeared for good, and nothing can be learned of his whereabouts. Captain Foley, who returned from the scene of the shooting yesterday morning, cannot account for his disappearance, as he had nothing to fear in consequence of his acts. In all probability the duck has skipped and will be found on duty at some eastern point within a week or so, and his action in vamoosing as he did was to escape from the wrath he knew was sure to come.

Stopping the Cable.

Having been opposed by the Horse-car company on Twentieth street and overcome the opposition, the Cable Tramway company Thursday met resistance from the Missouri Pacific. The Cable company had extended their excavation for their yokes up to the crossing of the road mentioned and had cut from under the tracks with the intention of making a crossing which, of course, was to be well supported on walls of brick. The work it seems was not what the Missouri Pacific wanted, so it rolled to the intersection seven carsloads of loose earth, and had the latter shoveled off into the trenches under the tracks and upon the street, to prevent the cable company from finishing its work. This resistance on the part of the road was unexpected and unreasonable, especially in view of the fact that the Missouri Pacific got its right-of-way through the alley at the crossing without 1 cent's cost for right-of-way.

KNIGHTS OF PYTHIAS.

Union Pacific,

"THE OVERLAND ROUTE,"

Will sell through tickets at one fare for the round trip, from points in Nebraska and Kansas to parties desiring to attend the meeting of the Supreme Lodge, Knights of Pythias, to be held in Cincinnati, Ohio, June 12th to 16th inclusive. Tickets good going June 8th to 13th and returning June 13th to 19th inclusive, with continuous passage only in each direction.

Charged With Horse Stealing.

Frank L. Moore, a hackman, and Jeff Tinner, a negro laborer, are in cells at the central police station on the charge of horse stealing. It is said that on last Monday night they broke into the barn of H. S. Runnells, Thirty-fourth and Cuming streets, and stole a horse valued at $150, a set of harness and a wagon. They have been seen since with the stolen property and Thursday they were captured by Officer Gregg. Moore excuses himself by saying that the horse was taken on a chattel mortgage and that he merely accompanied a constable to the stable the night it was taken. But when asked as to who the constable was and where he had put the property, Moore refused to answer and became very impudent. Runnells says he has a clear case against them and will land both of them in the penitentiary.

A Doubtful Case.

Frank Hatcher, who has hitherto borne an unsullied reputation, was arrested Thursday by Detective Ormsby on a charge of larceny. The complainant is M. Block, a cheap clothing man at 704 North Sixteenth street. He says that Hatcher came into his place on the 6th of May and asked to look at some pants. He looked over about everything in the house, but could not satisfy himself, when it struck Mr. Block that his actions were very suspicious, and seeing that Hatcher had his overcoat buttoned up, he made a grab at it and tore it open, and lo! out tumbled a couple of pair of pants. Mr. Block struck the man a blow in the face but he took to his heels and escaped. Thursday Block pointed Hatcher out as the thief, and he was arrested.

Hatcher was acquitted yesterday afternoon. He never was a bar tender in Rothery's saloon, as was stated yesterday morning, but bought out the Dodge street saloon of Rothery last summer.

THAT GAME OF BASEBALL AT THE PARK TO-DAY

Will be attended by great danger to body and limb, but hundreds of leading players say they find more prompt relief from strains, sprains, bruises, rheumatism, stiff and enlarged joints, lameness, etc., by using BENSON'S PLASTER for such troubles than any other external remedy known to the profession. All athletes as well as those in the ordinary avocations of life unite with baseball players in certifying to the value of this plaster in such accidents. It is prompt, pleasant and pleasing in action and never fails to secure the best results when used according to printed directions. Owing to its popularity many worthless substitutions are offered. Buyers should always ask for BENSON'S, firmly refusing all other plasters.

Since the history of medicine, a True Specific for Syphilitic Eruptions, Ulcers, Sore Mouth, &c., has been sought for but never found until

Our Magic Remedy

was discovered, and we are justified in saying it is the only remedy in the world that will positively cure, because the latest medical works, published by the best known authorities, say there was never a true specific before. Our remedy is the only medicine in the world that will cure when everything else has failed. It has been so conceded by a large number of Celebrated Physicians. IT HAS NEVER YET FAILED TO CURE. Why waste your time and money with patent medicines that never had virtue, or doctor with physicians that cannot cure you. And you that have been afflicted but a short time should by all means come to us now. GREAT EXCITEMENT!

—AT—

Dr. Smith's Parlors
IN GRUENIG BLOCK.

The Lame Walk, the Blind See, and the Deaf Hear.

Dr. Smith, the Magnetic Physician, is performing some of the most remarkable cures ever witnessed in Omaha. His parlors, in Gruenig Block, on 13th street, between Douglas and Dodge streets, are filled with invalids from morning till night. Mr. T. L. Brown, who resides in Council Bluffs, has been a terrible sufferer from constipation and piles for the past thirteen years. Upwards of thirteen years ago Mr. Brown began to suffer from constipation, which was followed by the formation of pile tumors which were no larger than grapes when first discovered, but gradually enlarged until they became as large as black walnuts. At each movement of the bowels these tumors were prolapsed and would bleed so profusely as to cause fainting spells. From a strong, healthy man Mr. Brown became a helpless invalid. He grew pale and bloodless, and became so feeble that he could not sit up more than three or four hours at a time. He tried a great many different medicines and consulted several doctors who make a specialty of treating rectal complaints. He was told that his trouble had become malignant and that there was no help for him. Like a drowning man ever ready to catch at a straw, he applied to Dr. Smith, on Thursday, the 10th inst. After the doctor had made a thorough examination of his case he told him that he could cure him. Mr. Brown had tried so many physicians who had promised to cure him that he had little if any faith in what the doctor told him. He decided, however, to give the doctor a trial, and began treatment on the 10th inst. As strange as it may seem Mr. Brown is now convalescent. The treatment was mild and not painful, and Mr. Brown is to-day a happy man.

Mrs. Sardenid Congden, who resides about 30 miles from Omaha has been afflicted with cancer of the lip for the past four years. She applied to Dr. Smith last Friday and is rapidly improving.

Dr. Smith will continue to heal the sick free of charge at Max Meyer & Bro.'s Music Hall every morning from 9 to 11 o'clock. All of this week his parlors in Gruenig Block, are open to the public from 9 a. m. till 5 p. m. daily, except Sundays. Consultations free. All letters of inquiry must contain postage. Dr. Smith will move his office, next Monday morning, from Gruenig Block, to rooms 313 and 310 Paxton Block, over Max Meyer & Bros' Jewelry Store.

Dr. HORNE'S ELECTRO MAGNETIC BELT is superior to all others—currents of electricity are strong or mild as the wearer may desire; produces a continuous current; conveys electricity through the body on the nerves. It cures diseases by generating a continuous current of electricity (10 or 12 hours out of 24) throughout the system, aligning all nervousness immediately, and producing a new circulation of the life forces—the blood, imparting vigor, strength, energy and health, when all other treatment has failed. The merits of this scientific belt are being recognized and indorsed by thousands whom it has cured.
