S. P. MORSE & CO. DIED WITH HIS TONGUE OFF.

Peculiar Fatality That Resulted From a Fist Fight.

SHE'S DEAD GONE ON THE BOY.

Fairbury Wants the Rock Island—Lincoln Republicans Going to Chicago—Anti-Saloonists Organize—City Briefs.

LINCOLN BUREAU OF THE OMAHA BEE, 1029 P STREET, LINCOLN, MAY 19.

On Wednesday evening of this week there was a free-for-all fight near the B. & E. depot, in which James Morgan, a brakeman, and James Hutchinson, a man named "Belley" were participants. Hutchinson and Porter are union switchmen here and there has been bad blood between the parties for some time. On Wednesday evening Morgan was at a restaurant near the depot and the other two parties came in. Morgan claims there was talk of "doing him up," the row commencing between Porter and himself, Hutchinson taking a hand. In the row that ensued Hutchinson had his tongue bitten off. Morgan had one finger nearly amputated and both parties were badly pounded up. Next day Hutchinson started for Columbus, but at 9 o'clock to-day word reached the police here that Hutchinson had died from his injuries. An inquest will be held at once. Immediately on receipt of the news the police started out to find Morgan. Mr. Palmer flung him and landing him in jail. Porter is also captured and held to answer for his part in the trouble. Morgan denies any knowledge of hitting Hutchinson, but says that he will talk very little of the affair. His hearing has been postponed until Monday, until the result of the inquest at Bellevue is known.

SHE LOVED HIM WISELY. A father remarkable case of infatuation was reported in the city to-day from West Oak street, in this country. It is a case where a wife left her husband and child and her home to follow a man who had been a resident in the near neighborhood where the parties have lived are that a young man named Griggely, aged seventeen years, and Mrs. Samuel Chesterfield, aged thirty-five years, became enamored of each other. The young man, however, went to Colorado to seek a fortune and the woman, wanting to follow him, was given money by her husband to go, and so she did, leaving a child behind and forsaking her home for good. There is much talk and comment concerning the strange affair in the community, and the woman, so far as heard, has always had a good reputation.

THE ROCK ISLAND. The Fairbury people are very anxious to have the gap in the Rock Island line between that city and the capital filled, and have asked the Lincoln board of trade to send a conference committee to meet Messrs. Cable and St. John at Fairbury on Tuesday next. A special meeting will be called for Monday evening to consider the matter.

FOR THE CHICAGO CONVENTION. At a meeting of prominent Republicans recently held at the Capitol hotel last night, steps were taken to form an excursion to Chicago and the matter was placed in the hands of General McFadden, who has already arranged for Pullman sleepers for the accommodation of a large party. They will start on the cars near the convention building at the city and the capital filled, and have asked the Lincoln board of trade to send a conference committee to meet Messrs. Cable and St. John at Fairbury on Tuesday next. A special meeting will be called for Monday evening to consider the matter.

ANTI-SALOON REPUBLICANS. The project of organizing an anti-saloon republican league in this city, after the manner of like organizations in the east, has been discussed for some time and resulted in a permanent organization last night at Red Ribbon hall. The officers of the league are: C. A. Robbins, president; E. F. Hartley, vice president; A. G. Greenlee, secretary; vice president; John M. Cotton, third vice president.
