The City Takes Cheney Street. The contract for moving the fence on the east line of the driving park from the center to the west line of Cheney street has been awarded to G. H. Woodman, and he has already commenced work. This will bring the fence close to the outside of the track, where it was formerly. At that time Dr. McKune, who was president of the driving association, thought that there should be an open space outside the track so that carriages might be driven clear around it, and the city council was persuaded to vacate thirty feet on the west side of Cheney street for this purpose, with the understanding that the association should purchase for the city an equivalent thirty feet on the east side of the street. This has never been done and the council recently ordered the fence moved back again.

Dry Court on a Wet Day.

Judge Deemer arrived yesterday and held a short session of the district court. The duskiness of the day was so great that the curtains were drawn and the gas turned on, thus making a night session in the daytime. There was little to do beyond the hearing of a few motions, which contained little of public interest.

Among the spectators was Mr. Macy, of Shelby, who is a candidate for Judge Loof-bourne's place. He viewed the new court house with apparent delight, and listened attentively to the court doings, there being pretty even chances that he may ere long know how it is himself to sit under the carved canopy.

Judge Deemer cannot be here but one or two days this week, and will attend to only a few unimportant matters. The following week he will begin in earnest on the equity cases. The saloon cases are among those assigned for trial.

Grand Special Sale.

To make room for other goods I will offer my entire stock of fine pictures, imported china and glass novelties, wall pockets, fancy towel racks and all wooden bric-a-brac, albums, brass novelties, fine statuary, etc., regardless of cost. J. D. Crookwell, 411 Broadway.

Yankee baked beans and Boston brown bread at Masonic temple, on Decoration day.

The Motor Crossings.

The crossings for the motor line to be used on the crossing of the Milwaukee and Burlington tracks on Ninth street have arrived and will be put down as the contracts with these are signed. The crossings for the Rock Island tracks are ordered and will be on hand as soon as they can be made and shipped here. As the motor tracks are already laid between these different crossings, the few days necessary to put down the crossings will be all the time required to complete the line through to Broadway.

The Society Paper.

The society journal known as the Reflector, which was established here about six months ago by Nixon Waterman, has changed hands, and will hereafter be conducted by D. M. Carr, of the Des Moines Leader, and Ed Watts, of this city. The former will have charge of the editorial department and the latter of the business management. Mr. Waterman will return to his former home at Creston, Ia., for a time, and will then take a tour of several months through Dakota and the northwest.

Passing "Queer" Cash.

The case of M. E. Doran and Dell Smith, the alleged counterfeiters, was heard last evening by Clerk Hunter, of the United States court. The evidence against Doran was of a very superficial character, and as it

was proven that he was of a very respectable family in Leavenworth, and had been in the city only three weeks, he was discharged. Smith is an old-timer, and he refused to plead or answer any questions whatever as he said he was not ready for trial, and his case was continued until next Thursday. Doran said he obtained his money of Smith and was not aware that it was counterfeit, but circumstances tend to throw discredit on that part of his story. As he is little more than a boy, it is probable that Smith made a cat-paw of him, and he did not fully realize the enormity of his crime. Smith has already served two terms in the Iowa pen, one for horse stealing and the other for "shoving the queer" on a previous occasion. His prospect for another long term is very good indeed.

Excursion to St. Louis Convention and Derby Races.

The Wabash will sell excursion tickets to St. Louis and return at one fare for the round trip, \$11.25. Dates of sale, June 2d, 3d, 4th and 5th. Tickets good returning until June 11th, inclusive.

The national democratic convention meets June 5th. The Derby races commence June 4th.

Excursion tickets will be sold for regular passenger trains, leaving Council Bluffs 3:40 p. m. June 2d, 3d, 4th and 5th, arriving in St. Louis at 10 o'clock the following morning. Also for a special train for accommodation of Young Men's Democratic club, of Council Bluffs, at 7:30 p. m. June 3d, and arriving in St. Louis following morning.

Secure your excursion and sleeper tickets by applying to J. C. Mitchell, 421 Broadway.

J. G. Tipton has some fine bargains in houses and lots.

Will Have Sleep.

General Agent Marshall, of the "Q.," is authority for the statement that in a short time the sleeping car that now runs from Omaha to Kansas City via Plattsmouth, will be changed so as to come over the Union Pacific bridge and accommodate the Council Bluffs passengers. Heretofore these passengers have been compelled to go to Pacific Junction to board the sleeper, and the attendant inconvenience of transferring, and the complaint, so that this change will be welcomed with much satisfaction. Arrangements have been made with the Union Pacific company, and as soon as a few minor details are perfected the change will take effect. It is probable that the entire train that now goes from Omaha will come through this city, and consolidate with the one that has been run from here to meet it at the Junction.

Johnson's Cyclopaedia. We have been looking into the merits of Johnson's latest Cyclopaedia, and are surprised at its freshness and special adaptation to the wants of this age. We have owned the former edition for several years, and have now ordered the supplementary to date, which are much less expensive and more satisfactory than the supplementary material of other works which pretend to keep abreast of the times. We gladly give space to the testimony of some of the leading educators in reference to its value.

A. R. Spofford, LL. D., librarian of congress, says: "Johnson's Cyclopaedia is found to answer more questions satisfactorily in the halls of congress than any other work of reference."

President Seerley, of the Iowa State Normal, Cedar Falls, says: "Johnson's Cyclopaedia is a scholarly work, well adapted to the office, home and school. Books of reference are a necessity to teachers, pupils and families. Any one who has Johnson's can feel that his wants are supplied."

Prof. McNaughton, Superintendent of the Council Bluffs Schools—"I consider Johnson's Cyclopaedia the best with which I am acquainted for use as a school reference book."

Johnson's Cyclopaedia is sold only by subscription. W. P. Humeicut, of Oskaloosa, Ia., is representing the work at this place, and will gladly give opportunity to anyone to investigate it. He will express a desire to do so by addressing him by postal card or letter.

The following persons have recently ordered the revised edition, or supplements to the former edition: Rev. Father B. P. McManomy, Rev. Stephen Phelps, D. D., Dr. A. P. Hanchett, J. J. Steadman, H. W. Tilton, Thomas Bowlsman, G. A. Holmes, Prof. W. S. Paulson, Dr. W. H. Chamberlain.

Are you aware that Council Bluffs is growing more rapidly than any city in the west? It's a fact, and property is all the time advancing. See J. G. Tipton if you are wise and secure a bargain now and get the benefit of the advance.

The \$200,000 Hotel. The move for the new grand hotel is quite encouraging. The Chicago visitors were very favorably impressed, and it is expected that the offer of the board of trade to give a \$30,000 bonus for such a hotel will speedily be taken. The details of the consummation of the agreement are not yet ready for announcement, but the outlook is very favorable.

Hanchett, of this city, an honor most worthily bestowed. He also was honored by being selected to deliver the address of welcome. Dr. Hanchett has by his skill as a physician and work as a lecturer, long since gained an enviable reputation and standing in this community, and it is gratifying that he is receiving just recognition in the state at large.
