Last evening there was a pleasant gathering at the police headquarters. The force received their new uniforms and were much complimented on their improved appearance in their new clothes.

Then complimentary and short impromptu speeches were made by Mayor Rohrer, Messrs. Carter, of the Omaha Republican; Copson, of the Nonpareil; Hayden, of the Omaha Hse, and Matthews, of the Globe.

The purpose of the gathering was then manifest when Marshall Guiana arose and, with appropriate remarks, presented to the mayor an elegant gold medal.

It came from Marshall Francis, of Cedar Rapids, on behalf of the association, and was a tribute to the courtesy of the mayor on the occasion of the recent meeting of the association in this city.

The mayor responded happily thanking the giver. The medal is in form of a star, beautifully chased and engraved.

THE MAYOR'S PROCLAMATION. It is eminently proper that the national holiday, May 30, should be regarded by all classes as a tribute of respect for those heroes who laid down their lives for their country's preservation; also to express loving regard to the loved ones, friends, relatives, and others.

Therefore, I, M. F. Rohrer, mayor of the city of Council Bluffs, do respectfully and earnestly request the proprietors of all banks, places of business, and other industries to close their places of business to-morrow morning, that they, their employees, and others may attend memorial services and thus in a becoming manner observe memorial day.

M. F. ROHRER, Mayor. May 29, 1888.

On Decoration day, at the Masonic temple, the ladies of Unity Guild will serve a 25 cent dinner and supper, also ice cream and strawberries.

The Bad 'Uns. When Judge Aylesworth opened the docket in police court yesterday morning and ordered the sinners brought out of the cage, the trap was opened and six gags blew in with the usual rush of sewer gas.

They ranged along the wall in order of their ages—four twelve year olds, one of fourteen summers and an equal number of blizard seasons, for spectacle purposes. These clothes are, and hatless specimen who became a qualified voter of this great state two years ago.

With the exception of Mike O'Leary, who is an inimitable, younger of this city, the lot was from outside, and was gathered in by the patrol on one trip to the transfer. Two of the "kicks" were from St. Paul, and after questioning them sharply as to their antecedents the court dismissed them and told them to make tracks for home.

The brilliant players from South Omaha, and as soon as the others were out of sight, he was started out for home with instructions to remain within sight of the packing houses until after the fall election.

John Gottle and Lewis Fox were sent back for a three days sweat in the sewer.

Dennis Harmer cashed in checks to the amount of \$400 and left the amount with Jailor Barhyte for a three day, all wool drunk, cut bar, and embellished with carmine trimmings.

He did not take long to adjourn after the business was transacted, and the court slid rapidly out of sight, for a recess of twenty-four hours.

Activity in Dirt. During the past few days there has developed an increased activity in real estate matters, and while there is no burrah or effort to create one, the daily transfers show that this activity is steadily growing.

The sales thus far recorded are mostly to purchasers who will occupy themselves, little being bought for speculative purposes. These sales are, for the most part, at a fair and satisfactory advance upon the prices paid. An \$11,500 deal has just closed. The deed, recorded yesterday, describes the property thus: The southeast quarter of the southeast quarter of the northwest quarter of section 30, township 73, range 44, S. 2nd Meridian, Council Bluffs, Iowa, and Evans Colpeter and wife, of Omaha, to J. J. Dickey, of Omaha. The tract embraces ten acres and is situated just west of the entrance to the Rock Island park. About sixteen months ago the same property sold for \$5,500, which advance supports the idea that there is not a steady and healthy advance in Council Bluffs real estate.

The oldest firm, and largest stock of wall paper in the city. All the new shades in grays and valours. A few patterns in grays at 10c per roll at Niles, 402 Broadway.

Prepared for Dress Parade. The belts, clips, nippers, wreaths, etc., for the police force that were ordered of Phil C. Holland, of Cedar Rapids, while he was here attending the annual meeting of the state association of city marshals and chiefs of police, arrived yesterday, and are very neat in appearance as well as of the regulation pattern.

All is now on hand but the stars for the men. Everything is numbered, each man's club, belt and hat bearing the number of his star, so that any part of the officer's equipment may be readily identified, in case he loses or leaves it anywhere.

The chief will not insist on the belt being worn during the hot weather, but the policemen will all be compelled to carry their clubs. The new uniforms will be worn to-day for the first time, when a platoon of police will occupy a prominent position in the parade.

The entire outfit is gotten up in the best of style, and the force of city police under the efficient management of Chief Lucas is better prepared for effective service than ever before.

Tipton has bargains in real estate. Travelers! Stop at the Bechtels.

Moving Its Freight Depot. The Rock Island railroad company is fully abreast of the times and is determined to keep its place at the head of the line.

The latest move in this city is to make arrangements to give its shippers better advantages for reaching its freight depot. The position of the freight depot in the city are away from the paved streets and therefore difficult to reach in a ready time.

The Rock Island has now getting ready to give their freight depot a new location. Their freight depot is at present located at the corner of Fifteenth avenue and Twelfth street, and they have let the contract for moving it to Fifteenth avenue to a location between Sixth and Seventh streets, about a block and a half west of their passenger depot.

The council will then be asked to pave Fifteenth avenue from Main street to the new location, thus giving a continuous paved street from the depot to the business part of the city.

The work is to be done immediately and it is needless to say that it will be appreciated. The distance that the building will have to be moved is nearly half a mile and so brings freight over long hauls to the business portion of the city.

The next proper move for the railroads to make is to tear down their present barns and unite in a suitable union passenger depot nearer the heart of the city than the transfer.

Union Abstract company, 236 Main street. You needn't go hungry to-morrow, for an excellent dinner and supper will be served by the ladies at the Masonic temple.

Board of Trade. The board of trade met last evening in regular session, President Wells in the chair.

The committee appointed to confer with Mr. Merriam relative to erecting more than two stories in his new block, reported that \$15,000 would be required in assistance to effect that end.

The committee were continued without instructions. A committee was appointed to entertain certain eastern manufacturers on their contemplated visit to this city.

It was announced that a committee having the matter in charge that the Kansas City road would after June 1 run a sleeper on their train through Council Bluffs from Omaha.

A Wonderful Negro. At Helena, Ark., there is a wonderful colored man named Mack Hamilton, who has been making a show of himself on the streets of that town, saying an exchange.

Some of his feats consist of eating large quantities of porcelain and glass without any deleterious effects. His appetite is always in good order, and for a time he will eat enough to convince the most skeptical that there is no trick about it.

He also drinks as much as a gallon of water at a time, and then with a motion of his right arm—such a motion as is given to the handle of a pump, when pumping—the water comes out of his mouth in a stream as clear as when first swallowed.

He is able to drink boiling water and eject it by means of this pump-like process, and when it is emitted it is hot enough to scald. He swallows live frogs and small snakes, and by a single motion of his arm they are forced out of his mouth.

He has drunk a half gallon of whisky without feeling the slightest inconvenience. He has also been seen to drink from different people to get in a show, but he professes to be his own master.

He has a dread that some doctor will kill him for the purpose of making an examination of him.

Langor, dull headache and constipation removed by Tarraults Seltzer Aperient.

Between Whisky and a "Razer." Yesterday forenoon a police call was turned in from an upper Broadway meat market.

When the officers arrived they found one James Mapleton in rather a sad plight. He was fearfully and awfully drunk and in addition was suffering from a severe cut in the lower portion of the leg.

The cut had been partly dressed, but further attendance was thought necessary, and the injured man was taken to the Woman's Christian hospital. He refused to tell when, where or how he received the injury.

The police give the fellow a hard name; say he is known to have been too intimate with a woman of shady color and character; that this intimacy was objected to by a sable-bred son of Africa, but whether the cutting is the outgrowth of a condition of things remains to be seen.

The police are at work on the case.

Four of a Kind. The matrimonial market was quite brisk yesterday. In the morning Samuel Colander and Bertha Neik, of Woodbine, secured a license and visited the Rev. W. H. W. Rees, at the Methodist parsonage, where their marriage vows were solemnized.

A little later Sylvester A. Guthrie and Sadie Conwell, of Omaha and Newton, Ia., respectively, being supplied with the necessary consent, wedded upon Justice Barrett, where they were joined in name and life.

Licenses were also issued to Eugene Vaughn and Estelle G. Smith, of this city, and C. W. Atwood and Isabelle G. Prentice, of Crescent City, but when they were married or by whom dependent sayeth not.
