

THE CITY.

The contract for sweeping the streets will be let Monday. The internal revenue collections yesterday were \$5,804.16. James O'Malley, who resisted Officer Bloom and had his head laid open, was fined \$15 for being drunk. The regular monthly meeting of the Omaha Veterans French association is postponed until Wednesday evening, June 13. Helen Smat, an insane woman, was taken from her home on Convent street yesterday afternoon and locked up in the county jail. Will Byran, the sport, charged with seduction, has been brought back to Omaha and turned over to the county authorities by his bondsmen. Peter Crouser, who wanted to slay Martin Hendrickson but got his own head laid open with a beer glass, was fined \$5 and cost of trial. Hendrickson paid a similar justice. Justice Wade yesterday performed the marriage ceremony which united Henry Lock, of Quincy, Ill., aged forty-four and Mrs. Soda McDonald, of Madison, Wis., aged forty.

He rushed into the matrimonial building of Judge Shields yesterday afternoon and asked for a marriage license. His name he said was Charlie W. Ives, his age twenty-two years and that he hailed from Des Moines. The prospective Mrs. Ives was represented to be on her way from Lincoln, Neb., in the city on a business trip. Mr. Keiser, one of the most prominent business men of North Bend and is a hustler. Miss Fannie Ingham of Pittsburg, Pa., spent a few hours in the city yesterday, previous to returning home after an extensive western jaunt in company with a few friends. The many friends of Mr. W. P. Boehl will be pleased to know that he is rapidly recovering from his severe illness and will soon be able to attend to his duties again.

A Mercantile Messenger. Bradstreet's yesterday reported the insolvency of E. Messinger, proprietor of a billiard hall, cigar and tobacco store with pay attachment, in St. Edwards. The whereabouts of the young man are unknown, but his creditors are left behind.

Gene Back to Await Results. The sheriff of Holt county took Seager, the man charged with a murderous assault upon a neighbor, back to Stuart yesterday. Fearing relatives of the prisoner in Omaha might get out a writ of habeas corpus for the prisoner, the sheriff drove in a huff to Fort Omaha and boarded the cars there.

Hunting For Tubercles. Dr. Gerth, the state veterinarian, Tuesday examined about 450 cows in dairies around Omaha, looking for tubercles and other diseases. He reports, however, that he did not find a single case of the dangerous disease. Yesterday the doctor, accompanied by William Farr, meat inspector, paid a visit to the dairies between this city and Bellevue to continue his examinations under the instructions of the governor.

Disappearance of Frank Woodruff. Frank Woodruff, who has been living at 70 North Seventeenth street, is reported missing and his wife is nearly distracted over his disappearance. He has been working for the cable company and on Monday morning left ostensibly as if going to work, but has been the last seen since that time. His wife is in a delicate condition and is loth to believe that he would willfully desert her at such a time.

An Unlooked For Bullet. George E. Wilson, a clerk in the office of Mr. Hackney, in the Union Pacific shops, was shot Tuesday afternoon at 12:30 while extracting a load from a revolver at the place of business. The bullet penetrated the palm of the right hand and made its exit near the wrist joint, making a bad-looking wound and inflicting a painful and dangerous injury. The gun was of the Smith and Wesson make and the bullet, after passing through the hand, could not be found. Mr. Wilson will be laid up for several days.

A Horse and Platoon Captured. Dr. Tilden was stolen from in front of his office Tuesday noon. The thief was arrested yesterday morning at Millard, Neb., and brought back to this city. His name is George Cochran. He has been employed for some time as a hostler for Dr. Tilden, and stated when arrested that he would require a horse to drive out in the country to look for a job. The fact that he tried to sell the horse in Elkhorn makes his story sound a little fishy.

Will Be With Them. Ex-Senator Van Wick has accepted an invitation to take part in the Fourth of July observance in this city in the following terms: "I will be with you July 4th with great pleasure. Please accept for yourself and convey to the Knights of Labor and trade unions my warmest thanks for the honor they have done me. Yours, C. H. VAN WICK."

Michael Schmidt Was Killed. Joseph Geise, of Fried, Neb., came to this city the 5th of May in search of his brother-in-law, Michael Schmidt, a prominent proprietor of the hotel where Geise stopped while he was in the city, received a letter Tuesday from G. L. Humphreys, coroner of Kearney, Neb., which stated that Schmidt had been killed in that county some time ago. The letter came into Mr. Barbach's hands owing to the fact that his name was signed to an advertisement that was inserted in the city papers asking for information in regard to Schmidt. The letter was forwarded to Geise.

Omaha and Chicago United. A. C. Lichtenberger, one of the youngest and most capable master plumbers in the city, has been in Chicago since Saturday last. He is represented in his absence by his old familiar, Mike Conway. Last night Mr. Lichtenberger was married to Miss Amanda Specht, daughter of Chris Specht, the corncob man of this city. The bride, attended by her bridesmaids, left one week ago to make the needed preparation for the nuptials, which took place at the residence of Mr. Lichtenberger's parents at North Twenty-second street, on Saturday last. The groom's brother, left for Chicago Tuesday to witness the ceremony, the latter to act as groomsmen. The bride party will return in six or seven days to their residence in a beautiful dwelling which the groom has erected in Orchard Hill.

Cable Line Matters. The speed on the cable trolley's lines was yesterday increased to 7 miles and 900 feet per hour, which makes the time of running from Cass and Twentieth street to the depot 11 minutes. The new extension will be ready for use by July and will be completed by August. It will be put on the Dodge street line and passengers can thus be transferred from the depot to Lakeside in 31 minutes, which is very good time. The ordinance provides that the trains may run at a speed of nine miles per hour and it is very probable that when the road is entirely completed that the speed will again be increased.

THE INTERNATIONAL.

It at Last Recognizes and Sustains the Omaha Bricklayers' Strike. The bricklayers' strike is not over, and you would not say it was if you knew what I do about it. We have a better chance of winning than ever before. These were the words of an officer of the Bricklayers' union a few days ago, but the party refused to explain them. Yesterday a Bee man ascended the ground upon which the assertion they made was based.

Three dispositions have been made of the striking bricklayers. Some of them have gone away, others have gone to work at the contractors' prices, \$4.50 for nine hours' work, others are still idle. Some of the men, it is true, went to work originally for \$4.50 for eight hours' work, but nearly all of them have since been compelled to drop down to the wages offered by the contractors, especially since the union allowed some of its members to accept the latter. It now turns out that the acceptance of the contractors' offer was an unwise necessity. Many of the bricklayers had families to support; they had no money with which to support them. Many of the bricklayers who had about expended all the money they had at the beginning of the strike, they had no money to take them out of town, and they had but little chance of securing employment at which they would work to enable them to have money either to support or enable them to go elsewhere. This condition of affairs was occasioned by the fact that the assistance rendered by unions in other parts of the country was very slight and entirely unequal to the emergency. The strikers had found out long ago that the union would come to their assistance weekly with contributions, but they were mistaken. The union did not amount to much, and it was all that could be relied upon when the "International" refused to recognize the strike. The support did not amount to much, and it was all that could be relied upon when the "International" refused to recognize the strike.

Personal Paragraphs. J. F. Human, of North Platte, is at the Paxton. G. F. Duland, of Plainville, is stopping at the Paxton. T. J. Rippey, of Creston, Ia., is in the city and at the Paxton. N. A. Kuhn has gone on a short pleasure trip to Spirit Lake. Mr. Julius Meyer, who has been spending the past few days in Kansas City and St. Louis, returned home yesterday afternoon. J. J. Keiser, of North Bend, Neb., is in the city on a business trip. Mr. Keiser is one of the most prominent business men of North Bend and is a hustler. Miss Fannie Ingham of Pittsburg, Pa., spent a few hours in the city yesterday, previous to returning home after an extensive western jaunt in company with a few friends. The many friends of Mr. W. P. A BOLD-FACED FRAUD.

How Some Scoundrels Have Been Flooding the Creations. A quartette of rascals who had rooms in the Gruegnick block and represented themselves as traveling agents for the New York Chemical company, disappeared Tuesday night sometime between the two twilights, taking with them a roll of money fraudulently gotten from a number of young men whom they pretended to appoint as their agents. When these adventurers first came to Omaha a number of days ago they advertised for fifteen men to establish branch offices in different parts of the state, where by use of chemical dials pictures were to be reproduced. Their offer was very tempting, and in addition to a handsome salary their agents were to have their board paid and were to have 25 per cent collected on the work done. Their chemicals were to be furnished them free of charge. A number of young fellows saw in this the "snag" for which they have long been waiting and no less than six called at one time and were all taken in. Each one of them was required to put down 15 cents before the scoundrels would fill out the papers. This they all did and they were told to call again when permanent arrangements would be made with them. One of the young men, however, who had the name of Thomas L. Allen, did not happen to have 15 cents in his pockets and put up an \$87 gold watch as security until he could give them the \$15. Yesterday he and the other young men were trying in vain to find the whereabouts of the general agent and his clerks, but they were unable to find them. Warrants have been sworn out for the arrest of the sharks. The ringleader gave the name of Dr. H. W. Monroe.

ABATING NUISANCES. The Labor Which Now Confronts the Board of Health. The board of health is in a quandary. It has received complaints from injured citizens of a couple of badly kept vaults which the neighbors pronounce nuisances. One of these is located in the rear of the northwest corner of Leavenworth and Thirteenth streets, and has been complained of by Booth the oyster man. The other is situated in the rear of the Golden Sheaf saloon on Thirteenth street, near the corner of Harney. Dr. Ralph has visited both places and decided that the only way to abate the cause of the complaint is to make connection with the adjacent sewers. He has all along felt that it was the province of the board of public works to compel such work to be done, and so notified Chairman Balcomb. The latter, however, denied that this was the case, and directed the doctor to the ordinance creating and defining the nuisance. Under this authority the latter board may notify the parties responsible for the nuisances to abate the same, and after a given time, in the event of failure to comply with the same, to have the offenders arrested and fined daily until the ordinance is complied with. The responsibility is placed upon the board of health, who, it is claimed, upon the move too rapidly in the matter, because the nuisances complained of are a source of much annoyance to the adjacent property owners.

ROBS A SAFE IN DAYLIGHT. An All-Around Thief Thought to Be in Custody. Henry Wilson is in the city custody on the charge of stealing \$25 from the safe of the Grand Union Tea company, 141 Douglas. He called in the store about 9 o'clock yesterday morning and asked for a teabox. Mr. Kidd kindly offered to give him one and asked him to step with him back into the room immediately in the rear of the store where the boxes were stored.

On going to the further end of that apartment Mr. Kidd was surprised to see that Wilson was not following. After waiting for him a minute or two he returned to see what was the matter. He found Wilson leaning against the railing near the safe and looking rather flushed in the face. Mr. Kidd said the safe was open and immediately suspected something was wrong. He saw also that the cash box was partially rolled out and an investigation discovered that \$25 was missing. He charged Wilson with taking the money, but he denied it. However, Mr. Kidd insisted that he had seen Wilson roll the cash box out of the safe and placed behind the central station. On being searched \$21 was found on Wilson's person. Three days ago he was discharged from Resenman's restaurant for stealing \$7.

Remember that the Union Pacific—"The Overland Route"—is the only line that will run through the night, and coaches to Salt Lake City on June 6; \$40 for the round trip.

Will Check the Nuisance. People in the vicinity of Hanson park have been greatly bothered for some time by the discharge of firearms in that breathing spot. The nuisances are a number of young toughs in that vicinity who are well known, and the residents near by have determined to abate the nuisance by bringing the culprits to justice. Accordingly, a number of warrants were issued Tuesday, and one of them was served at night on the ringleader of the gang, who is named Henry Thiel. He was discharged from the central station.
