#### BENCH AND BAR. District Court. BELL ACQUITTED.

The evidence in the case of the state against Bell, charged with murder in the second degree, was concluded yesterday morning shortly after the opening of court and the arguments to the jury were made during the forenoon. Only four witnesses were called, three of whom were for the defense and one in rebuttal by the state. Mr. Pettigrew, a BEE repopter who visited the scene of the shooting the next morning and who was present at the preliminary hearing was called to testify to the number of shots that were fired. Dr. E. L. Ernhout, a South Omaha physician, and T. W. Hodson, a morchant of that city, were called to testify to Bell's reputation in the community for peace and good

order. They each testified strongly in favor of the defendent and his good reputation. Officer Loon was recalled by the state, but was dismissed without giving any evidence. During the entire trial of the case Mrs. Bell Insoccupied a sent in the case and their child a bright little girl of about five has open ther time with her father and mother. Bell took an unusual amount of interest in the entire trial of the case and examination of the witnesses and suggested many of the questions to the witnesses to his attorney Bell is a man of education and holds a di

ploma from the college of physicians and surgeons of Dublin. At 4:15 o'clock the jury sent in word that they had agreed on a verdict, and ten min-utes later Bell was declared a free man by the twelve men who had been chosen to try Nim. He received the news of his acquittal with evidence of joy, and embraced his wife who remained in the court throughout the time the jury were deliberating. After shaking hands with the jury and friends, Bell coupled arms with Mrs. Bell and started

shaking hands with the jury and Friends, Bell coupled arms with Mrs. Bell and started for South Omaha. DELLA ENCESON'S CASE. Mrs. Dr. Dinsmore, Mrs. Clark, Mrs. Pierson and Mrs. Joslyn appeared before Judge Groff yesterday in the district court to ask that Dalla Erickson be sent to the reform school. The little girl is twelve years old and is the daughter of a woman who now lives under the name of Mrs. Dun-cau. The mother of the child was married to Erickson before she was legally divorced from her husband Dancan. When this was made known she separated from Erickson. The history of the young girl's life for the past few months as told by Mrs. Dinsmore and the grounds on which to send her to the reform school are briefly as follows: Mrs. Duncan has been an invalid for some time with some incurable disease. She was not able to care for the child and govern her and the support that she received at the hands of the county was not sufficient to keep the child is a mover manare. The schild hardmore the county was not sufficient to keep the child in a proper manner. The child became accustomed to the street and street life. She came under the observation of the ladies of W. C. T. U. and they secured a home for her in the family of Rev. Mr. E. A. Foglestrom, at the Swedish Lutheran church, where she was adopted and well cared for. After living there some time she got possession of some money that had been deposited in the bank for her and last month ran away, going to Chicago. The dotectives in Chicago were notified that she was in that city and they arrested her. Mrs. Pierson went to Chicago after the child, brought her home and returned her to her mother. After being at home but a short time she went to the members of the W. C. T. U. and told them that she was going to run away as soon as she procured some money. Knowing her best procured some money. his site produced some money. Advantage of the past record the ladies of that institution had her apprehended two weeks ago and placed an jail for safe keeping. She has been there since that time and will be given a hearing this evening or to-morrow on the application

to have her sent to the reform school The ladies of the W. C. T. U. will make an application to have Mrs. Duncan, the mother of the little girl, taken to the hospital where she will receive better treatment than she can receive where she is, depending as she does on charity and county support.

REGHT OF WAY IN DOUBT. Arguments were being heard yesterday by Judge Wakeley in the application of the Motor Railway Company for a writ of injunction against the Omnha Horse and Street Rail-way comyany, and vice versa for the right of way at the intersection of Leavenworth and Sixteenth streets. A year ago the motor company was given a temporary injunction restraining the horse car company from tearing up its ties and tracks at the intersection of the streets mentioned, and from in terfering with the construction and comple-tion of the motor line. Both companies claimed the right of way, and accordingly the horse car company applied for an injuncor the motor people from in an tion ento way interforing, with the horse railway tracks. The injunction was temporarily granted and neither corporation could do granted and neither corporation could do anything in the way of constructing tracks until one or the others injunction was made perpetual. The horse car com-company claim the exclusive fran-chise for the running of cars on all the streets of the city, while the motor company claim that that found is belonged to a comclaim that that franchise belonged to a com pany that has ceased to exist. MOTION FOR WRIT OF MANDAMUS. John A. Smiley yesterday petitioned the court for a writ of mandamus to compel the license board to give him and thirty others a bearing whereby they can protest against the issuing of a heense to Martin Alber. Fred. C. Thomas applied for a divorce from his wife, Theresa, on the grounds that she has been reckless of her marriage vows. They were married in this city February 28, 1997

# The Stops of an Organ.

With such important functions as the liver, are of course productive of seri-ous bodily disturbance. When it re-laxes its secretive and distributive acbile gets into the blood, and lvity. tinges the skin and white of the eyes with yellow, the bowels become constipated, the tongue coated, the breath sour. Then come headaches, vertigo and congestion of the organ, accom-pained with pain in its vicinity or under the right shoulder blade. Shall blue pill be the remody sought? No, for mercury in any form is pernicious. What then? Experience indicates Hostetter's Stomach Bilters as the true remedy for inactivity of the liver. It not only relaxes the bowels without pain, but has a direct stimulating effect upon the hepatic gland itself, the seat and origin of the trouble. All malarial complaint involves disorder of the liver, and of these the bitters is the most popular curative. It also conquers dyspepsia, nervousness, rheumatism and kidney troubles.

#### Bogus Boycotters.

Threats of boycotts and pretended boy cotts of business men have been recently made by parties in this city who sail under all sorts of names. The first attempt of the kind was signed by the "Consolidated Trade Unions of Omaha." A circular issued by this bogus union, denouncing The Bee as an this bogus union, denouncing THE DER as an enemy of labor and demanzing advertising patrons to withhold their advertising, was not long ago scattered around. More re-cently similar boycott threats have been made against prominent brewers of this city by partices signing themselves "Bricklayers" Protective and Benevolent Union No. 1." Protective and Benevalent Union No. 1." State Labor Commissioner Jenkins pro bunces these so-called unions spurious. No such organizations have ever had a legal existence. There never was such a thing as the "Consolidated Trade Union" in Omaka, and the only trace of those who assume to be its members that could be found, is a printer who was arrested two or three years ago for setting fire to Tue BEE building. He called at the postoffice for let-tors directed to the "Consolidated Trade

Union. Mr. Muellar, a prominent piano dealer, who has business on both sides of the river, and who received one of these threatening letters, made a response to it. He was very kindly informed in return by "the commit-tee" without signature, that they would wait and his advertising contract with Tur BEE had run out, and that they would not now molest him.

The source of the threats against the brewers is of course unknown, but presum-ably finds a similar origin with the others.

To err is human, but you make no mistake if you use Dr. Jones' Red Clover Tonic for dyspepsia, costiveness, bad breath, piles, pimples, ague and ma-laria, poor appetite, low spirits, or disease of the kidneys, stomach and liver. 50 cents.

# IMMER GLOTHING.

During the past week we made several large purchases of Summer Clothing at an immense loss to the manufacturers, who, through the backward state of the season found themselves overstocked and pressed for cash. Owing to this fact, we secured these lots at our own figures, and being determined to make a big advertisement with them, we have marked them at such prices that this will be the most sensational sale of the season.

As this collection of Summer Coats and Vests is larger and more varied than has ever before been seen in any retail clothing house, and the inducements greater than ever before presented, our patrons will do well to avail themselves of this opportunity to secure seasonable goods at an immense sacrifice.

Among the goods thus offered and which are placed on sale this week, we mention the following:

- About 1,000 good Seersucker Coats and Vests in several elegant and neat patterns, at 75c for the Coat and Vest. These are the identical goods which are sold everywhere at \$1.50
- 700 Flannel Coats and Vests in the most beautiful checks and stripes at 75c. This Coat and Vest is worth fully \$2.00.
- 400 of the finest Mohair Coat and Vests, light colored, of stylish cut, and well made at \$2.50. The regular price for such goods is \$4.00.

Several other big lots of fine flannel and Mohair Coats and Vests in attractive plain colors at \$2.95 and \$3.25; goods for which other houses would ask \$5.00 and \$6.00.

connection with this gigantic Coat and Vest sale, we offer this week some very big drives in Pants, Several hundred pairs of all wool, good looking and good wearing Pants, worth \$2.50; at \$1.25 a pair.

Another big lot of all wool Pants at \$1.50, for which other houses would ask \$3.

300 pair very fine all wool Cassimere Pants, of a splendid pattern and best make, which are ordinarity sold for \$5, we offer this week at \$2.90.

It is not likely that we or any other house will ever be able to offer such positive bargains as we mention today.

#### United States Court.

MOTION OVERBULED. The case from Lancaster county of Griggs ngainst Arnd that was heard before Judges Brewer and Dundy the 25th of May on a Brewer and Dundy the solid of shar of a motion to remain it to the state court, and the motion passed upon and sustained by Judge Brewer, was called up for a rehearing yesterday before Justice Miller and Judge Dandy. After hearing the statement of the prounds held by the attorneys why the case should be remanded, Justice Miller gave it as his opinion that the case involves a federal question and must be tried in this court. This reverses the decision made by Judge Brewer and leaves the case open for a hear ing in the United States court. The case in volves the title to some land in Lancaster county.

AN IMPORTANT DECISION. DJustice Miller yesterday rendered a decision in the case of the Nebrasian Stock Yards company against William H. Silber-bore that is of special importance from the fact that it is the first ruling that has ever been made under the statute of March 3, 1887, on which the motion ander considera-tion which the motion ander consideration was based. The motion was to remand the case to the state courts on the ground that the amount involved was less than \$2,000. The case was brought to this court on the ground of local prejudice. Justice Miller held that owing to the circumstances under which the case was brought and to escape the prejudice of a local court, that regardless of the amount in-

local court, that regardless of the amount in-volved the case would be tried in this court. JUDGMENT SUSTAINED. The motion in the case of Hors-ford against the Underwriters In-surance company to set aside the judgment was over ruled and interest was ordered computed on the judgment from the date of the verdict.

VERDICT AUAINST THE CITY. In the case of Fairbanks & Co. against the city of Blair a verdict was given in favor of the defendant and the amount fixed at \$3,600.

#### A Young Colored Crook.

Wade Bell was tried in police court yesterday afternoon on the charge of stealing a shirt and a set of \$10 cuff buttons from James Turel. Both were colored and employed at a restaurant on Capitol avenue near Twelfth street. Judge Berka allowed the darkies to argue the case with each other, and of course they told conflicting yarns. Captain Green testified that the prisoner was a tough case who had given the palice a great deal of trouble, and the judge concluded to keep the young man out of mischief for thirty days by a visit to the county jail.
