was well filled. The exercises were of a par-

ticularly interesting character to those who

have had but little opportunity to see the

methods of instruction and to observe the

rapidity of development. Rev. G. W. Crofts

offered the opening prayer, after which came

an address of welcome from Superintendent

Rothert. This address was very practical, and while the welcome extended to visitors

was a cordial one, it was accompanied by a

chiding of those who had been so apparently

indifferent during the year as not to even call at the institution. Mr. Rothert said they had no visitors' days, or rather every day

was one. Visitors were welcome at all times and were urged to inspect the institution, to

ulary and made conversant with language.

Their progress is evidently more rapid in

language than speaking pupils.

The only saloon case taken up in the dis-trict court yesterday was quickly disposed of by granting a permanent injunction against them. The saloons are closing up at a rapid rate, and the saloon men are paying up costs and announcing their intention of letting the business severely alone hereafter. It is probable that new saloons will be started to satisfy the thirsty ones, unless the property owners are cinched by the courts.

A Disorderly Female.

Yesterday afternoon Mrs. Clara McKinney, a vivacious and pretty little widow of perhaps thirty years, was arraigned before Judge Aylesworth charged with keeping a disorderly house. The complainant was Mrs. A. Beech, who lives in the same house with the defendant at 1506 Fourth avenue. The defendant's reputation as to chastity is not quite as good as it might be, and she has been forced to leave several locations on that account. She made her last move on Friday, the Sth inst., and it was an unlucky day for her. Although a stranger to her new neigh-bors, they were not long in finding out her past history, as her numerous gentleman callers soon awakened their suspicions. The defendant entered strong denials against the accusations and said she was an honest. virtuous woman, trying to make a living for herself and little boy. The evidence was strongly against her, and the court decided that she must move as soon as she could find another house, in the meantime cutting down the number of her male visitors.
