BEE. THE DAILY COUNCIL BLUFFS

OFFICE NO. 12 PEARL STREET Delivered by Carrier in Any Part of the City at Twenty Cents Per Week, H. W. TILTON......MANAGER.

TELEPHONES: BUSINESS OFFICE, No. 43, NIGHT EDITOR, No. 23.

MINOR MENTION.

N. Y. Plumbing Co. New spring goods at Reiter's.

The city council meets this evening. Meeting of the board of education to-night. The Chicago visitors who departed yester-

day, numbered forty-six.

All are invited to attend the evening's study with the chautauqua circle to-night at the Mueller Music ball.

Several of the Missouri Valley republicans came to the Bluffs yesterday to embark for Chicago with their brethren of this city.

Encampment No. 8, Union Veteran Legion, meets this evening. Business of importance will be considered and a full attendance of members is desired.

A petition has been presented to the school board asking that the new school building on the Washington avenue grounds may be located in the center of the grounds instead of on one side as contemplated. Colonel W. F. Sapp has received a telegram from his son announcing that Mrs. Sapp has

suffered a relapse and is again dangerously low. The sad intelligence calls the colonel to New York immediately. A hilarious female by the name of Peterson, who was laboring under the in-spiration of a little prohibition fluid on South Main street last evening, necessitated the assistance of two policemen and the patrol wagon to escort her to the cooler.

Every committeeman is expected to begin to-day finishing the chautauqua subscription, which should be closed this week. Of the \$30,000 needed from Council Bluffs there remain but a few thousand to be raised, and this should be secured this week. It can be if each committeeman goes to work promptly.

A petition is being circulated among the grocery firms of the city in which they agree to close their places of business at 7:30 o'clock every evening from to-day until the 30th of September. The majority of firms have signed it, and it will go into effect this evening. The same order might well apply to ning. The same order might well apply to the dry goods houses.

C. H. Converse, of Oakland, arrived in the city Saturday evening from Tekamah, Neb., in charge of Edwin Bird, who is accused of the larceny of \$130 from C. S. Robinson, a farmer residing near Oakland, and it is stated that there are several other charges to which he will have to answer. He was placed in care of Sheriff O'Neil to await an

Yesterday afternoon, at 2 o'clock, occurred the funeral services over the body of Mrs. Henry Miller at the family residence on Vine street. These were conducted by the Rev. T. J. Mackey. Many friends gathered to pay their last respects to the memory of the de-parted. Harmony chapter, Western Star Lodge, No. 29, attended in a body, and at the cemetery the closing ceremonies were conducted by this order.

The new walks in Bayliss park are com-pleted and work is at a standstill until the money for the fountain can be raised. The money for the fountain can be raised. The appearance of the park is much improved by the changes that have been made, and the proposed fountain is all that is needed to make it complete in every respect. The grass is looking finely and the throngs of people who frequent the beautiful spot daily show that it is appreciated. The fountain should be forthcoming by all means.

Yesterday's ball game at the Manawa Athletic park resulted in a victory for the Maynes, of Omaha, by a score of 8 to 2. The game was called at the end of the sixth inning on account of the rain. The visitors played a brilliant game, while the home team displayed the need of more practice. Rank displayed the need of more practice. Benn pitched a fair game, but the visitors dropped on to him for several safe hits. There is plenty of material in the club for a good nine, but it needs developing.

Since the order of the court has gone into effect, enforcing the closing of the saloons, there has been a marked decrease in the number of drunks registered at the police station, and the "peclers" are trying to make good the deficiency by giving a little closer attention to the vags and other suspicious characters about the city. They raked in nine of them yesterday in order to keep the Monday morning quota up to the usual num-

There was no work done on the Broadway paving Friday and Saturday, as the supply of gravel was exhausted. Six more cars were received yesterday and the work will be resumed this morning. The gravel men promise that there shall be no more delay on this score. The paving already done amounts to nearly twenty thousand yards, which makes quite a showing, as it is fully one-fifth of the work to be done. It makes a very fine drive along the property of the waterworks company, and is a fair sample of what the whole will be when completed.

Yesterday was the quietest Sunday the city has known in some time. The absence of the crowds of loafers who have infested the sidewalks in front of the saloons was very noticeable. These places were all closed and the police were not compelled to go through the alleys to try the back doors, as the screens were removed and no cur-tains were drawn to hide what was going on inside, so that passers-by on the sidewalk could see that no business was being done. The change was much appreciated, being quite a relief from the condition of affairs on former occasions.

The indignation of citizens does not lessen any, and the only query is whether the Milwaukee & St. Paul railway company is throttling the Manawa motor line and hotel for its own sake, or doing the dirty work for some one cise. The majority seem to feel that the Milwaukee & St. Paul is being used not as a tool of local schemers who are determined to choke off this auternise as deer termined to choke off this enterprise, so dear to Council Bluffs. It is also believed by many that the general managers of this rail-way are misled and misinformed by local representatives, and that if they understood he real situation in Council Bluffs, the motor e would be allowed to cross their track.

S. B. Wadsworth & Co. loan money.

Buy a "White" sewing machine, 20 W. Main.

A SUNDAY WITHOUT SALOONS

The Day Quiet Enough to Suit Even the Policemen.

A JOKER CALLS THE PATROL

His Fun Ends Behind the Bars-Judge Reed Asked for a Drink -The White Hats Off for Chicago.

Had His Laugh First. Charles Clemons, a butcher in the employ of Eugene Mottay, thought he would have a little fun yesterday afternoon at the expease of the police, so he rang up the police station by telephone and asked that the patrol wagon be sent to Lanzendorfer's market to gather in a drunken butcher. The hood-lum ambulance was sent as directed, but there was no one to be found at the desig-nated place, and Chief Lucas, upon investi-gating at the telephone exchange, found that the call had been sent in from Mot-tay's place on Union Broadway.

tay's place on Upper Broadway.

The officers hurried up there and found The officers nurried up there and found the would-be funny man just preparing to leave, and he was promptly arrested and taken to the cooler, where a charge of drunkenness and disturbing the peace was entered against him. He will have an opportunity this morning to tell the court all about his enjoyable experience in fooling the police.

Cyclone a Winner.

For some time past there has been a well settled conviction in the mind of Mace Wise, the veteran horseman, that the trotting stal lion, Cyclone, owned by John Mulholland of this city, could not be driven a mile in 2:46 by his owner. He had faith in the horse, but doubted the ability of the driver. After a little talk Mace offered to bet Mulholland that he would not back his horse for \$100 for a mile in 2:46. John jumped at the offer, and the \$100 a side was quickly put up. Sat urday morning was the time agreed upon to settle the bet and Union Park the place. After a little warming up the horse came down to the score and was sent off. He went to the half-mile post at a 20 clip, but was pulled after rounding into the stretch, and came under the wire on a very slow jog. The time was 2:37. It was the opinion of specta-tors that the mile could easily have been made in 2:30, as the horse was slowed to a walk a few rods below the wire. Shortly at terward he was sent another mile in 2.3314. When the fact is taken into consideration that the horse has been doing service in the stud this season, the speed shown is certainly stud this season, the speed shown is certainly remarkable, as he has received scarcely any training whatever thus far this year. He will not be started in any races during the July meeting, but it is very probable that if a fall meeting is decided upon, the horse will be started, and the citizens will have an opbe started, and the citizens will have an op-portunity to see him lower his record. Sev-eral of the knowing ones claim that he will trot the Council Bluffs track in 2:20 this fall. Even Mace Wise's views on the subject have undergone a change. If he can drive the horse ten seconds better than Mulholland, as was claimed before the trial, he can send him for a very lively mile.

for a very lively mile.

Off For Chicago. Yesterday afternoon the Republican club met at the headquarters and acted as an escort to those who are to attend the Chicago convention. At 3:30 the line was formed and proceeded to the Northwestern depot where, at 4 o'clock the delegation embarked for Chicago. As it was Sunday there was no demonstration and the club preferred to wait until their return for bands, banners, etc. At Missouri Valley five cars of visitors were attached to this train from the 'Elkhorn,' also two cars from Sioux City and two from the south, making nine cars in the train. At Ames the Des Moines train will attach itself to this making fifteen cars. It is arranged so that the three delegate trains from Iowa will arrive at Chicago at the same time.

An Occidental on Prohibition. The California visitors the other day came fully prepared for prohibition Iowa and had their cars well laden with the wines of the occident. While driving about this city in the heat and dust, they naturally found then thirst greatly increased. One of the distinguished visitors was very pleasantly entertained by Judge Reed, of the Iowa supreme bench. After driving about for an hour or bench. After driving about for an hour or so, the visitor cautiously remarked: "Judge, I don't want to do anything that is inconsistent with your Iowa laws or in violation of good citizenship in this state, but—excuse me if it is not proper—I really would like to—join with you in a—glass—of—water." Judge Reed breathed easier, and they smiled with ice in the glasses at the nearest hydrant.

E. H. Sheafe loans money on chatte security of every description. Private consulting rooms. All business strictly confidential. Office 500 Broadway, corner Main street, up-stairs.

Sunday at Manawa.

The motor line and Lake Manawa were well patronized yesterday by the crowds of people who wished to enjoy a brief respite from the suffocating heat and dust of the city, on the banks and waters of that beautiful little sheet of water. The principal attraction offered, out of the regular order, was the ball game between the home tean and the C. E. Maynes, of Omaha, on the grounds of the new athletic park that has just been fenced, graded and otherwise improved by a fine amphitheater, etc., by the new management of the ball team.

Union Abstract company, 236 Main street

Home From the Tournament. The visitors to Clinton returned home last vening and a more disgusted set it would be hard to find. In the free-for-all race the team was not allowed to use its own hose, couplings or pipe, but was compelled to use that furnished by the association. The team made the run in the unprecedented time of 3414 seconds, but it was claimed that an imperfect coupling was made, only two and onehalf turns being made instead of three, and they were not credited with any time, thus completely shutting them out from protesting or anything of the kind. For a cut-and-tried freeze-out, the boys claim that it is the rankest thing on record, and that the conduct of the Clinton man-

agement in trying to stand, and then in perpetrating this outrage, make firemen pay for entering the grand is almost beyond comprehension. Bethune, of the Council Bluffs team, showed the Clinton folks what running was by getting on the track and skipping 100 yards in 925 seconds. Next year the tournament will be held here, and visitors will have an opportunity to see some good racing and fair awards.
