

THE CITY.

The internal revenue collections yesterday amounted to \$9,773.92. William Hart, a suspicious character, was turned over to the United States marshal this morning on a charge of counterfeiting. He had a considerable quantity of the "queer" upon his person.

kick and make a foot ball of me in general just treat him in. In 1859 I did a month's work for the general and he owed me \$40. He proposed that I take two of the lots he represented to have just sold in payment for the debt, and I went up and looked at them. There were two lots in the Bramble bushes, and was so thoroughly disgusted with them I demanded my money, which was promptly paid. But such is the way of the world of fools," ejaculated Mr. Bryant as he started for his home in Waterloo.

No Boycott. The announcement of a boycott of the beer of Metz Brothers of this city, and Anheuser-Busch of St. Louis, because both of these firms are putting up buildings on which current rates of wages and not those demanded by the bricklayers' union are being paid was entirely without foundation.

Says the Meat Was Good. J. J. Beal, the meat market man at Tenth and Dodge street, called at the Bee office this morning accompanied by Meat Inspector Farr, and stated that he desired to correct an item in Saturday's Bee relative to the condemning of some meat in his place of business on Friday.

Old Man Kerns in the Role of Kidnaper. The Kerns and the Woods of unsavory memory are laboring again to make themselves conspicuous. Mrs. Woods, the wife of John Woods, who was recently sentenced to the penitentiary for four years for attempting to blow his father-in-law's head off, made her appearance in the police court this morning and filed information against her foster-father James Kerns, the identical identical Woods tried to bounce over the Jasper wall, charging him with abduction.

St. Joe's Responsibility. The turaverein of this city will take no steps to secure the turf that Kansas admitted its inability to hold, the objection being that the time in which to prepare is too short. The burden of straightening out the difficulty will upon St. Joseph, where the vorwerk is now situated.

The Fire Reporter. There is nothing new under the sun, but here is something never before introduced in Omaha. It is the fire reporter, to whose headquarters all alarms of fire come. Instantly the horse is hitched to a light wagon and driven at great speed to the residence of the owner of a burning building or stock of goods, who is notified and taken rapidly to the fire, that he may give the firemen information as to the inside plan of the building. The fire reporter will be found of great service in a time of need.

The Pinkies are Gone. The Pinkies' police are departed. They have pulled their freight and are now sunning themselves along the docks at Chicago. That is the men are the ordinary men. Captain Foley and Lieutenant Watson are now fishing on Lake Michigan while Captain O'Connell is at headquarters on Fifth avenue telling stories about the blood-thirsty inhabitants of Omaha. Sergeant Shalley is exhibiting the notches on his club to show how many men he has whacked over the head while absent, and Johnson is writing out an expense account in order to draw the \$30 which he paid in Judge Heria's court. Meanwhile Steve Mello is all the protection the B. & M. has left.

Dynamic for the Piers. The payment by the Union Pacific of the damages to personal property sustained by the officers of the Fifth Infantry has impelled the transportation companies to feel that the road is responsible for the same and they have accordingly hired Mr. Woolworth to look after their interests. The Union Pacific company is in a quandary how to get rid of the sunken piers in the Missouri. They are afraid to use dynamite, which would shatter the obstructions in a short time, but not without injuring the piers of the new bridge. It looks to them as if a caisson would have to be erected around each, which means a great deal of expense.

Why Bryant is Sad. "I see by reading this Bee and have it from a man on the inside that General Levee has sold that corner on Sixteenth and Harney streets for nearly \$500,000," remarked John C. Bryant as he entered into the office of the secretary of the board of trade yesterday. John looked a picture of disgust, which he heightened by remarking, "if there anybody handy who would like to buy, I will sell it to him for \$100,000."

South Omaha News. Notes About the City. South Omaha advocates will rally about 7:30 to-night at the police station, better known as the city council chamber. After they rally they will those delegates to represent the Magee city at the North Omaha democratic club-out.

GOING WITH A BANG.

Last week we have supplied thousands of Customers with thin Coats and Vests; they are going off with a rush and every day's business, especially last Saturday, has taxed our capacity sorely; but success only stimulates us to stronger and more liberal efforts, and while we are just now having the biggest run in Summer Clothing, we do not neglect our other departments. We open to day and place on sale for this week two new styles of very fine Men's Cassimere Suits, which at the price we have marked them will make a reputation for us, as the cheapest clothing house in the United States. Ten dollars for a good suit having become such a popular price with us we have decided to mark them so, although this is just one-half the value. Both styles are excellent, one a dark, the other a lighter shade of grey, elegantly trimmed and made, and the goods are of fair weight, thus making them suitable to wear along in the fall. They are the biggest bargain ever shown and are in every respect equal if not superior to the other Ten Dollar suits of which we sold so many this season.

We have just opened an enormous assortment of fine pants, which we marked \$2.50, \$3.00 and \$3.25. Every pair is unquestionably a big bargain, as they are very fine all wool goods in splendid patterns of stripes; they fit as well as any you can have made to order for three times the money, and at the price we have marked them, you buy them actually at 50c. on the dollar.

In our Childrens' department we offer this week, some extraordinary bargains in Blouse Suits, just the thing for hot weather, for boys from 4 to 10 years. One blouse and pants at 95c; a good looking and strong suit, another fine blue flannel suit with silk embroidered collar at \$1.35. Still another extra fine flannel of a beautiful shade of chocolate color at \$2.75. None of these suits could be had at any other place for less than double these prices. Another big offering in this department, is a strong and good wearing knee pant suit, in beautiful checks which we have marked down to \$1.50. This suit is a big bargain and we have only marked it down so low because the largest sizes are sold out.

One Price Only. No Deviation. Nebraska Clothing Company. Cor. 14th and Douglas Streets, Omaha.

She Tried and Knows.

A leading chemist of New York says: "No plaster of such merit as the Athlophoro Plaster has ever before been produced." They are a novelty because they are not made simply to sell cheap, they are the best that science, skill and money can produce, and will do what is claimed for them. For sprains, necks, weakness, lameness, etc., they are unequalled.

And for this very reason there is not to-day a remedy within the reach of the public more highly prized for its value in the household, in the counting-room, workshop and factory, than Robinson's Plaster as a remedy for aches and pains of every kind. In colds, coughs, Hoarseness, Rheumatism, Chest Pains, Rheumatism, Sciatica and Backache, Robinson's Plaster is recognized by physicians and public as an external remedy of equal merit to any other. To secure good results always use Robinson's Plaster, and take no other plaster. Many worthless plasters are offered on the market, and every buyer should be careful buyers won't be deceived.

BOOK TO MEN, FREE. Upon Private, Special or Nervous Diseases, Impotency, Syphilis, Gleet and Varicocele with question list.

My Reasons for Writing a Book Upon Private, Special and Nervous Diseases. I have for many years made a specialty of diseases of the urinary and sexual organs, and have become a recognized authority upon the subject, consequently I receive an immense number of letters from physicians and afflicted persons, asking my opinion and advice upon individual cases. For the benefit of such persons, I have written a book, giving a general description of the most common diseases and conditions, my treatment, success, advice, etc. After reading it, persons will have a clearer idea of their condition and can write me more intelligently and to the point. It will therefore be seen that the object in writing these pages is not to furnish reading matter to a class of persons who read of mere idle curiosity, but for the benefit of the many who are suffering to a greater or less degree from diseases, or the effects of diseases or abuses, of the sexual and urinary organs. Not a day passes but we receive many calls or letters from persons suffering from this class of diseases, or their sequel. Many of them are ignorant of the cause of the difficulty that has wrecked their constitutions, thrown a cloud over their bright prospects and is shortening their days.
