Mr. Oscar M. Anderson, of Nebraska, known as "Franz Seppel" through his naming letters some months ago to THE BEE from Boston and Europe is in town. Mr. Anderson is on his way home from Harvard college, where he has just completed his junior year.

Mr. W. E. Annin, who has been doing the Chicago contract for THE BEE, and whose reports by far exceeded anything telegraphed our Omaha correspondents, arrived here yesterday. He has the appearance of a man who has been doing the work of two men for a week.

Rogers-Deering. Mr. Warren F. Rogers, son of Milton Rogers of this city, was married yesterday to Miss Deering, daughter of the mayor of Portland, Me. The bride was attended by Miss Carrie Lams, of this city. The bridal party will return to Portland on Monday. Mr. Rogers will remain for some weeks in the east.

More Money. John Gish, the representative of the Lombard Investment company, is in the city to make arrangements for the opening of a branch of that institution in this city, the quarters selected being those in the southern part of the First National bank building on Thirteenth street. The company has heretofore loaned money here, perhaps as much as \$500,000 in this city alone. Its new branch will give employment to about a dozen experienced clerks and accountants.

He Gave His Check. O. Weisman was arrested yesterday on complaint of Newman & Co., clothiers, charging him with obtaining money under false pretenses. Weisman purchased a suit of clothes of this house and in payment gave them a check on McCague's bank for \$50. It was later learned on presenting the check at the bank that Weisman had only \$5 in his credit on deposit, and Newman & Co. at once had Weisman arrested.

Sells' Great Griens. Sells' great circus and menagerie gave two performances in Omaha yesterday, afternoon and evening. The mammoth pavilion was crowded to suffocation, and the vast throng attested to their appreciation and approval of the wonderful exhibition in local and frequent applause. The show is a good one from opening to close, a decided improvement on some of the former exhibitions of this celebrated aggregation. The riding, tumbling, leaping, vaulting, trapeze performance, races and all were of a character well calculated to excite and thrill the audience.

Wicket Witherspoon. Will H. Witherspoon, a traveling fakir, representing himself as a runner for a large Chicago millinery house, succeeded in duping several millionaires in this city Monday. He said he was getting out an advertising circular for S. P. Morse & Co. and received immediate orders for space, for which in several instances he collected the sum in advance. A patron of Witherspoon's called at Morse's store, where the fellow was denounced as a fraud. The police were notified, but have as yet failed to turn him up.

Board of Equalization. The proceedings of the city council last night were opened by the members sitting as a board of equalization. Protests were read from Hugh G. Clark, C. F. Goodman and others protesting against the payment of taxes levied for sloping banks. Mr. Goodman says that Contractor Stunt, who was sent by the board of public works to slope the bank, had charged double for the work contracted for by Mr. Moran, who was driven off by Stunt and his men. The protests were placed on file, and the report of the committee on equalization was adopted, after which the council adjourned.

A Threatened Milk War. OMAHA, June 25.—To the Editor of THE BEE: I am in hearty sympathy with THE BEE in its efforts to improve the quality of milk sold in this city. But you should not cease the good work you have been accomplishing. Much of the milk now sold is wretched. I will venture to say that not one quart of fresh, unskimmed milk is sold from a milk wagon in this city. Milkmen should be prohibited from skimming their milk, or from selling it, if skimmed. They would say to this, of course, that it would be the ruination of their business. But why is it that so many poor men start with two cows and one can of milk delivered on foot, and inside of three years find themselves owners of large herds and good teams?

Last Saturday morning a friend sent me one quart of cream from his farm, nine miles from Omaha. I put it on ice and kept it sweet until Monday morning, when it was just as good as the moment it was skimmed. The cream I got from the milk wagon is delivered every morning, and there has not been a day this week that it has not soured during the night, although it is kept on ice.

The people of Omaha will stand this indignity so long, and when all patience is exhausted, we may expect to see a stormy milk deluge as late as New York a few years since.

The various committees of the city have decided to celebrate the Fourth of July in a fitting manner this year. Highway Robbery. Two crooks, registered as L. A. Anderson and Charles Brown, are in cells at the central station for robbing a man named Levi Hite night before last. Hite was a boarder at the European hotel on South Tenth street and the two thieves discovered in some manner that he had considerable money on his person. Accordingly they filled him up with drugged liquor and taking him to an obscure street robbed him. Hite held Hite's hands while Anderson went through his pockets. Hite complained to the police of the matter and yesterday afternoon the robbers were captured in a house of prostitution where they were freely spending their ill-gotten money. When the thieves were taken to the central station and searched a pocketbook was taken from Anderson that Hite immediately recognized as the one of which he had been robbed.

Fight With a Woman. Mike Raynor, a butcher who lives near Sheely's, had some trouble with a female neighbor of his yesterday morning on account of his charging her with pilfering some boards. As the fight waxed warmer Mike had to seize an ax to defend himself with. He struck her with the barbarous weapon, but fortunately it was very dull and inflicted a bruise instead of a serious wound. A number of the woman's friends came running to the scene when they heard her scream, and Mike also got reinforcements in the person of his brother Bill. A general free-for-all fight was the result. Mike and Bill were both arrested, but on promise to behave themselves better in the future were let off with the light fine of \$5 and costs each.

A Good Work Commenced. The policemen have declared war against the friends who either thoughtlessly or maliciously throw banana peels upon the sidewalks, and the good citizens of Omaha lift up their voices in devout thankfulness for it. Two arrests were made yesterday for this flagrant offense and the perpetrators passed the night in a cell at the central station for it. Their names are registered as Anton Reetz and Peter Popa, and by those assumed names they will be always infamously noted in Omaha as the first banana peel fiends who met with just retribution. Throw your banana peels hereafter into the gutter and not on the sidewalk.

Powell Reeves. BETTE MORSE, Editor of THE BEE, and Powell Reeves, the alleged doctor whom THE BEE exposed some time since, is doing a big business here and has been patronizing the newspapers liberally. The name here has its association with the name of your paper containing the expose, but for obvious reasons don't make use of them.

GOING WITH A RUSH.

Last week we have supplied thousands of Customers with thin Coats and Vests; they are going off with a rush and every day's business, especially last Saturday, has taxed our capacity sorely; but success only stimulates us to stronger and more liberal efforts, and while we are just now having the biggest run in Summer Clothing, we do not neglect our other departments. We open to day and place on sale for this week two new styles of very fine Men's Cassimere Suits, which at the price we have marked them will make a reputation for us, as the cheapest clothing house in the United States. Ten dollars for a good suit having become such a popular price with us we have decided to mark them so, although this is just one-half the value. Both styles are excellent, one a dark, the other a lighter shade of grey, elegantly trimmed and made, and the goods are of fair weight, thus making them suitable to wear along in the fall. They are the biggest bargain ever shown and are in every respect equal if not superior to the other Ten Dollar Suits of which we sold so many this season.

We have just opened an enormous assortment of fine pants, which we marked \$2.50, \$3.00 and \$3.25. Every pair is unquestionably a big bargain, as they are very fine all wool goods in splendid patterns of stripes; they fit as well as any you can have made to order for three times the money, and at the price we have marked them, you buy them actually at 50c. on the dollar.

In our Children's department we offer this week, some extraordinary bargains in Blouse Suits, just the thing for hot weather, for boys from 4 to 10 years. One blouse and pants at 95c; a good looking and strong suit, another fine blue flannel suit with silk embroidered collar at \$1.35. Still another extra fine flannel of a beautiful shade of chocolate color at \$2.75. None of these suits could be had at any other place for less than double these prices. Another big offering in this department, is a strong and good wearing knee pant suit, in beautiful checks which we have marked down to \$1.50. This suit is a big bargain and we have only marked it down so low because the largest sizes are sold out.

My Reasons for Writing a Book Upon Private, Special and Nervous Diseases. I have for many years made a specialty of diseases of the urinary and sexual organs, have become a recognized authority upon the subject, consequently I receive an immense number of letters from physicians and afflicted persons, asking my opinion and advice upon individual cases. For the benefit of such persons, I have written a book, giving a general description of the most common diseases and conditions, my treatment, success, advice, etc. After reading it, persons will have a clearer idea of their condition and can write me more intelligently and to the point. It will therefore be seen that our object in writing these pages is not to furnish reading matter to a class of persons who read out of mere idle curiosity, but for the benefit of the many who are suffering to a greater or less degree from diseases, or the effects of diseases or abuses, of the sexual or urinary organs. Not a day passes but we receive many calls or letters from persons suffering from this class of diseases, or their sequel. Many of them are ignorant of the cause of the difficulty that has wrecked their constitutions, thrown a cloud over their bright prospects and is shortening their days.
