The sudden arrival of the heated term has caused an unusual amount of sickness among children in this city. All physicians report great increase in this respect, and no less than eight funerals of little ones were booked yesterday. Last year the same alarm-ing state of affairs existed.

The Diamond Thieves Bound Over. Joe Lockwood, the thief who stole the Garneau diamonds and Rudolph and Solomon Strauss, the men who swindled the sneak out of the gens, were all three ar-raigned before Judge Berka yesterday afternoon. They waived examination and were each put under \$6,000 to appear before the district court.

Discordant Neighbors.

J. Corey was arrested and fined yesterday in the police court for engaging in a brawl. After paying his fine, he went before Justice Kroeger and swore out warrants against John and George White, Margaret and John Houston, whom, he claimed, were the cause of the disturbance. They were each put under \$300 to keep the peace.

Sanitary Policeman's Report.

The report of Sanitary Poticeman Pulaski for the month of June shows that there were 78 obnoxious nuisances abated, 2 obstructed streets cleared and 13 vaults cleaned. The citizens of the Fourth and Sixth wards are complaining of the garbage master, alleging that he neglects his duty in not calling promptly for garbage.

Wants to Buy the Herald. It is said that Mr. John D. Creighton has

The price offered is \$65,000 for the good will, presses, type, etc., and as Mr. McShane is understood to be will and as Mr. McShahe is understood to be will-ing to sell, at a price, it is believed a bargain will be consummated. The offer was made through the mails last week and a reply is expected daily.

Timely Suggestion.

A prominent citizen remarked yesterday while witnessing a narrow escape from a cable car "run-over," that the company should order its gripmen to avoid passing cars at street intersections. Persons watching one car passing are liable to step right in front of another car coming in the opposite direction. The gong sounds are no protec-tion, only adding to the confusion.

Street Railway Improvements.

The street car company is constructing a new barn for horses on the corner of Vinton and Sixteenth streets. It is 104x60 in dimensions, and makes, with the present car barn which will be moved adjacent to it, an area of 204xe0. The new building will accommodate 180 horses. In a short time ten-minute cars will be put on the Thirteenth street line which is the best patronized in the city and has no cable competition.

Return of an Old Crook. John Wallace, the notorious all-around

thief, who for years kept a "fence" for thieves on Douglas, between Ninth and Tenth, returned to Omaha recently evidently to engage in his old occupation and plunder a house. On being tried yesterday he was given fifteen days in the county jail. He swears he will kill Detective Ormsby as soon us he serves out his sentence.

Worse and More of It. E. G. Seiders & Co., of Kansas City, have

written to the chief of pelice again reiterating their charges against J. S. Glenn and V. V. Ritter, collecting agents in the Ramge block. Seiders & Co. say that they are both rascais of the purest type, and that Glenn is the biggest of the two. Further that they have swindled numerous business men down there, and that they intended to send the papers up here for Ritter's arrest. They added that it was the general opinion that Ritter was influenced in his operations by Glenn.

Died with His Boots On.

The chief of police is in receipt of a letter from a law firm in Terre Haute, Ind. asking that the records be looked up to ascertain whether anything definite can be ascertained with reference to the death of one Sidney Melton, near this city, twenty-five years ago. It further stated that an effort was being made to secure a pension for the widow of Melton, who served through the war and had been a prisoner at Belle Isle, Va., where Mrs. Melton says he died. Other information points to the fact, however, that he was liberated, emigrated to the then "wild and woolly west," and died near Omaha "with his boots on." No cut or mark down by any house can approach our prices, simply for the reason our prices are made right to begin with. We don't start the season with 100 per cent profit, reduce to 50 per cent later on, and at the close mark down to a profit of 25 per cent; this is not our way.-WE START RIGHT AT FIRST; that's what sells our Clothing. The prices are always the lowest at the beginning and the end of season alike. As the season is closing, we find good sound reasons for marking down some of our goods. Some lots don't sell well and again such lots as have sold well are badly broken up. It is no good policy to carry them over; it is better to reduce the price and get rid of them. Thats the way we do it and when we reduce the price we put it low enough to accomplish the object.

We offer this week a genuine mark down in many lots of Children's, Boy's and Men's Suits and Pants; when you see them you will realize how much of a mark down this is. We will let you judge of the values.

Boy's and young Men's flannel Suits, a splendid color and warranted Indigo blue

Boys and young Men's all Wool Cassimere Suits, a neat dark stripe and a pattern which will please anybody, honest goods and of fair weight at \$4.90. This is a Suit which ordinarily can not be bought for less than \$8.00. Boy's and young Men's Scotch Cheviot Suits of elegant light color, tasty and

stylish, well made up at \$6.75; a suit that is selling right along everywhere for from \$10. to \$12.

All these Suits run up to 18.

The Mayor Has Appointed Joe Redman in Place of Louis Heimrod. Mayor Broatch has appointed Joseph Rodman a member of the board of public works, vice Louis Heimrod, and will submit his name to the council for confirmation at its meeting to-night. The mayor says he has had a battalion of applicants for the position, but that Mr. Redman had been settled upon for some time.

Important Measures. The directors of the board of trade had a most important meeting Saturday night. There was a full attendance and every one was most enthusiastic for the subjects under consideration necessitated real, live Omaha get-up-and-get action. The project of having a grand crusade of business men from this city to the south during September and Octo ber, next to visit the Augusta exposi ber next to visit tion and other important cities was discussed

regarding the matter and to use only favor-

a memorable one and carry alone such an exhibit of Omaha and Nebraska products as would astonish all beholders. The return will be by a different route, taking in all the leading southwestern communities. The work of preparation for this great and advantageoffs trip will be commenced at once.

The subject of re-establishing an open grain board was also favorably considered by the directors. Circulars have been sent to all the prominent grain markets and operators, and privileges will be offered to non-members of the board for \$25, and dispatches regard-ing the matter will be received over both the Western Union and Atlantic & Pacific lines, besides private wires. It is understood that McWhorter & Rollins, the well-known grain market firm, will be invited to open an office in the Chamber of Commerce building.
