LINCOLN BUREAU OF THE OMAHA BEE.

The Union Pacific railroad company insist that they have rights that are not clearly defined by statute enactments. To prove this Acting Manager Kimball tells how the company...

OMAHA, July 28.—To the Honorable Board of Transportation: Gentlemen: I am in receipt of a letter dated July 19, 1888, from H. M. Waring, chief clerk, in regard to the complaint of J. H. Jacobson, and in which a request is made that I furnish authorities upon the following topic:

First—A through train consisting of Pullman coaches, being a regular train upon the line of your road. Is not any person entitled to ride thereon between points at which such train stops, upon paying the maximum of 3 cents per mile authorized by the statute?

Second—Are you authorized to charge the full maximum fare upon a regular train and insist that all persons seeking to take passage upon said train shall, in addition to paying your charges for transportation, pay to some other person or company, an additional compensation?

The only train on the line of the Union Pacific to which the complaint of Mr. Jacobson can possibly relate is train No. 3, running west from Council Bluffs. It is true that this train carries Pullman cars only for the accommodation of passengers, and that each person is required to pay the usual Pullman rate for berths or seats in addition to the railroad fare. This train is run at a high rate of speed, and by this means the time between Omaha and the Pacific coast is considerably reduced. It is intended for the transportation of through passengers, and in order to accommodate such passengers necessarily 100 Pullman cars, destined respectively for Los Angeles, Cal., Denver, Colo., and Portland, Ore. By the running of this train exclusively on such train no hardship is worked to the public, inasmuch as there are running on the road of this company daily trains, in each direction, which carry Pullman coaches. There are now as many daily trains of this character on the company's road as there ever have been at any time, with the exception of a train named when train No. 3 also carried a day coach. No day coach is carried at the present time on train No. 3, for the reason that the addition of such coach to the other cars render the train so heavy that it was impossible for it to make the schedule time and the numerous connections at each train with reasonable regularity. In order to accommodate through travel to local points in Nebraska No. 3 makes numerous stops; in fact, more in proportion to the number of miles run, and the time made, than any other train of its class in the country. This company has not, as other roads have done with respect to similar trains, refused to carry local passengers on No. 3. As a necessary incident of such carriage, each person who desires to take said train between local points within the state of Nebraska is by the Pullman company required to pay its usual rate for a berth or seat. It is, I presume, to the inconvenience of local passengers within the state of Nebraska that the board desires to call attention, since I suppose it is conceded that the Nebraska maximum limit has no application to any other mode of travel, on the ground that it has no extra territorial force, or because such a construction would render it a regulation of interstate commerce, and therefore unconstitutional.

With this explanation of the train service of the company, I desire briefly to notice the propositions submitted by the board. No similar question has ever been submitted to the courts, but the right to run trains limited as to the character of passengers, the nature of the service rendered, and the points at which stops are made is conceded, practically and judicially.

The apportionment of money for county schools for the coming year has been made, and is as follows: From the state, \$30,034.71; fines and licenses from the county, \$707.84, making a total of \$30,742.55. The money will be divided among the districts as follows: Omaha, 13,059.33; South Omaha, \$38.19; Florence, \$22.83; Waterloo, \$30.13; Elkholm, \$18.16; York, \$100.98. The school enumeration for the county is 23,129.

CITY NEWS AND NOTES. Governor Thayer today issued a warrant upon requisition papers and Elton F. Bliss was taken from Koca to Council Grove, Kan., where he is wanted on the charge of obtaining money under false pretenses.

Hon. W. J. Connell, of Omaha, is in Lincoln to-day. James McClary, of Norfolk, and Henry Grosshans, of Sutton, are in the city to-day feeling for the political pulse. McClary wants to be state treasurer and Grosshans expects to ride into the state auditor's office over the mortal frame of Colonel Thomas Herbert Houston.

Ex-Surveyor General Stevenson, of Richardson county, and Colonel Thomas J. Majors, of Nemaha, who has a whole horset's nose buzzing under his hat in a congressional way, are in the city.

The annual meeting of the Nebraska Trotters' association takes place at the fair grounds in this city on the 15th, 16th and 17th of August. A great many entries have already been made and the drive promises to be one of the most interesting ever held in the state.

HER EFFORTS APPRECIATED.

A Resolution of Thanks to Mrs. C. M. Woodward of the W. C. T. U.

To the Editor of THE BEE: On the last evening of the Chautauqua at Long Pine the following resolution was ordered and signed by many of the representative people of northwest Nebraska:

Whereas, in view of the tireless energy, the ceaseless labors by night and by day, the sacrifice of time and money in order to organize the temperance forces of northwest Nebraska, and especially cognizant of the fact that the beautiful W.C.T.U. building recently erected upon the Long Pine Chautauqua grounds is almost wholly due to the concerted labors of Mrs. C. M. Woodward, therefore

Resolved, That the most devout thanks and the highest appreciation of the W. C. T. U. of Nebraska, and of the members of the Long Pine Chautauqua, and of the people generally be and are hereby extended to our sister, Mrs. Woodward, earnestly praying that God may preserve her health, and bless her more and more in her arduous toil.

In Justice to Mr. Millie. Sunday morning's BEE contained a special telegram from De Witt, Neb., giving the particulars of an accident that occurred near that place. The telegram did an injustice to a worthy business man of De Witt, and the following statement received from the party who sent it is published in justice to Mr. Millie:

DE WITT, Neb., July 26.—To the Editor of THE BEE: In my dispatch concerning the accidental death of Hawes in Sunday's BEE there seems to be a spirit of injustice and harm doing to Harry Millie and the family of the deceased. From THE BEE headlines, "Was It Murder or Suicide?" it may be inferred that Millie was directly or indirectly the cause of the death. All know it to be a pure accident, happening two miles from Millie. The frequency of Millie's name in the BEE is due to the fact that he endangers his business and moral standing. Business men are earnestly assured that he is all a business man. You should be. Your correspondent is not liable, but no malice was intended. Lack of wisdom and overzeal for news is offered as the excuse. JOHN L. MORRISON.

PURIFY YOUR BLOOD.

Impurities in the blood produce disease. Bodily and mental health depend upon a healthy condition of the blood. The blood, particularly in the spring and during the hot summer months, becomes clogged with impurities, which induce it and generate disease. A harmless blood purifier, without a particle of mineral poison in it, such as mercury or potash, is necessary to remove these impurities and to restore a healthy tone of mind and body. The best purifier and tonic known to the world is Swift's Specific (S.S.S.). In regard to its wonderful purifying and tonic powers we give a few testimonials as follows:

Mr. Wm. A. Stebbins, with Geo. F. Rowell & Co., 10 Spruce Street, New York, writes March 22nd, 1888: "I feel in my duty to the benefit of others who may be afflicted as I was, to write you this letter, which you can use as my testimony in any way you choose. I will answer any inquiry from others in relation to the facts herewith stated. In February last I suffered great pain and inconvenience from both, all over my back, resulting from my blood without acute pain and my blood was in poor condition. After trying all the usual remedies in such cases, and finding no relief, by the persuasion of Dr. J. W. Foster, Manager of your New York Office, I used one bottle S. S. S., and I improved rapidly and very soon I was entirely relieved of my "job's condition." It was a sign of my affliction can be seen, I feel strong and cheerful. S. S. S. is a fine tonic as proved in my case. I sleep soundly and my appetite is good. Dr. J. M. Cheney, a well known physician, writes from Ellaville, Georgia: "I use S. S. S. in convalescent fever cases with the best results. It will, in my judgment, prevent summer dysentery, if one will take a few bottles in the spring, thus preparing the bowels for the strains of summer."

Mrs. Scott Linton, 116 Zane street (Ireland) Wheeling, West Virginia, writes: "I have used S. S. S. for the blood, I can safely say that it beats anything I have used to cleanse the blood and make a new tone out of a person."

Mr. S. H. Hamlin, Winston, N. C., writes: "I use it every spring and it always keeps me up, giving me appetite and digestion, and enabling me to stand the long, trying, enervating hot summer days, and when I feel a little become strong of body and easy of mind."

BOOK TO MEN, FREE, Upon Private, Special or Nervous Diseases, Impotency, Syphilis, Gleet and Varicocele, with question list. My Reason for Writing a Book Upon Private, Special and Nervous Diseases. I have for many years made a specialty of diseases of the urinary and sexual organs, have become a recognized authority upon the subject, consequently I receive an immense number of letters from physicians and afflicted persons, asking my opinion and advice upon individual cases. For the benefit of such persons, I have written a book, giving a general description of the most common diseases and conditions, my treatment, success, advice, etc. After reading it, persons will have a clearer idea of their condition and can write me more intelligently and to the point. It will therefore be seen that our object in writing these pages is not to furnish reading matter to a class of persons who read out of mere idle curiosity, but for the benefit of the many who are suffering to a greater or less degree from diseases, or the effects of diseases or abuses, of the sexual or urinary organs. Not a day passes but we receive many calls or letters from persons suffering from this class of diseases, or their sequel. Many of them are ignorant of the cause of the difficulty that has wrecked their constitutions, thrown a cloud over their bright prospects and is shortening their days.

SURGERY. Surgical operations for the cure of Hare Lip, Club Feet, Tumors, Cancers, Fistula, Cataract, Strabismus (Cross Eyes) Varicocele, Inverted Nails, Wens and Deformities of the Human Body performed in the most scientific manner.
