ST. PAUL, August 8.-[Special Telegram to THE BEE.]-St. Paul signalized its return home to-day by defeating the Chicago Maroons in a close and interesting game in the presence of one of the smallest crowds of the season. John Sowders, whom the St. Paul management loaned a short time ago to Minneapolis, but who was recalled, occupied the box for the home team and pitched a magnificent game, holding the visitors down to four scattering hits besides striking out twelve men. Outside of the first inning, when he was touched up for four singles and a double, Dwyer also did fine work in the points. Hoover made a couple of chump plays for the visitors, and then lost his tem-per and wanted to fight, but finally cooled down and proceeded with the game. The

The Deals in Which the Various Candidates are Engaged.

EIGHTH WARD STAR CHAMBER.

Connell Will Have Solid Delegations From the First and Second Wards-The Caucuses and Meetings To-Night.

Tales of the Campaign.

"THE BEE yesterday said that a number of the councilmen were disposed to go to the legislature to knock out the police and fire commission," said a gentleman: "But that is not all they want to go there for. They intend also to knock the mayor out. You know that his term of office

does not expire until about a year from next January. The councilmen whose names you have mentioned want to cut that short by amending the charter so as to restore the old spring election. They are sore on the mayor, just as sore as they are on the commission, and they think that this is the only way that they can get rid of him. It's a bold game, But these fellows who have stood in the way of the best government of the city, now that

they have been beaten, are desperate enough to undertake anything. Even if they should succeed in passing the amendment, the law would be retroactive. They will find out, however, that they are proposing more than they can accomplish." C. E. Yost, who is working for the position of state treasurer, says that he has about a

dozen competitors and that if he gets a fair delegation from this county, he will have a good chance for nomination. A different opinion was expressed by another party yes-terday who claimed that Douglas county was expecting too much in asking the sena tor, the congressman and the state treasurer. He thought she might be able to secure the

congressman but that the line would pro-bably be drawn there which would leave out Yost "We are not Connell nor Webster men in our ward as yet," said a Sixth ward citizen. We have a fight of our own on our hands. "We are getting our club into the hands of the people as opposed to a ring which has heretofore run it. In fact we have never had much of a club, but whenever any convention was to be held or anything to be done, 'Bill' Marrow, Joe Rowles and Page got themselves elected to them and placed

themselves on the central committee. are not going to stand this much longer, We cause the citizens have taken hold of the matter and will endeavor to make the club a representative one. Bill Marrow everybody knows as a wire puller. You can see him almost every day in the street, and I have frequently wondered how he managed to live. I thought he was generally unemployed. But I have since learned that he is in the em-ploy of the board of education, and I am told that he has been privately used by members of their heads to de political members.

of that body to do political work for them. In the first place, I don't think any member of the board has a right to rob the people in

this manner, and in the next place, I think the unaspiring citizens of the Sixth ward will be able to get along without Mr. Mor-row's questionable leadership."

LAST NIGHT S CAUCUSES.

The First Ward Instructs Its Delegates For Connell.

The First Ward republican club met last night at National hall, corner of Thirteenth and Williams streets, and after listening to a committee report resolved itself into a caucus for the nomination of county convention

delegates to be submitted to Friday's primaries. John Rush was chosen chairman and W. A. Kelley secretary. Judge Hascall announced himself as for Mr. Connell for congress because outside counties are favorable to him and if nomin-ated he can be elected, but he expected to abide by the action of the caucus. He urged John Rush was chosen chairman and that the caucus express its preference for the congressional candidate before choosing delegates, and if a large majority favored any par-ticular candidate he should have a solid delega tion. Mr. Connell has solid delegations in the Second and the Seventh wards. The Clarkes, father and son, have worked up a sentiment against him in the Fifth ward, and

fectly square, and everything was all right. Yost is all right anyway. That's all we care about." and then John drove out to Thirtieth and Caming to see if the caucus Ten Cases Under the New Iowa

principles. Said a prominent, grocery man: "Why, it was a put-up job on the part of Dennis Lane and Lake. And Alien stood in with them. If the meeting had voted entirely for Furay, Allen would have declared Collard elected." iples.

To-night's Meetings.

The Danish domocratic club is called to assemble at Metz's hull. The Fifth ward republicans hold their caucus at the engine house, corner Sixteenth and Izard streets.

John C. Thompson, A. L. Wiggins and C. Inski, county central committeemen of the Seventh ward, at the request of the republi-can club of that ward, have called a meeting of republicans in the house at Hanscom park minate a primary ticket.

The Fourth ward members of the county central committee, Gustav Anderson, George M. O'Brien and D. H. Wheeler, have called a caucus of republicans at 1814 St. Mary's avenue, to nominate a primary ticket, which will be voted for on Friday next. The republicans of the Sixth ward desire a

large attendance at their meeting at Twenty-sixth and Lake streets. They will also select a primary ticket.

lect a primary ticket. The adjourned caucus of the Ninth ward republicans will be held at Twenty-ninth and Farnam streets. All republicans of the Sixth ward are earnestly requested to be present at the cau-cus to be held Thursday, August 9, at 8 o'clock p. m., at the headquarters of the club, Twenty-sixth and Lake streets, for the pur-pase of selecture a ticket to be voted on at pose of selecting a ticket to be voted on at the primaries Friday, August 10.

Miscellaneous.

The McShane Invincibles of the Second ward have decided to organize a marching club, and have employed a tactician who will commence instructions on next Monday night. At that time a committee on uniform

will make its report. At the meeting of the Eighth ward demo-crats Tuesday night, at Twenty-fourth and Saunders streets, several names were added to the roll.

It is claimed that a lively discussion took place in the democratic meeting of the Sixth ward, Tuesday night, which resulted in moving the headquarters of the organization to the second district of the ward, and that the meetings will hereafter be held at Twenty-sixth and Lake streets. On next Monday night the disgruntled members will make an attempt to organize another club at

Secretary W. A. Kelly, of the First Ward republican club, has collected funds and ordered a flag staff 115 feet high, above ground. It will be located at Eleventh and Mason streets, from which point it can be seen from all parts of the city as well as from the Bluffs.

The Lancers' Parade.

The Republican Lancers club expect to have everything in readiness for a grand parade in about two weeks. The club member-ship is rapidly swelling, and the display they will be enabled to make in their first parade will be a creditable one.

The Hotel Keepers.

DES MOINES, Ia., August S .- [Special Telegram to THE BEE.]-The semi-annual meeting of the Iowa hotel keepers' association was held here to-day. About sixty members were present, including representatives of the leading hotels of the state. Several new members were admitted and the meeting was devoted largely to a social discussion of topics of mutual interest. The following of ficers were selected: President, Colonel P. G. Ballingali, Ottumwa; vice president, George M. Christian, Grinnell; secretary and treasurer, C. F. Wightman, Des Moires. The next meeting will be held at Ottumwa.

A Strange Accident.

DUBUQUE, Ia., August 8.-- [Special Telegram to THE BEE.]-Hon. William G. Stewart, president of the Dubuque County bank, was seriously injured this afternoon by a peculiar accident. He had gone out to his farm, a few miles from town, and while entering the barn door the wind blew it violently, striking him in the back and throwing him to the floor, where he was found bleeding and unconscious. As he is quite an old man his in-juries, it is feared, may prove fatal.

The weight coming upon the part out of plumb has caused it to crack. Davenport Will Not Play Ball,

DAVENPORT, Ia., August S .- The Minne opolis franchise in the Western Buse Ball aspociation, which was believed to be not only within reach of Davenport, but actually within its possession, is now apparently farther away than ever. The Davenport Base Ball association squarely refuses to ratify the deal which the committee sup posed it had power to make, and which caused the statement to be sent out that the Minneapolis schedule of games would be played in this city. The reason given for the action taken is that the best players in the Minneapolis nine had been disposed of, and that the dolay of the directory of the Western association in electing Davenport a Western association in electing Davenport a a member caused at to lose good men who have been playing in the Davenport nine during the season. In answer to dispatches received, stating that the Western directory had elected Davenport, the reply was sent that the action was too late—that Davenport would not play ball.
