A Review of the Political Situation in Lancaster.

DETECTIVE PINNEO BOUND OVER.

Warrants Issued for the Arrest of the Principals in the Burlington Shooting Affray—Some Significant Resolutions.

LINCOLN BUREAU OF THE OMAHA BEE, )

1029 P STREET, LINCOLN. August 13. It can not be called prognostication to state whither the political winds are blowing in Lancaster county. The novice can see and feel and know. L. N. Raymond will be nominated for the state senate by acclamation and his conferere will be Sol Beardsley, an Intelligent and progressive farmer living ten miles south of the city. J. L. Caldwell, J. C. McBride, Eli Plummer, J. W. Dickinson, and Spencer, of Firth or Charles Severeine will represent Lancaster county, in the house of representatives. Of these gentlemen the first three named reside in the city, Dickinson in the north men the first three named reside in the city, Dickinson in the north and Spencer and Severeine in the south part of the county. This will make an admirable geographical disposition of the official trusts to be conferred. And, mildly putting it, the intelligence of the county will be well represented. The fight is not on in this county now. That was settled at the primary election. The railroad crowd were rejerated to The railroad crowd were relegated to tion. The railroad crowd were relegated to

is that beautiful song, "Home, Sweet
Home," But will be stay there and sing it!
The delegates to the state convention will The delegates to the state convention will be composed of men as true to the people as steel. It will be fixed so that proxies cannot get away. This statement of fact is made that the railroad gang may know it. It is painful to linger along, hoping against hope, and then have all the breath taken away at one fell swoop. The people made the fight on last Saturday at the arimary election and every rail in the at the primary election and every nail in the railroad funeral casket will be driven home. Lancaster's delegation will go to the state convention in the interests of the people. This carnest was exacted at the pri-mary polls. Railroad advances will be met at every turn by vigilant and active opposi-tion whenever the rights of the people are invaded upon, or whenever opposition comes to the candidates of their choice. Hon, William Leese will bear the solid vote of the delegation with him in his canvass. It is for him to stay. The cry and flat of the

people of the county was such that even the railroad crowd took him up at the primaries in order to make a respectable showing. The veriest namy knows this to have been subterfuge on their part. The railroads have no more use for Leese than they have for wooden-wheeled engines. It has been a very funny fight in many respects.

There is no disguising the fact that Charles Carter has a strong following for commissioner of public lands and buildings. He divided the Fourth ward on Parker, and if is generally conceded that a house divided against itself cannot stand. It is enough to know that Parker's home ward is not solid for him. Carter's friends are confident that the precincts of the friends are confident that the precincts of the county are strongly in his favor, and if this proves to be true he will go before the state convention with a delegation that will do him some good. He will have strong en-

Thomas Benton has an idea that he has "surrounded" the county. But the fact is that his race for auditor of public accounts is handicapped. The county may know him by

giving him a complimentary vote. As a candidate he has no staying quantics.

Hen. E. L. Brown is unquestionably Lancaster's candidate for congress. It is said that he will be permitted to select his pwn delegation to the congressional convention. He is in the fight to stay and to win.
Lincoln's legislative ticket is a strong one Eli Plummer is a prominent wholesale mer-chant of the city and has always identified himself with home interests. He is of the people and for the people, and the interests of the county will never suffer in his hands. The railroads know him and fear him. eral McBride and Hon. J. L. Caldwell both have a state reputation. to be above and beyond the dictation of the railroad capper and oil-room crowd. Mc-Bride will go into the county convention with at least eighty-seven of the city vote. This fact alone settles the question of his nomination. Indeed, it is now thought that there will be but little opposition to the candidate ticket as stated.

Fears, however, are expressed that "boodle" will accomplish its usual work for the railroad crowd. It is openly boasted that John R. Chirk and R. A. Phillips will buy their way into the state convention, But this is buncombe and silly twaddle. The beys who are now steering the ship are too long-headed and shrewd to permit anything of this kind. To state that the country gentlemen who chance to be honored with a seat in the state delegation will sell their votes is to charge them with will sell their votes is to charge them with dishonor. They will not be thus susceptible to bribery; besides the delegation will be so elected as to make it absolutely impossible for such a calamity to occur. The people have won and they propose to hold the ad-yantage gained. No deal of treachery will be permitted at any point and none really is

The feeling of the great majority of the voters of Lincoln is secure. It was ordained at the primary election that something shall be done to lift class burdens. The delegations to the county convention were elected on this issue and failure will warrant the

charge of bribery and treachery.

Pinneo was arranged before Judge Houston to-day at 1 o'clock, but waived examination and was bound over to the district court in the sum of \$1,000. The B. & M. railroad company became his bondsman.

Marion fowler, ex-deputy sheriff, was also placed under arrest about noon to-day. He is charged with having participated in the melee of Saturday evening, and with shooting with intent to kill. He will be arraigned for a preliminary hearing to-morrow at 1 o'clock. He claims that he was not on the ground and knew nothing of the riot shoot ing until the affair was all over, but it is said that there is plenty of evidence to prove that he was in the field and actually participated in the fray, emptying two chambers of his re-volver into the frightened and panic stricken crowd. It is said that he will stand prelimi nary examination.

Warrants are out for the arrest of James

McMahon and James Scott, two more of the would be B. & M. assassins, but they cannot be found. They have found a safe hiding be found. They have found a safe hiding place in the city, or have skipped out for cooler and fresher pastures. There is plenty of evidence to prove that Scott took a hand in the cowardly and disgraceful shooting, and that he was Pinneo's right-hand man in the riot from first to last. He throw the iron bolt at the head of the unknown gentleman who attempted to uncouple the engine from the passenger cars, and after shooting. from the passenger cars, and after shooting once or twice took a run for it to save his

Spellman swore out the warrants for the arrest of all the parties wanted, charging murderous intent and inciting to riot. Public opinion is squarely agamst Pinneo and Scott, and just indignation still continues. As to Fowler and McMahon, opinion is very much divided. WORKINGMEN RESOLVE.

The following resolutions were passed at a special meeting of the trades and labor union held restaint. They are significant only so far as they concern Councilman Halter. The unions have reasons to distrust him and they propose to the him up so that he cannot sell them out in any way:

He informed The Beg representative that his county carried the bond vote for the Atchison, Topeka & Santa Fe railroad company, Saturday, by a vote of 1,469 to 540. The road will now be built from Concordia, Kan., to Minden, via Red Cloud, and thence on to Kearney. Work on the road will commence actively, at once and will be completed to Kearney by Septem-ber 1, 1889. This must be done or the bonds will be forfeited, as they are not to be delivered until the road is completed. NEW NOTABLES PUBLIC.

CITY NEWS AND NOTES The newspaper reporters and the employes of Funke's opera house will be tendered a social and luncheon at the Windsor Thursday

evening.
"Dick" Johnson, chief elerk at the Capital hotel, left for Denver and other western re-sorts this morning on a pleasure trip. He will be from home two weeks. Patrick Spellman and D. J. Hoffes, vic-tims of the late riot, are getting along as well as can be expected. Spellman's wound, however, is very painful. The ball passed through his left ankle, but unless his ankle becomes affected serious consequences will probably not result. Governor Thayer left for Hastings yesterday evening, and will be from home until Thursday. From Hastings he goes to Min-

den to attend a grand army reunion. Pozzoni's Complexion Powder pro-duces a soft and beautiful skin; it combines every element of beauty and pur-

MINNIE ON THE WARPATH. She Claims That Her Husband is a Bad Man.

Mrs. Minnie Morris, of Hastings, Neb., writes to the chief of police, asking him to look up James Morris and arrest him. Mrs. Morris claims that James is her liege lord and that he ran away with another woman, and after a short residence in North Platte, came to Omaha. Mrs. Morris further states that James is a moral lever and a dangerous man to be allowed his liberty in any respectable community. She wants him arrested on the charge of bigamy. She says he is tall and good lookfarious work of a roue and libertine.

You can do it easily, and you will not have to deprive yourself of a single comfort; on the contrary, you will enjoy life more than ever. How can you accom-plish this result? Easily; cutdown your doctor's bills. When you lese your ap-petite, and become bilious and constipated, and therefore low-spirited, don't rush off to the family physician for a prescription, or, on the other hand, wait until you are sick abed before doing anything at all; but just go to the druggists and for twenty-five cents get a supply of Dr. Pierce's Pleasant Purgative Pellets. Take them as directed, and our word for it, your unpleasant symptoms will disappear as if by magic, you will have no big doctor's bill to pay, and everybody interested (except the doctor), will feel happy.

For Mental Depression Use Hosford's Acid Phosphate. Dr. L. C. S. Turner, Colfax, Ia., says: "I am very much pleased with it in mentald epression from gastric troubles."

A Militia Court of Inquiry. Yesterday Adjutant Cole, of Hastings, Colonel Cole of Wahoo, and Major Hotchkiss, of Lincoln, passed through the city to Tekamah where they will hold a court of in-quiry in the case of Captain Skinner, H company, Second regiment, N. N. G. vs. one of his privates. Skinner recommended the soldier be discharged for the good of the ser-vice. The soldier made counter charges, and the governor has ordered the inquiry.

The Lady's Clerk, a Necessary Evil to a First Class Hotel.

"The latest fad,"—says a hotel clerk in the Chicago Mail, is to have a ladies' clerk in the house. You know that is no nncommon thing for a lady to come to the office and settle her bill now, just like a man. Well, old chaps like me are not considered good enough to wait on a lady any more; hence the ladies clerk. We've got one of them, just from college. Wears a collar that looks like the hind end of an old fashloned wagon cover; has trousers that are out on the same pattern as the haren pants in The Cosair. He has a sort of late in the summer air about him; I mean languid look. He eats up a dollar's worth of tooth picks in a day, and gets mint from the barkeeper to wear in the button-hole of his coat. I suppose it is all right, but I never wanted to be a cowboy in my life until he came in here and I think now or going into the business."

Whether the hotels of our city are provided ladies' clerks or not, we are unable to find out, but that some of them are provided with good porters we do know and the writer of this article can vouch for that fact. Some time ago we met with

Mr. Tharp says: "I have been in the hote Mr. Tharp says: "I have been in the noted business now for about eighteen months and can not say that I know everything about running a hotel as I have been a horseman almost all my life previous to that time, but I can tell you something else that will prove of more interest to your readers than hotel business would be.

For about eight years I was a miserable sufferer with that lostnessome disease, catarrh and for that length of time did not have a good day. I could not breathe through my nostrils, would retire at night only to be visited by the most horrible dreams, would wake up at intervals during the night with a choking sensation, and find my mouth and throat so are that I could not swallow, as a natural consequence I would get up in the morning as irred as I was thenight before: I had headaches all the time, my ears were continually buzzing and I was always hawking and spitting. My stomach was out of order owing to the amount of mucus that would drop down my throat and I was threatened with that dread disease, dyspepsia. I suffered along this way until life became a burden. Don't think that I did not try to do something for myself; I did, I tried a half dozen different doctors and tried patent medicines until I had lost all hope as well as my appetite. In reading the daily papers during the past year, I noticed the advertisements of Dr. McCoy, and after a time, I overcame my skepticism and called at his office and was examined by Dr. C. M. Jordan who told me that he could cure me. I did not doubt him for he impressed me as a man who knew what he was talking about and I started treating with him and after the first treatment I began to improve and I breathed through my nostrils for the first time in a long time, and I continued to improve all along until to-day, I feel like a new man, I can breathe freely, can sleep well at night, in fact I never slept better in my life than I do now; I have no more buzzing noises in my ears, my hearing is perfect, no more hawking and spitting, no more headaches, and no more symptoms of catarrh at all, my stomach is all right and my appetite, well the trouble now is that I can eat too much, I used to use enough handkerchlefs to keep a small laundry supplied, but now I do not have to use any. I would not take five hundred dollars for the benefit I have derived from his treatment.

Mr. Tharp, whose portrait is given above, is porter at the Planter's Hotel, at 16th and Dodge streets, and is very well known in Omaha. He will willingly corroborate the above interview to any person doubting it.

"I Don't Believe It."

No doubt this is the remark made many times after reading our testimonials by skeptics—"They buy their cases." Just consider, for one moment, are the people of this community so grasping for money that they in general—our cases are taken from the general public—would connive for a paltry sum to hoodwink and fleece their fellow men? Not only that, could we afford, in a monetary sense, not to speak of finding the person, to pay from ten to fifty doilars for the use of a man's name and his manhood to cheat and swindle poor unfortunates? No. Our testimonials are given voluntarily by thankful patients whose names and addresses are given in full, we do not give the initials followed by a——, but the correct name and addresses of the self-buy the correct name and address so that all can find them. There are thousands of skeptics still in the city who suffer from stopped up noses, with mucus collecting in their throats, making their voices thick and husky and with a nasal twang, suffering from headache, ears ringing, coughing, hawking and spitting continually, others with discharges from their ears, more or less deaf, a great annoyance to themselves and others, and why? Simply because they are skeptical; they don't take the trouble to look our cases up, and even if they did, they oftentimes hug the small sum that would inake them well until it groons. Health is worth more than money, and at the low price for which relief can be obtained it is a "biotch on his escutcheon" to let the chance go by. "I Don't Believe It."

## PERTINENT QUESTIONS.

A Few Symptoms of Disease That May Prove Serious to You. Do you have frequent fits of mental depres-Do you experience ringing or buzzing noises in your ears?

Do you feel as though you must suffocate when lying down?

Are you troubled with a hacking cough and general debility? Are your eyes generally weak and watery and requently inflamed? Are your eyes generally weak and watery and frequently milamed?

Does your voice have a husk, thick sound and a masal sort of twang?

Is your breath frequently offensive from some unaccountable cause?

Have you a dull, oppressive headache, generally located over the eyes?

The above are some of the many symptoms of catarrh and the beginning of lung troubles. Not one case in a hundred will have all of them, but every one affected will have a few or mamy of them. The greater or more serious your symptoms, the more dengerous your condition. This class of disease is treated very successfully by Dr. McCoy or his associates. The many cases reported through the columns of the daily papers proves this, and each statement published is substancially the same as given by the patient cured. Dr. McCoy and his associates use no secret nostrums, but cure disease by their skillful combination of the best known remedies, applied in the most approved manner, and by using the latest and most highly recommended appliances known to the profession. They thus produce results that speak for themselves in the many patients cured, and we assure our readers that these eminent physicians have achieved a success in curing disease which few or no other doctors can duplicate.

My Reason for Writing a Book Upon Private, Special and Aervous Diseases. I have for many years made a specialty of diseases of the urinary and sexual organs, have become a recognized authority upon the subject, consequently I receive an immense number of letters from physicians and afflicted persons, asking my opinion and advice upon individual cases. For the benefit of such persons, I have written a book, giving a general description of the most common diseases and conditions, my treatment, success, advice, etc. After reading it, persons will have a clearer idea of their condition and can write me more intelligently and to the point. It will therefore be seen that our object in writing these pages is not to furnish reading matter to a class or persons who read out of mere idle curiosity, but for the benefit of the many who are suffering to a greater or less degree from diseases, or the effects of diseases or abuses, of the sexual or urinary organs. Not a day passes but we receive many calls or letters from persons suffering from this class of diseases, or their sequel.
