LINCOLN NEWS AND COSSIP.

The Whereabouts of Scott and Mc-Mahon Still a Mystery.

A SLIPPERY CROOK ON TRIAL

Incorporation of the Beatrice, Nebraska City & Northwestern-A Railroad Company Comes to Time-Minor Mention.

LINCOLN BUREAU OF THE OMAMA BEE, 1029 P. STREET, LINCOLN, August 27.

What has become of Scott and McMahon the detectives who have been missing since the late riot, and for whom warrants were immediately issued? This question is repeatedly asked on the streets of Lincoln. No one seems to be able to answer it. But it is a notorious fact that the Burlington authorities lose no time in making arrests First it was Spellman, the wounded brakeman, for inciting to riot, and then young Scott, charged with assaulting the depot poeman when the bar of iron was hurled at e head of the unknown man who was on the tender of the engine, at the time the shooting and riot bid fair to become general. But this is all right. Lincoln citizens en-dorse every effort to bring the guilty to jus-tice, but the wonder is why the same interest is not manifested on the other side. The question was asked THE BEE represent ative two or three times to day, "What is be-ing done to capture Scott and McMahon, the detectives who had a hand in the late shooting?" "I know nothing about it," was the only reply that could be made. But it is evi-dent that there is apathy in the matter, and probably very few care whether the sup-posed criminals are captured or not. It is reasonably certain that nothing is being done

to affect their capture. DEAN STILL THE STATE'S PRISONER. S. P. Dean, the Saunders county ember-, who was taken before Judge Stewart this morning on a writ of habeas corpus, found the road his attorneys had taken to scure his releare a rocky one to travel. Dean was ready for the racket at the hour fixed, but the state asked a continuance until 2 o'clock and it was granted. The warrant was found to be defective and the officer who came down after him had found it out and had gone back after another one, so that it could be immediately served in the event of his release, and again place the slippery crook m the hands of the law. The real intention was hid under a gauzy pretext in the motion for a continuance. Sure enough, the first warrant was not sufficient to hold him. and the habcas corpus was sustained by the court. But, no sooner than his release was ordered than an officer of the law again put him under arrest, and took him to the scene of his crime on the afternoon train. Bil-lingsby, the prisoner's counsel, however, served notice on the officer who made the served notice on the officer who made the second arrest, and all others implicated that they would be prosecuted for failse imprison-ment and malicious prosecution. Dean is charged with having sold an organ belonging to T. H. Bowman, a musical instrument dealer at Valparaiso, and appropriating the proceeds to his own use.

A QUICK RETURN. On the 23d of August R. C. Evans, on the part of the citizens of Newport, Brown county, filed a complaint before the board of transportation, alloging that the Elkhorn railroad company had provided them with a depot and other conveniences, but had failed to build stock yards at that place, and al-leged that they were greatly needed and in-dispensible for their full commercial trans-actions. Mr. Waring, clerk of the board, dispansible for their full commercial trans-actions. Mr. Waring, clerk of the board, served notice and copy of the complaint on the railroad company on the same day, and on the 35th orders were issued by the general manager of the road, to the division superintendent, for the immeto the division superintendent, for the imme-diate construction of such yards as the de-mands required. It is needless to say that this compliant will never come before the board for a hearing and adjustment. The general manager's letter to this effect was received by Secretary Munger this morning.

New KAILWAT COMPANY. Articles incorporating a new railroad com-pany were filed in the office of the secretary of state this morning. The company will be known as the Beatrice, Nebraska City & Northwestern railroad company, and the ob-ject is to construct, equip and operate a line of road from Beatrice to Nebraska City by way of Talmage, and thence to Wahoo, in Saunders county. The incor-porators are the well known capitalists, D. P. Rolfe, E. S. Hawley, Robert Lorton, W. A. Cotton and D. T. Hayden, of Nebraska City, and a capital of \$2,000,000 is anthorized. It is said that this amount will be necessary to construct the road, and that it will be puilt. It bears on some of its pages the record of the birth and death of ome of Mr. Hutchison's ancestors, the entry having been made in 1680. Sim-ply because they are skeptical; they don't take the trouble to look our cases up, and even if they did, they oftentimes hug the small sum that would make them well until it groans. Health is worth more than money, and at the low price for which relief can be obtained it is a "blotch on his escutcheon" to let the chance go by.
