first heat, but just after finishing it fell dead on the track. He was buried with appropriate ceremonies.

Forest King Acheson won the mile in the novelty race, and Gene Ogrod was first at the half and three-quarters.

P. H. Butler's Little Mamie won the pony race, Time--34.

The management proposes to continue the races to-morrow and give Mr. Leach 10 per cent of the receipts. They also refunded the entrance money on Surprise.

SALT LAKE'S REGATTA. A Strong Wind Interferes With the Sport--The Races.

SALT LAKE CITY, Utah, August 31.--[Special Telegram to THE BEE.]--The second day's regatta on the Great Salt Lake took place at Garfield. About seven thousand people were present. During the first and second events the water was rough and a stiff breeze prevailed. The time made was not fast owing to these causes as well as to the fact that the men being unaccustomed to this high salt water were completely fagged out from their exertions yesterday.

In the second event, which was double sculls, the Delawares of Chicago had an easy victory. They made the mile and a half in 11:31, followed by the Modocs of St. Louis in 11:50, and the Farraguts of Chicago in 12:15. The Sylvas of Moineau were outside the race. It was a hard pull after the turn, the men rowing directly in the teeth of the wind.

In the second event for single sculls Gastrieh of the Modocs, led for awhile, but Corbett of the Farraguts, soon pulled away from him and won the race in 12:07. Gastrieh second in 12:34. Fleming of the Sylvas was third in 12:30. J. E. Korf, of the Delawares, again met with an accident to his scull in yesterday's race, and dropped out of the contest almost at the start. There was a stiff breeze blowing from the shore during this entire race.

In the four-oared race, although the water had become calmer and the wind had died down, the oarsmen seemed tired but they made a very interesting finish. The Modocs of St. Louis, headed the line winners in 9:52, the Farraguts in 10:02, and the Sylvas in 10:24. The O-wash-ta-noungs of Grand Rapids were distant second in 11:02.

To-morrow the clubs will give an exhibition race at Garfield.

Lightning's Freaks. DES MOINES, Ia., August 31.--[Special Telegram to THE BEE.]--Lightning struck in a group of trees in Greenway township, near Exira, last night, killing a horse which Adam Seibert was hitching up and stunning the other horse. Seibert was thrown to the ground unconscious and remained so for some time. Will Eklies, standing at the cylinder of the motor in the barn, was struck and lay unconscious for a long time. It is thought that both men will recover.

Accomplished Her Purpose. DES MOINES, Ia., August 31.--[Special Telegram to THE BEE.]--At a late hour this evening Mrs. Hattie E. Longley, keeper of a boarding house, was found suffering from cholera and died in a short time. She had taken poison, it is supposed with suicidal intent.

The Creston Fair. CRESTON, Ia., August 31.--[Special Telegram to THE BEE.]--In the free-for-all to-day Eva won, Nellie Sherman second. Time--2:30.4.

In the three minute class Dandy H. won, Yellow Ochre second. Time--3:02.4.

The fair closed to-day after five days of excellent weather and good attendance.

A Circus Train Wrecked. MASON CITY, Ia., August 31.--[Special Telegram to THE BEE.]--Three cars in Barnum & Bailey's circus train were wrecked on the Central Iowa at Hampton at an early hour this morning. The cars contained several hundred people and a large amount of property. The train was badly smashed up, but no animals escaped.

Union Labor Convention. ST. LOUIS CITY, Ia., August 31.--[Special Telegram to THE BEE.]--The union labor convention for the Eleventh Iowa district to-day nominated Daniel Campbell, of Monona county, for congress. Only six counties were represented. A movement is on foot for Democrats to endorse Campbell.

Accidental Shooting at Creston. CRESTON, Ia., August 31.--[Special Telegram to THE BEE.]--A boy named Fred Anderson was accidentally shot in the abdomen this morning by a revolver in the hands of his brother. He will recover.

ALL FOR FAIR WEEK. Plans of the Butchers for the Trades Day Parade.

About forty butchers met at Kessler's hall last evening to arrange for a parade in the parade on Monday during the fair. Mr. J. O'Keefe was called to the chair and Mr. J. H. White acted as secretary.

After a general discussion Messrs. A. E. Pokorny, D. H. Kilmore, W. Farr, C. H. Wheeler and E. L. Linton were appointed a committee to confer with the general committee of arrangements and secure a place in line.

Messrs. O'Keefe and Farr were made a committee to notify all butchers not at the meeting of the plans for the parade.

A motion was passed that all butchers, wholesale and retail, be invited to participate in the parade on Monday.

The sentiment of the meeting was in favor of a parade, and the men to be dressed and decorated to suit the occasion.

Some feared that parade could not be had in the column, and if denied the butchers will also parade in the parade.

On June 30 last there were 7,327 cases on hand waiting action, as against 7,601 on June 30, 1887.

Assistant Secretary Maynard has written to S. D. Lucas, of Fort Madison, Ia., in reply to a letter from him, informing him that the Bureau has no objection to the use of the means and force at its disposal to carry out the requirements of the Chinese restriction act so as to prevent the illegal introduction of opium into the United States.

The department has no control over the action of the United States courts, which have allowed Chinese laborers to enter the United States under writ of habeas corpus.

The New Transcontinental Tariffs. CHICAGO, August 31.--Chairman Midgley arrived here to-day and presided at a meeting of the representatives of western roads, called for the purpose of considering the objections raised by Chicago shippers against the transcontinental tariffs.

A committee of three was appointed to confer with a committee of the transcontinental roads, with a view of securing a modification of the roads. A conference will be held Monday. In the meantime the new rates will be put into effect to-morrow by the Santa Fe, Wabash and Chicago & North Western roads, refusing to adopt the tariff in their present shape.

The Michigan Forest Fires. MINNEAPOLIS, Minn., August 31.--A special from Ishpeming, Mich., says: The losses by the forest fires are now estimated at from \$60,000 to \$85,000. The homeless people are being taken care of in the city, and the theory upon which residence there is supposed to benefit weak lungs is that extra exercise necessary to inhale the proper amount of the vitalizing element gives fuller and freer play to all parts of the lungs, and drives away the mucus from the bronchi.

But so great a change in altitude, if made suddenly, may be too severe a strain upon a nature weakened by disease, and the change has often proved fatal. When symptoms of consumption appear and medical advice is sought, if the patient has means, he is nearly always advised either to go west, for the reason I have indicated, or to go south--this on a different theory altogether. I have often thought, however, that the Colorado trip is recommended, the advice should be coupled with a provision that the change be made by easy stages, rests being made at least three times on the road, to enable the lungs to become gradually accustomed to the changed conditions.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Man, she clung to Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

ANOTHER WRECK ON THE "Q."

Two Freight Trains Collide Near Murray, Ia.

NO ONE KILLED OR INJURED.

The Damage Estimated at About \$4,000--Three Circus Cars Wrecked--The Creston Races--Other Iowa Notes.

A Close Call. CRESTON, Ia., August 31.--[Special Telegram to THE BEE.]--A bad wreck occurred on the "Q" near Murray, the second station east of Creston, at 9 o'clock this morning.

An extra freight west, carrying a coach loaded with passengers, for the Creston fair, was derailed by a bad rail, and a flagman sent back to stop a following extra. The flagman failed to reach the train, which was running down grade, in time to prevent the collision. The passengers had barely time to get out when the engine crashed into the first train, smashing the engine and derailing several of the coach, and damaging the engine. No one was hurt. The track was blocked nine hours and the loss is estimated at between \$3,000 and \$4,000.

Iowa Militia Drill. MASON CITY, Ia., August 31.--[Special Telegram to THE BEE.]--Hundreds of people gathered at the drill grounds last evening to witness the dress parade and battalion drill of the Sixth regiment, at a pilgrimage to the interior department and have the secretary lay his strong hand on Trainer and either bring home or remove him.

Mr. Howe "O'p'rate him." The senate then resumed consideration of the fortifications bill, and after one amendment had been adopted the bill was passed. A conference on disagreeing votes was ordered, and Messrs. Daves, Plumb and Gorman were appointed conferees on the part of the senate.

Mr. Stewart asked unanimous consent that the bill for the admission of the state of Washington be taken up on Monday at 3 o'clock and immediately disposed of. Mr. Riddleberger objected.

The house joint resolution to authorize the secretary of the interior to certify lands in the state of Kansas for the benefit of agriculture and the mechanical arts was passed. The senate then adjourned.

House. WASHINGTON, August 31.--The house on assembling, proceeded to a consideration of the conference report on the sundry civil appropriation bill.

After some opposition to the report by Mr. Cobb of Alabama, on account of an agreement to the senate amendment appropriating \$40,000 for certain claims of the Miami and Peoria Indians, the report was agreed to.

The house then proceeded to consider the amendments to the bill for the benefit of agriculture and the mechanical arts. The remainder of the day was devoted to a discussion of this amendment relative to the congressional library, which the house passed on its disagreement to the senate amendment.

Pending action on other amendments on which no agreement had been reached, the house adjourned at 10 o'clock.

At the evening session Mr. Bingham of Pennsylvania called up the bill granting a pension of \$5,000 per annum to the widow of the late John B. Bingham.

Mr. Cheate of Indiana objected, and raised a point of no quorum, but he was willing that it should be made a special order for some time.

Mr. Bingham then asked that the bill be made a special order for to-morrow, but to Mr. Kilgore, of Texas, objected, declaring that his party would not defend the bill. Mr. Bingham thereupon withdrew the bill, and it was allowed to retain its place on the calendar.

Mr. Kilgore also raised a point of no quorum against the next bill called up by Mr. Caruth of Kentucky. Mr. Caruth said that he would not defend the bill, and that he was responsible for the defeat rest where it belonged. Mr. Kilgore replied that when he desired the gentleman to lecture on the subject of the bill, he had no objection to his constituents for his action, and if any member wanted to make a personal argument, he could do so whenever he thought proper.

Twenty-seven private pension bills were passed, and the house at 10:30 adjourned until to-morrow.

Washington Briefs. Senator Mansfield was reported favorably, with amendments, from the military committee, and he introduced a bill to give to soldiers who served ninety days or more and were discharged on account of disease contracted in the line of duty, the same benefit which is now granted to those who were discharged for wounds.

Senator Farwell has offered an amendment to the law relating to the immediate transportation of goods, and it is the intention of which is to permit an importer in the interior to ship a portion, instead of the whole, of the importation to an interior place of destination, and set the duty on the remainder at New York without providing separate invoices and bills of lading.

E. J. Hall, commissioner of patents, in his annual report, says that during the year he has introduced 22,017, as against 23,917 for last year. The total receipts for the year were \$1,122,944, a decrease of \$87,914. The expenditures were \$653,730, a decrease of \$9,700. On June 30 last there were 7,327 cases on hand waiting action, as against 7,601 on June 30, 1887.

Assistant Secretary Maynard has written to S. D. Lucas, of Fort Madison, Ia., in reply to a letter from him, informing him that the Bureau has no objection to the use of the means and force at its disposal to carry out the requirements of the Chinese restriction act so as to prevent the illegal introduction of opium into the United States.

The department has no control over the action of the United States courts, which have allowed Chinese laborers to enter the United States under writ of habeas corpus.

The New Transcontinental Tariffs. CHICAGO, August 31.--Chairman Midgley arrived here to-day and presided at a meeting of the representatives of western roads, called for the purpose of considering the objections raised by Chicago shippers against the transcontinental tariffs.

A committee of three was appointed to confer with a committee of the transcontinental roads, with a view of securing a modification of the roads. A conference will be held Monday. In the meantime the new rates will be put into effect to-morrow by the Santa Fe, Wabash and Chicago & North Western roads, refusing to adopt the tariff in their present shape.

The Michigan Forest Fires. MINNEAPOLIS, Minn., August 31.--A special from Ishpeming, Mich., says: The losses by the forest fires are now estimated at from \$60,000 to \$85,000. The homeless people are being taken care of in the city, and the theory upon which residence there is supposed to benefit weak lungs is that extra exercise necessary to inhale the proper amount of the vitalizing element gives fuller and freer play to all parts of the lungs, and drives away the mucus from the bronchi.

But so great a change in altitude, if made suddenly, may be too severe a strain upon a nature weakened by disease, and the change has often proved fatal. When symptoms of consumption appear and medical advice is sought, if the patient has means, he is nearly always advised either to go west, for the reason I have indicated, or to go south--this on a different theory altogether. I have often thought, however, that the Colorado trip is recommended, the advice should be coupled with a provision that the change be made by easy stages, rests being made at least three times on the road, to enable the lungs to become gradually accustomed to the changed conditions.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Man, she clung to Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.

When she had Children, she gave them Castoria.
