## DREW THE LINES CLOSELY.

An Interesting Session of the State Missionary Convention.

A SPLIT ON THE WHISKY QUESTION

Several of the Members Strongly Object to Being Committed to the Support of the Prohibition Candidates.

LINCOLN BUREAU OF THE OMAHA BEE, ) 1029 P STREET, LINCOLN, August 31.

The most interesting session of the state missionary convention of the Christian church, which closes this evening, took place to-day. During the time allotted for the report of the comittees State Evangelist Barrow introduced a resolution declaring in favor of temperance and sobriety and deploring the evils of the whisky traffic. The resolution was generally esteemed timely and there was an evident spirit for its unanimous adoption. But it was not broad and sweeping enough to suit some of the ladies and third party members of the convention, and Mrs. George E. Bigelow, wife of the prohibition candidate for governor, modestly arose and stated that the ladies of the church had not been treated fairly in the disposition of the committees, and asked the privilege of introducing an amendment to the resolution, declaring it to be the sense of the convention that morality, temperance and sobriety are not only fa-vored, but that the whisky tariff can only be suppressed by and through the prohibition party, and that the convention stands committed to it. This proved a mite too much and matters grew interesting at once. There and matters grew interesting at once. There were true blue republicans present and a democrat or two as well, and the ghost refused to down without a struggle. Equal to the emergency, Elder T. J. Williamsen, of Nebraska City, moved the substitution of the sixteenth verse of the first chapter of Romans as an amendment to the amendment, and the discussion became general. Elder W. T. Maupin, of Hastings, arrayed huself against Mrs. Bigelow and opposed her amendment on the broad ground that politics or political questions ought not to be welved. against Mrs. Bigelow and opposed her amendment on the broad ground that politics or political questions ought not to be wedged into the deliberations and procedure of religious conventions, and cited the fact that in the general convention of the church, at which Elder Isaac Errett, one of the foremost, if not the ablest man of the church, presided, a similar resolution had promptly been ruled out of order. This statement greatly relieved Chairman Briscoe, who was in a rather warm position. But the battle did not cease. Rev. A. D. Finch also spoke against the amendment. But the earnest voice of the tempters, Mrs. Bigelow and Miss Minnie Shell, aided by Revs. Johnson and Van Cleve, won the hour, and on putting the resolution in the order amended won the battle, but against a vigorous minority, who died kicking. But a majority of the ministers present voted the question out of the convention. The vote of the ladies did the work.

REPUDIATES HER BONDS.

School district No. 3 of Sherman county is seemingly trying to shake the payment of her bonds, negotiated to the Chemical National bank of New York on the 1st of July, 1874. At the annual meeting of the school district the April before the vote was cast authorizing the issue of bonds to the amount of \$4,000 for the purpose of building a new school house. The issue was made, properly signed and entered for record with the county clerk of Sherman county, and the bonds were bought by the Chemical National bank. The interest was promptly paid each year until the semi-annual interest dues of 1879 were demanded, when payment of either interest or principal were denied. The bonds were all properly signed. E. S. Atkinson, county clerk, had attested this correctness with his signature and seal. Upon this records of genuineness the bank stated purchased the bonds for a valuable consideration, and before they became due. The county clerk, county commissioners and county treasurer fore they became due. The county clerk, county commissioners and county treasure have been repeatedly notified of the repeated refusals of payment, and have been asked to levy a tax to liquidate the debt, but upon technical grounds have repeatedly refused to technical grounds have repeatedly refused to do so, unknown to the relator, stating that the only remedy is the supreme court of the state; hence the action of the state of Nebraska ex rel. The Chemical National bank of New York City vs School District No. 9 of Sherman county et al, is brought in the supreme court of the state for a writ of mandamus to compel the district board of said district to make a report to the county clerk and board of county commissioners of the and board of county commissioners of the amount of the indebtedness of said district on the bends and the amount of the the bends and the amount of taxes necessary to levy in order to meet and pay the debt. If this should be deemed burdensome to provide for the payment of one-third, or such portion as is possible and annually thereafter in an equal apportionment.
BIRDS FOR THE PENITENTIARY.

Reddy, as he is known in Lincoln, is a hard pill. He played a game at eyli doing yesterday that failed to work. He now languishes in jail in consequence. J. W. Asher, on his way from Culbertson to Afton, Ill., alighted way from Culbertson to Afton, Ill., alighted from the fiver yesterday morning to visit a young man who is in the county jail on the charge of murder. The parents of the unfortunate young man had asked this favor of him. On his return to the depot sanoon he was asked to join a couple of toughs in a game of poker. He consented. He played a few hands and discovered that he was being flected, and asked to be released from the game stating that he was a novice at it and game, stating that he was a novice at it and promised to set up the drinks. "All right," said his associates, and the drinks were ordered. But no sooner had Asher swallowed his portion than sickness seized him and he asked to lie down. He was shown to a room. He was soon in deep slumber. His money and "lay-over" ticket was appropriated and on awakening he discovered his predica and on awatening as discrete, was placed under arrest by Officers Mitchell and Pound and was committed to the city jail for the night. This morning his case was so theroughly established that he was released, and Superintemdent Calvert, of the Burlington, furnished him transportation, and he went on his way rejoicing. Ready was arrested and in default of bail was committed to the county jail. Grant La Blanch will keep him company. It is thought that these two men relieved Asher of his railroad ticket and money. Reddy is believed to be an all-around

GENERAL CHITY NEWS AND NOTES.

General Leese returned last evening from Norfolk, where he spent a day or two with the Grand Army reunion boys.

The business men of Minden filed a protest with the state board of transportation to-day against the enforcement of the order reducing freight tariffs.

General Van Wyck passed through the city last evening en route for Hildretn, Franklin county, where, to-day, he addresses a farmers' picnic. The general expressed the opinion that the campaign will be more than ordinarily interesting this year. The Sixth ward republicans have arranged

The Sixth ward republicans have arranged for a grand rally Saturday evening. After the parades, in which the Lincoln flambeau club will participate, the crowd will congregate at Erb's hall, where the meeting will be addressed by Hon. J. L. Doty and Hon. W. H. Woodward.

The sale of lots at the university campus yesterday aggregated 88,315. While the sale was not as large as was anticipated, the Christian people are very well satisfied. A good impression was made and confidence in the enterprise was greatly strengthened. The site is certainly one of the most beautiful in all the surrounding country.

Dr. McGrew, of Auburn, was in Lincoln to-day in consultation with Judge Broady, of Beatrice, to-day. The gentlemen were here on legal business.

Don't disgust everybody by hawking, blowing and spitting, but use Dr. Sage's Catarrh Remedy and be cured.

Clearing the Streets.

The board of public works and council are making every effort to get the streets in presentable shape for the fair week. They cannot force property owners to suspend work

on the permanent sidewalks, but the major! ity of contractors have promised to clean up. All paved streets not covered by the sweeping contract will be gone over at least once by the city. The following streets have not heretofore made the requaintance of the sweepers, but for this occasion Fanning & Slavin will go over them once at a cost

of \$600:

of \$600:
Sixteenth street south to Vinton, St. Mary's avenue, Twentieth street, Flarnam from Thirtieth west, Cumings from Thirtieth west, Cass, Chicago, Davenport, California, from Sixteenth street west, Twenty-sixth street, Tweaty-fifth avenue and Seventh street.
Sixteenth, Tenth, Douglas and Farnam will be swept twice during the week instead of once as ordinarily. of once as ordinarily.

The board has been after Dr. Mercer for

the past two weeks to induce him to close up the gaps in his 'rust streaks' and pave be-tween the tracks, but he heeds them less than the marmuring of soft summer breezes.

## FOR SLEEPLESSNESS

Use Horsford's Acid Phosphate. Dr. C. R. Dake, Belleville, Id., says: have found it, and it alone, to be capable of producing a sweet and natural sleep in cases of insomnia from overwork of the brain, which so often occurs in active professional and business men."

Rushing Pavements. A great deal of activity in the laying of pavements is being displayed just now, upwards of 3,000 yards, it is estimated, being laid daily. Leavenworth street will require about two weeks more, when it will furnish a fine drive of easy grades from the river to Thirty-seventh street. The cedar block paying of Twentieth is completed from Dodge to Cass, and by Saturday night the four-track portion from Cass to Cuming will be finished. The material is all on the ground for the southern portion from Pierce to Center, and work will be rapidly prosecuted as soon as the water and gas companies are out of the way, which will be in a day or two. West Cuming street is being prepared for a further extension of the cedar blocks, and Poppleton avenue is finished.

Food makes Blood and Blood makes Beauty. Improper digestion of food necessarily produces bad blood, result-ing in a feeling of fullness in the stomach, acidity, heartburn, sickheadache, and other dyspeptic symptoms. A closely confined life causes indigestion, constipation, biliousness and loss of appetite. To remove these troubles there is no remedy equal to Prickly Ash Bitters. it has been tried and proven to be a specific.

## DRUMMERS' DAY.

It Promises to be One of the Most Interesting Seen in Omaha.

The success of the parade of commercial travelers on "Drummer's Day" is finally assured. The original anticipation was for about 150 drummers and a proportionate number of floats. So far, 250 travellers have sent in applications for the regulation silk hat, and, as many are already provided, the management are warranted in their anticipation of 500 uniformed men in line. A Lincoln contingent comes with its own band and applications for positions are coming in from all parts of the country. The committee has been forced to put a limit to the number of wagons in line. Two hundred and fifty have been allotted places, which will include some beautiful displays which will include some beautiful displays and will be confined exclusively to the jobbing and manufacturing houses.

South Omaha will be represented by floats from all the packing and commission houses and a troop of cowboys mounted on bronchos. The Richardson Drug company will appear with one of the floats used in the procession of the Veiled Prophets at St. Louis, and the Continental Chothing company are bringing from Boston a consignment of old continental uniforms—cocked hats, blue coats, shoe buckles and all—with which they will uniform a procession which will be one of the form a procession which will be one of the most picturesque features of the day. A number of other houses are getting up elab-orate floats. In all there will be a proces-sion covering forty blocks, and attended by six bands.

Young Jack Killett, who spent last winter in this city, fought a finish fight with Jack Murphy, at Rutherford, New Jersey, last Tuesday, and knocked him out in the third round. The fight was for a purse of \$200, and young Killett showed himself to be more than an ordinary good man.

M. V. Gannon, a member of the Douglas county bar, is making a campaign tour through Maine. He was billed to speak in Lewiston last Monday night.
