

ANOTHER RAINBOW CHASER.

Comment on Governor Hill's Contemplated Western Trip.

ONE OF DAVID'S SHARP SCHEMES

He Pretends Not to Be Interested in the New York State Election in Order to Get in His Fine Work.

David's Work for Grover.

New York, Sept. 21.—[Special Telegram to THE NEWS.]—The announcement that Governor Hill has signified his willingness to speak in other states than New York to help Cleveland has caused some sharp comment among politicians. About the saddest of stationers are those members of the democratic national committee who adore Cleveland, while they don't care a straw whether Hill is elected. They don't like the governor's tone and manner of talking about his magnanimity in going on the stump for Cleveland. He said he should pay "little attention" through the campaign to the state election as such; all of my efforts will be devoted to securing the success of the national ticket, the importance of which overshadows everything else.

Albion 21, Indians 11.

ALBION, Neb., Sept. 21.—[Special Telegram to THE NEWS.]—The game between the Albion club and the Genoa Indian school club on the fair grounds this afternoon resulted in a score of 21 to 11 in favor of Albion.

Harrison Delegations.

INDIANAPOLIS, Sept. 21.—General Harrison received two delegations to-day. One from Winchester and other towns in Randolph county, Indiana, composed largely of farmers, came on two special trains of forty coaches and numbered over twenty-five hundred, being one of the largest delegations that has visited the city. Among them were several political organizations, and 125 Tippecanoe veterans; also the Lincoln league club of 300 first voters. At the head of the column marched William Montgomery, their old Tippecanoe veteran, aged eighty-nine. Five bands accompanied them, and many thousands attended the state fair with a view of their creditable parade en route to University park. The second delegation came from Dayton, O., and numbered 250, including fifty-three veterans of 1840, escorted by a fine band.

General Harrison received the delegations.

General Harrison received the delegations jointly. General Stone, of Randolph county, and Colonel John C. Lowe, of Dayton, were the spokesmen. In the afternoon, General Harrison was looking unusually well, and spoke with great animation, so that his words were distinctly heard on the outskirts of the large crowd, which numbered perhaps four thousand, including many visitors attending the fair. At the conclusion of the speech, making a total of twenty-five delegations, the general was accompanied by his wife and daughter to the fair grounds, where he witnessed the Philadelphia club draw the Hooper team. The general occupied one of the upper boxes, and but few were aware of his presence.

Both States Solid For Harrison.

NEW YORK, Sept. 21.—[Special Telegram to THE NEWS.]—Colonel George R. Davis, national executive committeeman from Illinois, at republican headquarters to-day, assisted to make things lively. He will remain some time and assist the committee. He laughed at the report this morning in several democratic papers that he had informed the committee yesterday at its regular weekly executive meeting that Illinois should be looked after. He said he did say that the democrats were active in his state, but so were the republicans. A republican majority in Illinois could be counted upon.

At Republican Headquarters.

NEW YORK, Sept. 21.—[Special Telegram to THE NEWS.]—Secretary Fassett, at the republican headquarters, said to-day: "It may be a little late in the day to talk about the result in Maine, but now the thing is all over, I can give you a little inside history as to the feeling in the committee before the election. All our information indicated a small republican majority. Colonel Quay said the day before election: 'I shall be perfectly satisfied if we get 10,000 majority in Maine, and very happy, indeed, if we do any better; but I do not expect more than 10,000 majority at the outside.'"

The Grand Island Races.

GRAND ISLAND, Neb., Sept. 21.—[Special Telegram to THE NEWS.]—To-day closed the most successful meeting ever held by the Hall County Agricultural society. Universal satisfaction was given in both the speed and display departments. Agricultural and Art shows were given in the afternoon. The fair was as good as ever seen in central Nebraska.

The Race at Plattsmouth.

PLATTSMOUTH, Neb., Sept. 21.—[Special Telegram to THE NEWS.]—The attendance at the fair to-day was not as large as yesterday owing to the threatening weather, but contrary to the usual custom, the last day was the best for the races, which were as follows: Free-for-all trot—Billy Ford first, Marquis second, Black Tom third. Time—2:34, 2:35, 2:32.

Blaine's Campaign Plans Completed.

NEW YORK, Sept. 21.—[Special Telegram to THE NEWS.]—Next Wednesday or Thursday Mr. Blaine starts for New York to deliver a speech in that city on the 29th. He will spend Sunday there and on Monday leave for the west, making no other speeches in New York until his return. It is his plan now to go to Michigan first, but he may conclude to pay his respects to General Harrison before going north. He will not arrive home until November. Walker Blaine will accompany him and General A. E. King, of Maryland. It is to be one of the speakers with him several cities.

THE WESTERN ASSOCIATION.

St. Paul Defeats the Milwaukee Aggregation.

MILWAUKEE, Sept. 21.—[Special Telegram to THE NEWS.]—Sawdust's delivery was too much for the home team to-day, only one hit being made off him. Wash and Crossley were exceedingly weak in their respective positions, and the game went by default. The score: Milwaukee..... 3 0 0 0 2 0 0 0-3 St. Paul..... 0 0 0 0 1 0 0 1-5

GERMAN UNITY.

Emperor Frederick's Diary Shows How it Was Accomplished.

BERLIN, Sept. 21.—[Special Cablegram to THE NEWS.]—A Berlin journal publishes an abstract from the diary of the late Emperor Frederick containing details of the events of the Franco-German war. The events recorded in the diary during the period show that of those who were engaged in founding the German empire Frederick took the greatest part, and that he thought of the foundation of an empire before others dreamed that such a result was possible.

CONGRESSIONAL PROCEEDINGS.

The Agricultural Department Bill Passed by the Senate.

WASHINGTON, Sept. 21.—In the senate to-day Mr. Stewart introduced a bill relating to the presentation of bills and joint resolutions to the president of the United States, which was referred to the committee on rules. Mr. Stewart also offered a resolution reciting the statements in the public press that the presentation of bills to the president is frequently delayed for several days, and sometimes for weeks by the house committee on enrolled bills, and resolving that the senate, as a branch of the legislative department of the government, call the attention of the house of representatives to such delays in presenting bills to the president of the United States, and ask the house to require its officers to present such bills without unnecessary delay. The senate adjourned to-day to meet on Monday.
