HAYDEN BROS.

Great Moving Sale.

Silks, satins, velvets, plushes and dress goods of overy description must go this week. We have made some deep cuts in prices and we expect to see this department crowded on Monday. for we are certainly offering you better value for the money than you will find elsewhere. 1 wool brocades at 71c yard. New line of colors in challies at 11c yd. **36-in** English coburgs at 12½ and 16c yd., others ask 25c to 35c for no better. **38-in** Henrietta cloth reduced to 20c ad 30-in Gilbert wool suitings let down to 21c yd. 44-in heavy wool plaids at 48c yd. 56-in all wool suitings at 65c yd., extra good value. Our 56-in wide tricot at 69c yd. is very cheap. We have some new novelties in French suitings, 44-in wide, worth from \$1.25 to \$1.50 yd., our price let down to 75c yd. We will offer you 3 numbers of broadcloth, which we claim are the best value you will find in this market, 54-in wide, at 98c, \$1.15 and \$1.25. They are worthy of your inspection. Our stock of blk silk warp Henrietta cloth must be reduced. See the values we are offering in 44 in. wide at 97c, \$1.10, \$1.15, \$1.27. \$1.45 and \$1.85 a yd. 44 in. wide all wool black Henrietta cloth at 49e,69e and 75c a yd. 24 in, surah silk in new shades at 55c a vd; the best surah we ever sold for this money and cannot be duplicated for less than 85c anywhere. 22 in. satin in all colors at 25c, 38c and 48c a yard. 20 in. black gros grain silk reduced to 69c a yd. We have four numbers of black silk which are fully warranted at 95c, \$1.15, \$1.85 and \$1.50 a yd. We claim that these silks are fully 25 per cent less than their market value. It costs you nothing to examine and compare them. 2 lots of velveteen to close at 29c and 35c a yd. You will find some good bargains on our remnant counter of dress goods suitable for school dresses. Remember, Oct. 15 we move into our new building, nothing reserved, but every yard of dry goods is forced on sale and the price cut from $\frac{1}{2}$ to $\frac{1}{2}$ in order to close out everything. HAYDEN BROS.

BENNISON BROS Nebraska Feed-Water Heater and Just Glance Over These Prices For Next Week.

J. R. Wasson of Des Moines, and W. P. Rogers of Milwaukee, have been in 1,000 yards remnants of all silk ribthe city during the past week. They came here for the purpose of organizing the Nebraska Feed-Water Heater and bons, in lengths from # yard up to 4 vards, in gros grain, in moires, in satin, in fancy plaids, stripes, etc. All colors, light and dark. All marked in plain Purifier company. This is to be a stock company for the manufacture of a defigures so that all can see just what they are. Come early on Monday as vice for the prevention of the formation of lime or mud scale upon the interior of boilers, also for the removal of any formation of this description that may they will not last long at prices marked. We will place on sale Monday 100 fine beaver shawls, reversible, light and have existed prior to the introduction dark colors. These shawls are really worth \$10. You can can buy them Mon-day only at \$6 each. A job in children's of this excellent contrivance. The in-vention has been thoroughly tested and adopted by the Wabash Western, Chi-cago & Northwestern, Central and Southern Pacific railroads, as well as the underwoar; assorted, all wool, scarlet, white merino and grey mixed, assorted sizes; your choice of the lot Monday Midland, of England, and over 1,000 sta-35c each. Another lot, smaller sizes, 15c each. A lot of children's ribbed cotton hose, all sizes, blacks and colors, tionary boilers. Similar stock companies to the above have been organized and are in successful operation. In New full regular made; your choice Monday 20c pair, worth double. Full standard York, Pennsylvania, Illinois, Indiana, Michigan, Minnesota, Wisconsin, Iowa, prints 44c yard Monday. Unbleached cotton flannels 5c yard. 50 bales fine cotton batting, 10c roll. Ladies 5-but-Missouri and California, also in England, France, Germany and Australia, these companies are all in a flourishing ton kid gloves 69c pair, worth up to \$1.25. Ladies' liste gloves 15c pair, worth 35c. All wool dress flannels 28c condition. The company for this state is organized with a capital stock of \$50,000. The articles of incorporation yard. Special prices on fine all wool have been filed in the county clerk's combination patterns, the very latest effects. Come in and see them and tell your friends about the nobby dress goods on office, and the incorporators consist of the following gentlemen of this city: E. W. Whipple, of Whipple & Weaver, T. Wright, western manager of the sale at Bennison Bros. The special prices on black silks and Rhodamacs still goes. The black silk at \$1.10 can Baltimore & Ohio railway; G. M. Cos-ter, manager Edison Light company; Frank Reynolds, superintendent water not be duplicated for less than \$1.40 any works; J. M. Wilson and W. H. Brun-ner, of the firm of Wilson & Brunner; where. 100 pieces fine table damasks in bleached and unbleached on sale next E. P. Davis, of Davis & Cowgill, and J. week at special prices, ask to see them. R. Wasson. It will be observed that a Get your pin cushions, all colors, all sizes, all kinds of shapes, and at prices majority of the above are practical machine men. A committee, con-sisting of Messrs. Whipple & Brua-ner, were taken to St. Louis to examine thoroughly into the merits of the purifier and returned perfectly from 10c up. Do you know that we are etting carpets out at away down low For instance, best grades Moquettes \$1.25, fine ingrains 55c a yard, Brussells, velvets, etc., same proporsatisfied and so reported at a meeting of ions, and floor oil cloths at 35c a yard, the incorporators. All of the stock of cheap at 50c. GOOD LUCK FOR THE WEST.

HEYMAN & DEICHES. A Grand Discovery For the Benefit of Western People. THE BEE's representative peeped into the room at 117 North Fiftgenth street, in which the new Chicago Edwards Oil Burner and Gas Generator is on exhi-bition. The room was full of eager persons bent on finding out the facts in regard to this truly wonderful discovery. The generator was placed in an ordinary cook stove, and the way it heated the room, the oven, and even the floor of the room, was surprising. A five minutes' visit to this room will convince the most skeptical person that this new heater is just what it is represented, and more. The fire is always under full control, and can be run for 24 hours at the same degree of heat by means of a regulating valve. By the use of this burner from 25 to 50 per cent can be saved over coal and much greater satisfaction secured. For baking, ironing or cooking it is immeasureably ahead of coal. No soot in the room, no dirt on the bottom of the cooking utensils, no ashes to lift, no coal to carry, your fire is always ready. This gen-erator can be attached to any heating or cooking stove. It is past the experimental point in its existence. Has stood a test of two years in Wisconsin Has and California, and has been in constant use by hundreds of families in Chicago for over one year, and from all points come only words of praise. Mr. John Linderholm, the general manager for Nebraska, intends placing agencies in all of the county seats in the state, where supplies of burners and oil will be kept. Oil will be supplied to customers throughout the state at an average of 10c per gallon. By scientific tests it has been proven that a gallon of oil of the quality used in this burner will yield a greater number of units of heat than a bushel of coal. The oil will cost you 8 to 10 cents while the bushel of coal will cost you from 30 to 40 cents. Comment is un-necessary in view of these facts. There is nothing complicated about this new device, any person can learn to operate it in a few minutes. No person having once used these burners will ever return to wood or coal, and the inconven-ience of ashes, dirt and dust. The Chicago Edwards oil burner can justly be named among the great inventions of our time. Petroleum as a fuel has many advantages. The fire can be turned off. saving waste. The heat can be fully controlled. It is clean and economical The following is taken from the Chi-cago Tribune: "A series of tests made recently at the east show that with feed water at a temperature of 103, 100 pounds of coal evaporated 508 pounds of water, while the same weight of petroleum evaporated 1,400 pounds of water. The effective power of the two is therefore in the ration of 100 to 275, nearly: that is, 7271 of oil are equal in fuel value to a ton of coal, the same being a little less than two barrels of 42 gallons each. The value of this new oil burner for engines, factories, mills, etc., is obvious. Hundreds of them are now in successful operation now, but the good points of this new fuel saver are so many that the reader is advised to vrite to John Linderholm, Omaha, for

The county clerk was authorized to adver-tise for one week for bids for the moving of enport and Nineteenth streets on a lot 160 by 130 feet. The edifice cost \$76,000 and the lot 5,000 yards of earth from the road between sections 8 and 9, township 14. range 13. The is valued at \$25,000. The latter was paid in part by the old church site, so that the society is in debt in its property only \$30,000, County Attorney Simeral was allowed \$300 for twenty months rent of office. Nine hundred and seventy dollars and which is in a mortgage at a low interest. Its ownings also include a lot at the east of the thirty-five cents was appropriated to meet the bills for labor and material used on th church, now cocupied by a dwelling, but in-

church, now cecupied by a dwelling, but in-tended ultimately to be a park. The building is one of the handsomest of the kind in the city. Its interior arrange-ment is a most striking feature. At each of the three corners on the streets is an entrance. The pulpit, a fine bit of architecture occupies a cross section of the fourth corner. The designer decided that worldly people should not monopolize all the good things in architec tural construction and the auditorium has much the appearance of a small theater. Im-mediately in front of the pulpit is a level piece of floor surrounded with a railing. The pews are slightly curved in order to force the eyes of the occupants upon the preacher. Julius S. Cooley's bill for \$25 for defending Elmer Clark in the district court was re-ferred to the judiciary committee. Samuel I. Pope & Co., the contractors for the steam heating of the hospital building, filed their bond for \$10,000, with Chicago parties as sureties, to faithfully perform the work specified in the contract. The bond was refused and the clerk was instructed to require them to furnish a bond signed by local bondsmen. The bond of the Northwestern Sand com-pany, signed by J. Dickey, H. E. Jemison and E. R. Ballard, was approved. The bids of A. McGavock and Ryan & the eyes of the occupants upon the preacher, Back of the rail the floor ascends at quite an angle, and the pews are arranged in a semi-circle. The comfort of seeing and the con-venience of exit are exceptionally good.

Walsh for construction of the brick culvert on the McArdie road were referred to the committee on construction. McGavock's bid is for \$9.95 per lineal foot and Ryan & Walsh's is for \$12.50 per lenial foot. venience of exit are exceptionally good. The auditorium is about seventy-two feet square and will seat 640 people. There is no gallery. The ceiling is laid off in English pannels and will be frescoed. The wood-work is northern red birch highly polished. The room is carpeted with body Brussels of dark ground and red and blue figures to har-monsize with the window, specially woven for the church. The cushions are dark blue rep. The pulpit, communion table and Samuel S. Remer, of this city, form-erly with Harris & Fisher, has been appointed by Mayor Broatch, of Omaha, The pulpit, communion table and ep.

chairs are solid mahogany. Opening from the north side of the audito-rium is the chapel which seats 3.0 persons. Class screen windows divide it from the au-The story that Ed Culver was waylaid and assaulted on the road between Papillion and dience room, but at large gatherings these can be slid out of sight and both rooms thrown into one with seats for 1,000 people. Omaha is now doubted on very reasonable grounds. Culver is known to have imbibed thrown into one with seats for 1,000 people. Adjoining the chapel is the partor 30x40 feet, the reception room 24x40, and the study 12x 12. In the basement of the chapel is situated the dining room 50x60, the kitchen, pantry, closet, boiler and heating aparatus. The liquor freely before leaving Papillion and the man who was with him on the road says the man who was with him on the road says Culver fell backward off the sulky. His legs were caught in the roins and in this manner his fall pulled his horse back upon him, in-flicting the injuries referred to. Culver and his man have come to the city. tower rises at the southwest corner and has an upper room which is used for the trustees neetings, the vestibules are tiled. The walls are built of Anderson Chicago preesed brick, of a rich chocotate color, and the tower sheat-On Monday morning we offer a num-ber of special bargains in silks, dress ing, ventilating tower and gutters are copper. The figure on the central window that of Christ. The specification for the organ, was The figure on the central window is

pared, with great care, by W. T. Tabor, pres-ent organist of the church. The organ was built by George S. Hutchings, of Boston, <u>Boyd's Opera House</u> Mass., and the case is made from norther red birch. The voicing, upon which chiefly de-pends the success of the instrument, and that by which it will be judged by musicians, is especially worthy of notice. In this respect the builder has adapted the best points of Mr. Nat C. Goodwin the English, German and French method The diapasons are of full smooth tone. Th string tones are distinctively German, which added to the filling quality of tone of the flute Wednesday and Thursday, Sept. 26 & 27. and harmonica stops, together with the bril-Evenings, REFEGTORE: WEDNESDAY EVENING, THURSDAY THURSDAY EVENING, Control of the shufflings," Mr. Goodwin as Caraway Renes, Mr. Goodwin as Caraway Renes, Mr. Goodwin as Chingoine.) Controlon," Mr. Goodwin as Chingoine.) Seats go on sale Tuesday morning. Regular prices, liant reeds, produce a grand, majestic and sonorous instrument, free from harshness. The cost of the instrument was \$7,000.

The cost of the instrument was \$1,000. The organ will be first exhibited in concert to the public next Thursday evening, at which Mr. Taber, the talented organist of the church, will execute a varied programme, designed to display the full capacities of this by far the largest and most complete organ in all this vicinity. Mr. Taber will be assisted by another popular organist and by some of our best singers. As it is desired to give everyone an opportunity to hear the organ in a concert programme, the price of admission will be the popular one of 50 cents. Many valuable gifts have contributed to Many variable gifts have contributed to this edifice and its appointment. The boiler was given by the makers, John Mohr & Sons of Chicago, and the settings by A. L. Strang, Mrs. P. T. Du Boise gave the pulpit, table and chairs. Clark Woodman donated the pulpit and platform of the chapel The Anpurput and platform of the chapel. The An-derson Chicago Brick company gave \$1,000, Mrs. Reuben Gaylord contributed the main window as a memorial of her husband, the first pastor of the church.

Arrested for Cruelty.

Marion France and Henry Coon.bs, two garbagemen, were arrested yesterday after noon charged with cruelty to animals. On of them explained that one of their horses had been burned in a fire in a manure pile a the garbage dump three weeks ago, and was not thoroughly healed, that the horse would scratch itself against the side of the stall

and he thought it advisable to put him into and naking the wound worse. They both gave bonds, and will explain themselves in the police court on Monday af-

ternoon.
