

THE KECKLEY-REAL CONTEST.

All Difficulties in the Twenty-Fourth District Amicably Adjusted.

DOINGS IN THE LINCOLN COURTS

The Water Problem at the State Capital—The Pawnee Railroad Crossing Trouble—General and Personal.

LINCOLN BUREAU OF THE OMAHA BEE.

The difficulty in the Twenty-fourth senatorial district has been happily settled. Since the Fairmont convention matters have been somewhat warm in both York and Fillmore counties, and the outcome did not augur well for republican success at the coming election.

The case was called at 10 o'clock p. m. Messrs. Harlan, Post and Gilbert appearing for Senator Keckley and Joe Finner and John Harby for Pat Real. The story of the contest is told in a few words. The York delegation, eleven in number, were instructed by Keckley and the Fillmore delegation, ten in number, for Real. Unless by purchase, or fraud, or mistake, Keckley must have been nominated.

It is the coming million that does it. We have passed the half million—indeed we passed it once before—we trust we have passed it for good, 400,000 are permanent yearly subscriptions.

No Raise in Coal.

It was announced some time ago that the price of coal would be raised on the 1st of October, the raise varying according to the kind of coal used. The increase in the price, it was claimed, was made imperative by the increase in the cost of transportation between the mines and the Missouri river.

WANT THEIR MONEY.

The defunct insurance company of Lincoln, by James H. McMurry, receiver, commenced an action against the defunct company of Dakota, of Sioux Falls, to day, to recover commissions due the plaintiff on cancelled policies.

In the Middle of the Street.

The paving of Capitol avenue has necessitated the displacement of the old horse car track and its replacement by one of the latest design. It will be in the middle of the street, or a little to the south of the present line.

Life on the Ocean Wave.

Indurates the stomach against sea sickness, but a single or occasional transit across the "illimitable vastness" is productive of grievous qualms, especially when it is stormy.

A New Chapel.

The corner stone of the new chapel at Brownell hall, on tenth street, will be laid this afternoon at 2:30 o'clock by Bishop Worthington.

Articles of the Sams Jewelry company, of Omaha, were filed with the secretary of state today. The object of the company is to manufacture and deal in jewelry and precious stones of all kinds, and will operate on a capital of \$50,000.

A heavy suit was commenced in the district court yesterday afternoon.

A heavy suit was commenced in the district court yesterday afternoon, growing out of the Alma wreck, against the Chicago, Burlington & Quincy Railway company.

Hurlington & Quincy Railway company. The suit is brought by Anderson W. Towne, and is based upon the accident that resulted in the death of Loren A. Towne and wife, the petitioner alleging that the cause was due to too rapid running over a track made dangerous by heavy rains. The damage is laid at \$5,000.

Thomas J. Ridd, who was injured some days ago by falling from a building, died yesterday afternoon. His funeral took place today at 3 o'clock from his residence, corner of Twenty-fourth and Q streets. Jesse Turner, aged fifty years, also died yesterday afternoon. His remains were laid in the church vault to-day.

Governor Thayer returned from his eastern trip to-day. He says that the election of Harrison and Morton is a foregone conclusion. The governor will at once engage in the state campaign.

Prepared by a combination, proportion and process peculiar to itself, Hood's Sarsaparilla accomplishes cures heretofore unknown.

Owners of Millions.

J. H. Millard, the banker, has left for Cincinnati, where he will attend the annual convention of bankers from the United States and Canada. This is the most influential gathering of the year, and represents an amount of capital that would make any fortune man turn dizzy. It is Mr. Millard's intention to invite them to hold their next convention in Omaha. There are about four hundred members of the association, and Mr. Millard is of the opinion that an actual demonstration of the vast capabilities of Omaha, and the equally vast resources of the surrounding country would prove of incalculable advantage to the city.

We hope to reach a million subscribers before the end of the year, and this is how and why.

The price of two-car-fares pays for September, October, November, December, January, February, March, April, May, June, July, August, and September. The Ladies' Home Journal and Practical Housekeeper—never published before a so good magazine for wives and daughters for anything like the money.

It is the coming million that does it.

We have passed the half million—indeed we passed it once before—we trust we have passed it for good, 400,000 are permanent yearly subscriptions.

The rest are only ten-cent subscriptions.

No matter. What we want is to let all families know what a club of a million can get for half-a-dollar a year. The October number is on the news-stands—six cents. LADIES' HOME JOURNAL, Philadelphia.

GRAND EXTENSION.

Our store has again become too small for us, and we have just completed arrangements for additional room. We have leased the adjoining three story building now occupied by Robert Purvis.

We had contemplated to take this additional building next spring, but the immense increase in our business and the enormous stock we are getting this season, has forced us to make immediate arrangements.

As we have to give up considerable space of our present store to the workmen during the time alterations are in progress, we will be very much crowded and have decided to unload such goods, which are mainly in demand now and can be moved quick.

Underwear is one of the departments, which requires more room than others; we have an immense variety, all new and this season's styles. We have always been headquarters for these goods; no other house ever attempted to compete with us.

Ladies' should not fail to visit our boy's department this week. We have an immense stock of Suits and Overcoats, and we will make special low prices. You can buy two suits of us for what you would have to pay for one suit elsewhere.

Hats are going fast enough, but they too, take up so much room. We want them to go still faster and the prices are made in accordance.

Two suits of us for what you would have to pay for one suit elsewhere.
