

AT THE STATE UNIVERSITY.

Appointments Recently Made by the Board of Regents.

SOME CONTEMPLATED CHANGES.

The Period of Wrangling Safely Passed and Everything Again Running Smoothly—General and Personal Notes.

LINCOLN BUREAU OF THE OMAHA BEE, 1029 P STREET, LINCOLN, Oct. 4.

The present session of the board of university regents has not been characterized by any remarkable events as yet. The business has been routine in character almost wholly.

While having done nothing remarkable the board has made the following appointments of general interest:

Dr. E. G. Warner, chair of political and economical sciences; Prof. V. J. Emery, instructor in Latin; Prof. B. Shimek, instructor in zoology; Roscoe Poind, assistant in botanical laboratory.

The tenure of Prof. Bennett's position has been made indefinite. Heretofore his election has been made annually. It is understood that he will hold his position as long as he gets along well.

There is a movement on foot to stimulate the medical department in the state university. It is understood that the board of regents look with favor upon the project.

tember there were 387 patients in the hospital for the insane and pauper in the city. Yesterday another patient was added, and the vag at the police station, who claims to be a statesman from New Mexico on route to Washington to insist upon the admission in the territory into the union on equal terms with Dakota, will probably swell the number one more.

The auditor of public accounts has registered South Omaha bonds as follows: Funding bonds, \$55,000; L street viaduct, \$43,000; street widening, \$25,000; paving, \$12,000; sewers, \$22,000. All of these except the first bear interest at the rate of 6 per cent and run twenty years; optional after five years.

William Schulz and Miss Ella Gehl, Leander Johnson and Miss Lena Eberly, John Nutzel and Miss Anna Luhrs, and Daniel B. Turney and Miss Essie V. Jordan were licensed to wed yesterday by his honor, John Stewart.

A gas engine of the common pattern has been constructed by Prof. D. B. Brace, of the university, to run his mechanical apparatus.

The news of the appointment of Lieutenant T. W. Griffith as military instructor in the state university is received with enthusiasm by the students who have maintained their drill alone thus far. A reception will be given to Lieutenant Griffith on his arrival.

THE ELECTRIC RAILWAY.

President Evans Tells Something About Proposed Projects.

In conversing with J. T. Evans, president of the Omaha and Council Bluffs Bridge company, the gentleman in response to a query concerning what his company proposed to do, replied:

"We intend to make this a great enterprise to be operated in the interests of both cities. Of course, we admit that from a business standpoint, Omaha will be the more benefited. We do not contend that we can meet Omaha prices in every respect for the reason that we have not sufficient home competition. But on the other hand, we have in Council Bluffs the finest residential locations of any spot on this mundane sphere. We will be benefited in this respect, which will counterbalance any disadvantage we may have. Now, our company does not propose to be slow in advancing our electric railway between the two cities. We have now a landing-place for passenger traffic on this side at Ninth and Douglas streets, but we intend to go further.

"At the time the injunction was served upon Dr. Mercer, partial arrangements had been entered into whereby our company was to have the franchise for his track. We have endeavored to negotiate for a similar franchise with the Omaha Horse-Car railway, but have not as yet made any definite arrangement. The latter is our choice, but if we cannot secure the franchise, we will use the Mercer system. The charter under which Mercer is constructing his lines compels him to give the franchise to the first any other company of a like description, and when the principals cannot agree upon the stipulation, the court must name the rate.

"At first, I think our company will run cars up Douglas to Fourteenth, from thence to Howard street, and from there to Twelfth and on Twelfth to Douglas. This will then give us direct connection with the horse car and cable line.

"How are you arranged on rapid transit?" "We can run our trains from a slow pace to fifteen miles per hour."

"Have you arranged your rates as yet?" "We have, for pedestrian and vehicle travel. The rates, as given by Mr. Evans are as follows:

Horse, buggy and driver..... 10 Two horses and driver..... 15 Pedestrians..... 25 Each individual passenger..... 25

In the driving season Mr. Evans said that season tickets could be had at one fare the round trip, and that special rates would be good each evening after 6 o'clock. He also stated that the company would run special trains to be known as church and opera trains, upon which the special rates would be given. These trains will be put in service after the formal opening of the short period across the turbulent Missouri.

accomplished swimmers. This is but natural.

As the bones are naturally lighter than those of men and their flesh more buoyant, they have less difficulty to overcome in acquiring the art. Some of them could float at the first attempt, if they could acquire the requisite faith in the power of the water to hold them up.

Swimming is very much an art of faith, for it is generally the case that when a person believes sufficiently in the buoyancy of the water to trust to it his precarious body, lo! he is a swimmer. There were young girls at Newport last summer who could float on the surface of the ocean with no more difficulty than they experienced in lying upon a sofa. They could have floated for hours if necessary.

Some of the most famous swimming feats have been accomplished by very young women.

A Strange Bet on a Ham.

A good story is told of an actor who recently paid a visit to Colobus. He had but \$3 to reach home and the thought struck him that if he could get some one to bet with him he might attain the desired amount. He entered a saloon kept by an Irishman, told him his plight, saying he wanted to make a bet. "All right," said the bartender, who had just purchased a ham, "I'll bet you \$1.50 that you can't carry this ham across the street and back without laying it down."

The bet was promptly accepted and the actor seized the ham by the string, walked across the street and back, and laid the ham on the floor. "You've lost," said the Irishman, "you laid it down; but here comes a friend of mine and you can get your money."

The friend readily bit at the bait. He seized the ham, walked across the street and back, and hung the ham on a hook, thus winning the stakes. It is not known whether the actor has reached his destination yet.

GRAND EXTENSION.

Our store has again become so small for us, and we have just completed arrangements for additional room. We have leased the adjoining three story building now occupied by Robert Purvis. This building will be immediately altered and fixed up for our use, and we expect to have the same ready for occupancy by the middle of October. The new addition will give us a separate spacious entrance and large show windows on 14th street, and when connected with our present store, we will have the largest Clothing House west of Chicago.

We had contemplated to take this additional building next spring, but the immense increase in our business and the enormous stock we are getting this season, has forced us to make immediate arrangements.

As we have to give up considerable space of our present store to the workmen during the time alterations are in progress, we will be very much crowded and have decided to unload such goods, which are mainly in demand now and can be moved quick.

Underwear is one of the departments, which requires more room than others; we have an immense variety, all new and this season's styles. We have always been headquarters for these goods; no other house ever attempted to compete with us. In order to move a good share of our stock within the next few days, we have now put prices on them which will make it a big inducement for anybody to lay in his seasons supply.

Hats are going fast enough, but they too, take up so much room. We want them to go still faster and the prices are made in accordance.

Ladies' should not fail to visit our boy's department this week. We have an immense stock of Suits and Overcoats, and we will make special low prices. You can buy two suits of us for what you would have to pay for one suit elsewhere.
