N. Y. Plumbing company.  
Only \$10.75 at Chapman's art store.  
Regular meeting of the republican  
club this, Friday, evening.  
The funeral of Miss Phoebe Fleming  
will take place at 2:30 p. m.  
The cedar blocks are strewn along  
Fifth avenue, ready for the pavers.

New fall goods just received at Reiter's,  
merchant tailor, 310 Broadway.  
William H. McLean and Miss Rowena  
Van Horn were united in marriage  
yesterday afternoon by Rev. D. H. Cooley,  
of the Baptist church, at his residence  
on Avenue A.

The family of J. M. Jenkins, corner  
of Vorhees and Union streets, are reveling  
in the delightful experience of the  
first baby. The little girl arrived  
Wednesday morning.  
The Omaha Republican yesterday  
gave a sneer at Council Bluffs, calling  
it a "moss-covered" city. The improve-  
ments going on in all parts of Council  
Bluffs, except in the subscription list of  
the Republican, don't show it.

At 6 o'clock last evening the rails of  
the electric motor line were laid to  
Broadway Methodist church. The  
pavers are fully six squares behind and  
it will be several days before the paving  
is all replaced.

The new school building is now up to  
the top of the third story, and the roof  
timbers were being placed in position  
yesterday. There will be no difficulty  
in having the building inclosed by the  
1st of November, as specified by the con-  
tract.

David Pfeiffer, the laborer who was  
fatally injured by the caving of a dirt  
bank at Hughes' brick yard Tuesday  
afternoon, died Wednesday. The  
funeral took place yesterday afternoon  
from his residence on Avenue E between  
Ninth and Tenth streets.

Captain L. B. Cousins wants it dis-  
tinctly understood that the latest ar-  
rival at his home is a girl—the daunt-  
less, smallest, sweetest bit of humanity  
that ever took up its dwelling among  
men. The father of the little one says  
"she is a daisy," and his opinion in the  
matter is authoritative.

The work on the Merriam block is  
still greatly delayed by the failure of  
the cut stone contractors to supply that  
material for the foundation and the  
columns. The floor joists have been  
placed as far as possible. As soon as  
the stone arrives the work of raising  
the walls can be continued.

Marriage licenses were issued yester-  
day to William F. Briggs, of this  
county, and Sarah E. Weston, of  
Michigan, and to W. H. McLean,  
of New York City, and Rowena Van  
Horn, of Youngstown, O. The latter  
couple were married by Rev. T. J.  
Mackay, of St. Paul's church.

Sheriff O'Neil has been notified to  
arrest an escaped convict who set fire to  
the jail at Sac City, Ia., and stole two  
horses to get away. He is described as  
a Swede, light complexion, smooth face,  
twenty-five years of age, and was  
dressed in blue clothes. A reward of  
\$200 is offered for his recapture.

Boozers were plenty in the police  
court yesterday. The following cases  
as follows: William Wright, John H.  
Smith, John Dineen, M. Haggarty, Jake  
Shoupe, W. H. Russell, George Broeder,  
H. A. Allensworth, \$8.10 each; John  
Titter, M. McCarty, \$7.60 each; Will  
Green, vag, fifteen days on the street.

The advance guard of the Broadway  
tracklaying force reached the Methodist  
church last night, and it will require  
but a few hours work this morning to  
get the double track in running order  
as far as that point. It is doubtful  
whether the paving will all be replaced  
by the end of next week, as the pavers  
are not getting along as rapidly as was  
expected. The tracklayers will be put  
to work setting the poles for the over-  
head wire.

A few days ago Christian Fisher, a  
farmer of Mills county, lost his pocket-  
book in South Omaha. It contained  
about \$50, besides very valuable papers.  
Yesterday A. D. Styles, a Union Pacific  
conductor, called at the Kiel house and  
returned the lost pocket-book with its  
contents intact, for Mr. Holst to return to  
the owner. Such an action not only  
inspires gratitude on the part of those  
directly affected, but increased con-  
fidence in the honesty of men.

Street Commissioner Avery has just  
completed relaying the paving on the  
east side of North Main street, where  
the grade was recently changed in or-  
der to drain the street properly. There  
had been a depression there for some  
time, and a pool of water stood there  
until it was a fair way to breed ma-  
laria, and the city council ordered the  
nuisance abated. Another good piece  
of work done by the street commis-  
sioner was in front of the Ordway house  
on Broadway, where a similar nuisance  
was abated. On both of these streets  
there is now perfect drainage, and no  
more pools will stand month after month,  
an eyesore and constant menace to the  
public.

A cordial invitation extended to all  
to attend the military display Friday  
and Saturday from 10 a. m. to 5 p. m.  
H. FRIEDMAN.

**Light Day in Court.**  
None of the cases in yesterday's as-  
signment were ready for trial in the  
district court, and after making disposi-  
tion of a few other cases an adjournment  
was taken until this morning at 10  
o'clock. The jury returned a verdict  
finding Byrd guilty of grand larceny.  
He will be sentenced Saturday. An in-  
formation will be filed against his stor-  
keeper, Vanderpool, for receiving stolen  
property, and the last of the trio, Stan-  
ley, will be allowed to depart and ad-  
vised to shun bad company in the fu-  
ture.

The Sad Error of Voters Who Think  
They Need Not Register.

IMPROVING TELEPHONIC SERVICE

Heavy Mortgages—Light Day in Court  
—The Aldermen Drive About  
Town—The Weighmaster  
on Protection.

Increase of Telephone Service.

For several weeks past the matter of  
developing and extending the present  
telephonic service of the city has been  
pending. A. F. Cutter, of the Iowa  
company, has made frequent excursions  
here for the purpose of perfecting some  
plan by which an independent line to  
Greenwood could be constructed. To ef-  
fect this a combination with the Ne-  
braska Telephone company, in the mat-  
ter of local arrangements for the trans-  
action of business, was deemed ad-  
visable, and efforts were made to bring  
about such an association. Mr. Cutter  
and Manager Lane visited the promi-  
nent business men of the city, to whom  
the plan was unfolded. It was received  
with considerable favor, but the matter  
was not fully settled and the details  
completed until yesterday.

The local office has been well con-  
ducted and the people have had an effi-  
cient service, but from the results al-  
ready secured to the business it was  
thought that a further outlay of money  
in the development of the local busi-  
ness, if not necessary, advisable at least.  
For several days General Manager  
Druke, of the Nebraska Telephone com-  
pany, has been in the city laboring to  
secure certain things, which would ad-  
vantage the efficiency of the service.  
These details are now settled. The line  
to Greenwood is an assured fact; a  
more direct connection with Omaha,  
and a better means of communication  
with all outside points are other points  
of advantage secured. The local office  
will be enlarged three-fold, and the  
working force, outside and inside the  
office, will be increased.

The line in the city will be rebuilt.  
Poles that are higher and have a greater  
carrying capacity for wires will be  
erected between the Northwestern depot  
and the Methodist church. In the mat-  
ter of poles an effort has been made to  
unite the services of the motor line and  
telephone line, so that only one system  
of poles need be erected. To accommo-  
date the telephone poles the poles must  
stand erect and be fifty feet high. This  
will cost about \$2,000. Those of the mo-  
tor company are erected at an angle of  
about thirty degrees, and can be put  
up for much less money, so that it  
does not seem that a combination is  
probable. The members of the city  
council favor granting to both com-  
panies what is necessary to make both  
systems successful. The business men  
of the city hold the same attitude, but  
are largely opposed to cumbering the  
streets with so many poles as separate  
systems for each company would make  
necessary. In the interest of all par-  
ties interested it seems as though a  
combination of this kind might be made.

**Fat Mortgages.**  
Chattel mortgages involving over  
\$375,000 were yesterday filed for record  
at the office of the county recorder.  
The papers were five in number and  
were given by the Union Pacific rail-  
way company to the American Loan  
and Trust company. The latter organ-  
ization advanced the money for pur-  
chasing new rolling stock as follows:  
Ten passenger locomotive engines and  
tenders, Nos. 781 to 790 inclusive, from  
the Brooks locomotive works. Cost,  
\$62,500. Ten passenger locomotive en-  
gines and tenders, Nos. 896 to 905 in-  
clusive, and Nos. 922 to 930 inclusive,  
from the Rhode Island locomotive  
works. Cost, \$91,200. Ten locomotive  
passenger engines, Nos. 761 to 770 in-  
clusive, from the Rogers locomotive and  
machine works. Cost, \$100,000. Twelve  
emigrant coaches, Nos. 896 to 905 in-  
clusive, and Nos. 922 to 930 inclusive,  
from the Pullman Palace Car company.  
Cost, \$48,345.00. Fifty refrigerator  
cars, Nos. 32,059 to 32,106 inclusive,  
from the Michigan Car company. Cost,  
\$14,500. A little less than three months  
ago the same company filed mortgages  
amounting to \$480,000. These, together  
with the new mortgage mortgages, amount-  
ing to \$500,000, are the heaviest deals  
recorded during the present year.

**A New Registry.**  
There is a prevalent idea among  
voters of all parties that a new regis-  
tration will not be necessary this year.  
It is not to be wondered at that voters  
get confused in regard to the registry,  
for the law has been changed so much  
of late years. Nine out of ten voters  
think that it is not necessary for them  
to register again this fall, but this is a  
grave error. An entirely new registra-  
tion is to be made. Every voter should  
bear this in mind, and see to it that  
when the board meets his name is regis-  
tered properly. The new law pro-  
vides that every presidential year a  
new registration must be made, and  
that when a voter is thus registered he  
need not register again for four years.  
This latter part of the provision is  
doubtless the cause why so many voters  
are misled. They think because they  
registered last spring that they do not  
need to register again for four years.  
They overlook the requirement for a  
new registry the first of each presiden-

tial year. Every voter should endeavor  
to read this correction on the minds  
of others, so there may be a full under-  
standing.

**A Democrat Official Wants Protection.**  
The city weighmaster and the council  
are at sword's points in regard to the  
recent ordinance passed to cover the  
question of city weighing. The weigh-  
master has been enjoined from enforce-  
ing it and claims that the council had  
no idea of protecting him when the  
ordinance was passed. He demands the  
passage of another ordinance, but the  
council refuses, claiming that he pro-  
mised to make returns for his work of the  
past two years when they agreed to pass  
the other ordinance, and that he has  
failed to do so. He says he does not  
propose to pass over money when the  
city gives him no more protection than  
any other weighers.

The council bases its claim on the  
ground that the city furnishes scales,  
office room, heat, light, etc., and should  
receive something in return. Any in-  
sists that he is entitled to the office  
and intimates very plainly that the  
council must see to it that all of the  
weighing is done on his scales or the  
city will receive no fees from him. A  
discussion on this subject was indulged in a day or two  
since by the weighmaster and Alder-  
man Lacy and it came to a sudden ter-  
mination. The former was arguing that  
the interests of the people demanded the  
passage of such an ordinance as he  
desired. Said he: "The people want  
some assurance that they are getting  
full weight, and they can't have it un-  
less they come up here and weigh on  
the city scales."  
"I don't know about that," replied the  
veteran of the council. "I guess they  
think their chances just as good now as  
they would be by then. How is anyone  
going to know that your weights will  
be all right?"  
The weighmaster cast a withering  
look upon him but the alderman did not  
withstand "worth a cent," and the aspi-  
rant for "monopolistic weighing" turned  
his attention elsewhere.

Weighmaster Any is the only demo-  
cratic city official who insists on pro-  
tection.

**An Aldermanic Ride.**

The city council was out yesterday  
afternoon looking over the city with an  
eye to future improvements. Park  
Commissioner Graham and Chief En-  
gineer Birkinbine, of the waterworks  
company, accompanied the aldermen on  
their trip. Park avenue was visited  
and the ground looked over to see if  
the idea of Commissioner Graham, in re-  
gard to granting a right-of-way to the  
park, was practicable. The party then  
drove to Lower Broadway for the pur-  
pose of locating the proposed new engine  
house. The council is much divided on  
this latter question, and the matter is  
very far from being settled. Said one  
of the aldermen yesterday: "I am very  
much opposed to erecting a cheap build-  
ing down there, for it will be but a  
short time until that part of the city  
will need as great protection as Middle  
Broadway or Main street. I don't think  
it advisable to build a building that would  
have to be replaced in a year or so by a  
more expensive one. The trouble is  
that but very few people have a correct  
idea of the great changes that are going  
on in the western part of the city, and  
that they are not realizing the justice of  
the claims of the citizens in that locality.  
I tell you that a year from to-day will  
see a wonderful change down there, and  
we must plan accordingly. I want the  
situation more fully understood before  
any definite action is taken, and think  
the council should go slow in the mat-  
ter."

**Common Council Proceedings.**  
The city council met in adjourned ses-  
sion last evening. President Lacy in  
the chair. Present, Aldermen Bel-  
linger, Knepper and Waterman.

A communication from the Omaha  
Odorous Sanitary company was read  
and filed.

D. K. Dodson's bill for inter-section  
grading was allowed. A petition asking  
for the removal of fences on Stutsman  
street was granted and the city en-  
gineer was instructed to give necessary  
grade.

A verbal petition was presented by  
Leonard Everett asking for the location  
of a fire hydrant in the vicinity of his  
residence. Referred. A petition of  
Fred H. Spetman for a clerk at a salary  
of \$25 per month was read and re-  
jected. Ald. Waterman voting aye.

Several intersection estimates were  
allowed and orders drawn for the vari-  
ous amounts.

The reports of the city officers were  
presented, read and ordered filed.  
Sidewalk resolutions 92, 93, 94 and 95,  
embracing work done by R. C. Berger  
and C. J. Catterlin, were ordered pub-  
lished according to law.

A petition for sewer on Pierce street,  
between First and Stutsman streets, was  
granted.

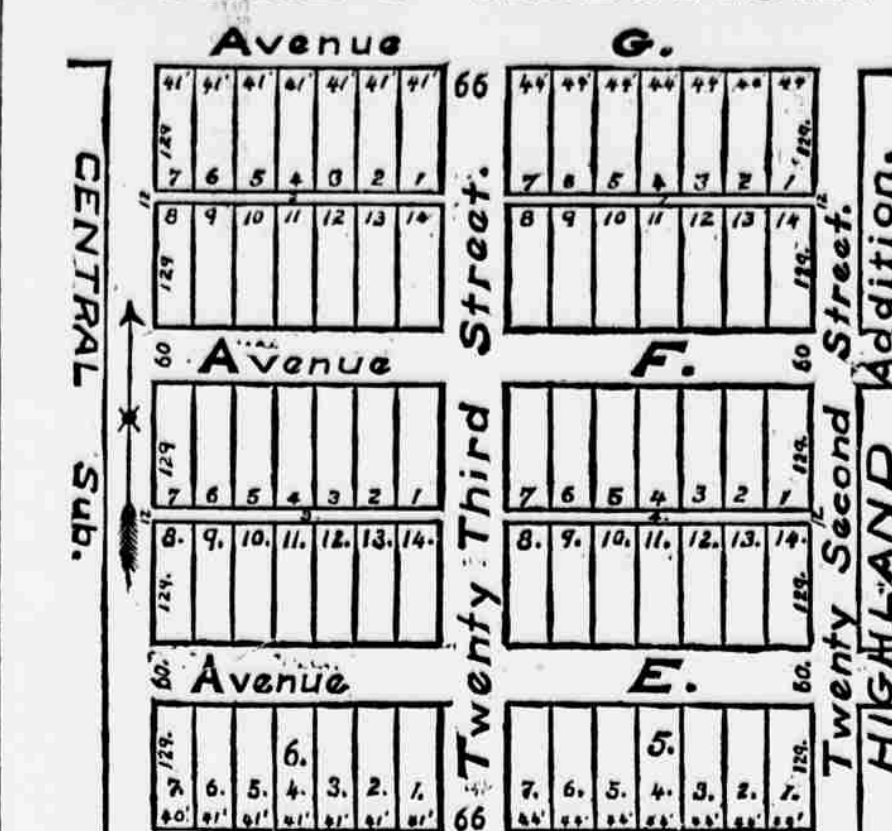

A resolution was adopted making it  
the duty of the city treasurer to call in  
all city warrants issued before July 4,  
1888.

A petition was read from William  
Beck and certain associates asking for  
the right to operate a pony express in  
the city. W. A. Mynter, Esq., ex-  
plained the meaning of the petition.  
Ald. Knepper moved that the peti-  
tion be granted and the city solicitor  
be instructed to prepare the necessary  
ordinance. Adopted.

A bill of \$1 was presented to pay for  
a certain book which gives the cost of  
electric lighting in the various cities of  
this country. Ald. Waterman moved  
that the bill be allowed.

Ald. Knepper: Where is that book?  
Ald. Waterman: I have it at my  
place of business.  
Ald. Knepper: Then you ought to  
pay for it.  
The clerk: It shows that we are pay-  
ing more for our lighting than any city  
in the United States.  
Ald. Waterman: Yes, we are getting  
the least light for the most money of  
anywhere.  
Ald. Lacy: You were in favor of
