Official Standing of the Clubs.

For a week or more the Bee has been flooded with questions as to the standing of the Western association clubs, but up to the present time it has been impossible to reply to these queries, as it was impossible to obtain the correct standing. Last night, however, the Bee received direct from President Sam Morton the official standing of the clubs up to and including yesterday. It is as follows:

Club	Played	Won	Lost	P. Ct.
Des Moines	113	73	40	.643
Kansas City	113	72	41	.637
St. Paul	113	72	41	.637

Davenport	105	51	54	.485

Milwaukee 6, Omaha 2.

MILWAUKEE, Oct. 6.—[Special Telegram to THE BEE.]—Milwaukee took what proved a winning lead in the first inning to-day, and the Nebraska players were kept from scoring more than two runs by the brilliant fielding of the home team, and Winkelman's swift pitching. Despite the lack of interest taken in the game by either players or spectators, as its result could not possibly effect either club's standing, the game was sharply contested. The phenomenal catches of Maskaey and McCabe, on which double plays were scored, were the features of the game. A challenge series of five games has been arranged between the two clubs after the close of the season. The score:

Des Moines 4, Kansas City 1.
DES MOINES, Ia., Oct. 6.—[Special Telegram to THE BEE.]—The closing series of games was commenced on the home grounds to-day by the Kansas City Blues. As this series is understood to be a fight for the pennant between the two clubs great interest was manifested and both clubs played their best. They put in their best pitchers and both did magnificent work, Hutchinson striking out twelve and Swartzel nine batters. Des Moines got two runs in the first on a base on balls and two men were left on bases. In the third Trotter got a base on an error by Manning, went to second on a passed ball and the game was tied. Trotter dropped an easy fly. In this inning Short Stop Long made a wonderful stop of a liner. In only two innings did Des Moines want to get men on bases. In the fourth Halliday made a daring steal of two bases in succession. In the ninth inning they made the fourth run. Halliday knocking a ball to the fence for three bases and Trotter and Alvord both making hits. The Blues got a man to third in the second inning, but at no other time did they show to get a run until the last inning, when a triple and a double brought in a run. The field play of both clubs was excellent except the error of Bradley, but especially did Short Stop Long and Macular distinguish themselves. There has not been a game played here this season that was as interesting and over which the crowd grew so excited. The score:

Des Moines	AB.	R.	B.	SB.	PO.	A.	E.
Kansas City	3	0	0	0	0	0	1-4
Runs earned—Des Moines 3, Kansas City 1.

BEATRICE, Neb., Oct. 6.—[Special to THE BEE.]—One of the greatest games of ball ever played on the home grounds occurred yesterday between the Athletics of this city, and the Union Pacifics, of Grand Island. The features of the game were Lookabaugh's pitching, striking out fifteen men and only allowing them three base hits, two of them being of the scratch order. Moffat, the visiting pitcher, was pounded for twelve hits. The batting of Dallas, Poole, Moolick, Flynn and Dowd was terrific. They also ran bases and fielded well. The score:

Caged Pugilists.

A lively match that was not down on the programme took place in one of the prominent banks, not two blocks from the corner of Thirtieth and Farnam streets yesterday afternoon. The first symptoms of the encounter was a loud crashing sound that startled both the customers in the bank as well as the officials, and the president, leaving his routine in a hurry, hurriedly into the vestibule, just in time to see two of the eye-glass duels who are locked within one of the grated corridors, grapple with each other. There was a vigorous exchange of Liptian blows at short range before the president could rush forward and quell the outbreak.
"Break away," the president commanded, and as the duels fell back one of them explained, as he held aloft the tiny sponge with which the fellers moisten their fingers to facilitate the counting of blows:
"You are just in time Mr. —, for if I had strucken Chaw, once more with this sponge I'd knocked his brains out."
"His what, did you say, Adolphus?" cried the president in great amazement.
"His brains, Mr. —," replied the fighter.
"And where were you striking him—but never mind, get at your work and let me hear no more of this nonsense or I'll turn back both your collars."
And the duels fell back to their respective desks.

The Coliseum Opening.

The new Coliseum, being rapidly completed at the corner of Twentieth and Spruce streets, will be formally opened on the 27th, and a remarkably fine programme is being prepared. The managers yesterday received word from W. J. Morgan, champion long distance rider of the world; Temple, the champion short distance rider; Crocker and Neilson, of Boston; Sheeh, Chicago; Dingy, Minneapolis; Rowe, Lynn; Whitaker, Providence; Knapp, Detroit; Galton, Woodsie, Dublin, and Ech, of London, Canada, will all be here for the opening and to take part in the six days' race that is to follow. The board of directors of the Coliseum will hold a meeting shortly for the purpose of fixing upon a date for a grand interstate exposition to be held here. Some of the best business men of the city are interested.

A Challenge.

I hereby challenge Frank Parmelee to shoot me a 100 live bird match, English rules, for \$500.00, as he prefers, and place the word from W. J. Morgan, champion long distance rider of the world; Temple, the champion short distance rider; Crocker and Neilson, of Boston; Sheeh, Chicago; Dingy, Minneapolis; Rowe, Lynn; Whitaker, Providence; Knapp, Detroit; Galton, Woodsie, Dublin, and Ech, of London, Canada, will all be here for the opening and to take part in the six days' race that is to follow. The board of directors of the Coliseum will hold a meeting shortly for the purpose of fixing upon a date for a grand interstate exposition to be held here. Some of the best business men of the city are interested.

Al Swift, Omaha's last year's second baseman, has signed with the Philadelphia Swifts. Swift has put up a record of ball this season, and was in great demand.
Notwithstanding Danny Stearns has been reserved by Des Moines, it is pretty well understood that he will be loaned to the Kansas City American manager.
The handsome and genial Charlie Williams, of Missouri Valley, one of the best wing shots in the country, was in the city yesterday.
Des Moines wins the Western association pennant, with Kansas City second, St. Paul third, Omaha fourth, Milwaukee fifth, Chicago sixth, Sioux City seventh and Davenport last.

WHAT DOES IT MEAN?

Dissatisfied Members of the Republican County Committee.

A delegation composed of members of the republican county central committee called at THE BEE office yesterday afternoon to ascertain through the editor what steps could be taken to have the committee convened with a view of issuing a call to the county convention to nominate the legislative and county tickets. It was stated by the spokesman of the committee that the chairman, John Rush, had promised to call the committee together Saturday but for some unexplained reason declines to issue the call.
"We want our convention held before the democrats hold theirs, so as to come to the front with a platform that will take the wind out of their sails," said one. "The democrats have called theirs for a week from next Wednesday, and we ought to hold ours Monday or Tuesday, at the latest."
"We want our convention held before the democrats hold theirs, so as to come to the front with a platform that will take the wind out of their sails," said one. "The democrats have called theirs for a week from next Wednesday, and we ought to hold ours Monday or Tuesday, at the latest."
Taylor and some of the candidates want to put off the convention till three days before the election, and then railroad themselves through, but my opinion is that that class of men who are afraid to enter the canvass until the eleventh hour will not only be snored under, but it will drag the whole ticket down.
"That's so," chimed another. "I am sure it is a put job. There is a combine between some democrats and republicans who want to pull each other through and some of them are in the council."
The delegation was informed by the editor that he believed if a majority of the committee would sign a request Mr. Rush would issue the call, and if he refused they could issue it and call the convention without him.

Local Political Gossip.

Hon. M. V. Cannon will address the Seventh Ward Democratic club next Wednesday evening. Delegates to the county convention will be chosen at that meeting.
All members of the Sixth Ward Republican club who intend to participate in the big demonstration are requested to meet at the club rooms, Twenty-sixth and Lake streets, Monday night, to receive uniforms and instructions.
The Fifth ward republicans wheeled into line last night, by entering into permanent club organization. The following officers were elected: President, Peter Brophy; vice president, John Jenkins; secretary, C. L. Saunders; treasurer, C. W. Waddell.
Next Monday evening they propose to have another meeting, at which time the club will be addressed by a number of orators.
Mike Maul has undertaken to organize a republican club in the Third ward, to march in the big parade on next Thursday evening. All republicans of the ward are invited to attend the meeting to be held at Burmeister's store, corner of Fourth and Dodge streets, on to-morrow (Monday) evening, at 8 o'clock.
At a meeting held at the Millard last night arrangements were made for the republican demonstration Thursday evening. The different clubs were assigned their positions and a time of march laid out. The full programme will appear in THE BEE later.

Eden Musee.

Ever on the alert for novelties, the management of the Musee announce for the coming week the greatest curiosity yet presented to the public. It is a baby, six months old, weighing one pound. Such a freak of nature, it is believed, transcends anything heretofore exhibited in museums. No decrease is suffered in the number of other curiosities by reason of this marvel. New companies in the theatrical and new attractions in circus hall have been engaged. The management is determined at all times to maintain the popularity and high standard of the Musee.

A child, the daughter of a grocer at 2510 Pierce street, set fire to her clothes while playing with matches yesterday and was seriously burned about the body before the flames were extinguished. A physician was summoned and rendered medical aid to the little sufferer, who will recover.

The Swedes will hold a meeting at

Green's hall next Wednesday evening, and will make plans to have Gustav Andreen nominated for county commissioner. Mr. Andreen is now at the Hot Springs, Ark., under treatment for rheumatism.
Mr. Marvin Huggitt of Boston, president of the Chicago & Northwestern railroad, is in the city, and was seen at the Paxton last evening. In response to a question regarding the reported plan of the Northwestern running through coaches on the Union Pacific to Denver, Mr. Huggitt said the only intimation he had had of the project, was what he had read in THE BEE. His view here is significant of nothing of interest. He, with other officials, has been on a tour of general inspection over the Fremont, Elkhorn & Missouri Valley lines. No extension of the Northwestern system is at present contemplated.
