THE CITY.

During the past year thirteen miles have been added to the paved streets of this city and thirty-five miles of curbing.

Will W. McBride and John A. Ryan have incorporated themselves under the name of McBride & Ryan for the business of engraving, printing and selling stationery. The authorized capital is $10,000.

A buggy wheel was caught yesterday in the cable slot on Dodge street, opposite the postoffice, and the buggy overturned. The horse started to run, but the occupant of the buggy held on to the lines, and after being dragged for almost almost half a block the horse was stopped. The name of the gentleman who was thrown out could not be learned, but he escaped uninjured.

Mr. William S. Burmeister, associated with the packing house of Martin Brothers, Chicago, is in Omaha on business connected with that firm. Mr. Burmeister has a most favorable opinion of Omaha as a packing center.

T. B. Hoffman, superintendent of the iron work of the new Omaha and Council Bluffs bridge, left for St. Louis Monday and was accompanied by F. P. Quinn and J. M. Burns. From St. Louis they will go to Piedmont near Iron Mountain to replace a 200 foot span of a railroad bridge that was collapsed.

Failed.

S. A. Barstow of Broken Bow, has failed, with liabilities at $3,000 and assets at $2,500.

Business Matters.

W. V. Engel yesterday gave a bill of sale on his stock of groceries at 309½ North Fifteenth street to L. E. Higgins for $250.

J. J. Hardin and wife have given a mortgage on lot 16, McCandlish place, to Byron Reed & Co., for one year for $3,000.

Cattle for Omaha.

Guy Doane, one of the agents of the Union Stock Yards Co., has returned from Montana, Idaho and other western states and territories where he has succeeded in inducing a number of cattle men to ship their stock to Omaha instead of Chicago and Kansas.

The Tax List.

The tax list for 1888 is about completed and will be placed in the hands of County Treasurer Bolen in a few days. The listed property occupies five volumes of 400 pages each. The entire list of entries will reach 92,000, against 62,000 for 1887.

Thanks Again.

J. M. Fisher, C. L. Rathbun and J. H. Dempster, committee of the citizens of Geneva who visited Omaha and Fremont, recently, have forwarded a vote of thanks to the management of the Fremont, Elkhorn & Missouri Valley, and to the citizens of Omaha and Fremont, for courtesies extended on the occasion mentioned. The resolutions were sent to Secretary Nattinger of the board of trade.

Major Dickey's Case.

The case of Major Dickey, of Fort Robinson, before the retiring board, has been brought to a close. It has been satisfactorily shown that the major had suffered congestion of the brain while fighting against the Indians in 1877, and that he has not since entirely recovered from the attack. The finding will be forwarded to Washington, and the action of the president will be required to place the major on the retired list.

A Mistake in the Date.

The committee having in charge the parade and trades display on the opening of the Omaha and Council Bluffs bridge have, in their circulars to merchants asking for floats, placed the date as Friday, October 30. This is a mistake, because the 30th of this month falls on Tuesday of next week. A painstaking gentleman has made the discovery that the first Friday on which the 30th of October will fall will be in the year of our Lord 1957. If this were the day decided upon, a merchant remarks, there would be plenty of time in which to prepare for it.

Cribbage.

A and B sit down to play a game of six-card cribbage. A plays a 9 of hearts, B answers with a king and says 19; A plays a 6 and says 25, B says "go;" then A takes 1 point for the "go" and still has a 6-spot, and says 31 and takes 2 points for the 31. Upon that B says you can't take 1 for the "go" and play out to 31 and take 2 for the 31. A says you can, for the "go" always means 1 point and if A is lucky enough to hold cards to make 31 he is surely entitled to the two points. Who is right?

A is not entitled to the "go" under these circumstances. He takes however, 2 for his 31 and 2 for his pair of 6's.

Alone at Death.

The call that brought Coroner Drexel to Waterloo Monday was the somewhat sudden death of Hudson E. Moore, who was found dead in his bed. The deceased was a bachelor and lived alone in a shanty upon a valuable farm that adjoins the village, and as he was reputed to be wealthy the finding of his body gave rise to suspicions of foul play. Investigation showed, however, that he had been ailing for some days and the jury accordingly returned a verdict, "died from natural causes." He is said to have a brother residing in the state and the body is held for burial pending his arrival.

Forest Lawn Railway.

Sometime ago a survey was made from the main line of the Chicago, St. Paul, Minneapolis & Omaha through Florence to Forest Lawn cemetery. The report was forwarded to the office of the company, and now Superintendent Jaynes says that he does not think his company will have anything further to do with the project, at least this season. It will, however, aid any other company which may desire to make the venture. Accordingly, the Florence Land and Improvement company have been promised the estimates of the cost, and may undertake to build the road this year, knowing that during the inclement season of winter the patronage must be liberal.

A New Church.

The official board of the First Methodist church Monday night met and announced that $22,500 had been subscribed toward the erection of a new church edifice on the lot belonging to the congregation, at the corner of Davenport and Twentieth streets. A committee was appointed to confer with the architect, who had submitted preliminary plans, and to notify him to proceed to perfect them under the limitation that the church building shall not cost over $65,000 complete. Half of the amount already subscribed will be payable April 1 next, when ground will be broken for the foundation walls. It is stated that Bishop Newman will endeavor to borrow $10,000 on the old church property, which will insure $25,000 in cash at the beginning. This, it is said, will be sufficient to enclose the building.

Disputed Saloon License.

Edward Myers has been running a saloon at 1820 St. Mary's avenue for Storz & Iler for some time. The saloon was formerly run by Cox, Virgo & Co., who were unable to put up for their license when the payment of $750 was made compulsory. They persuaded one James G. Winstanley to take an interest in the business to help them out on their license. Subsequently the concern was closed up by the sheriff, and Storz & Iler took possession and put Myers in charge. Yesterday afternoon Winstanley had Myers arrested for selling liquor without a license, claiming that he still had an interest in the license, and that Myers had no right to continue business under that license. Myers promptly gave bail in the sum of $500, and was released.

Kemmerling and Curbing.

At a special meeting of the board of public works yesterday, the charge made by C. V. Gallagher, president of the Nebraska and Colorado Stone company, against Barney Kemmerling, inspector of curbing, was up for investigation. Kemmerling was charged with appropriating, selling and carrying away 107 feet of curbing belonging to the company represented by Gallagher, and receiving therefor $15, which sum Kemmerling is accused of pocketing. Kemmerling acknowledged to have sold fragments of the curbing stone, such pieces as would naturally result from dressing and fitting, but claims to have done so with the consent of Mr. Murphy, the contractor. He states that it was his original intention to use the pieces of a sidewalk in his own door yard, but afterward, while conversing with Mr. Stiger, he sold the latter $10 worth of the pieces, receiving the cash for it, and he later disposed of $5 worth to Mr. Hammond, the saloon-keeper.

After hearing both sides, Kemmerling was dismissed from the city's employ for selling material which did not belong to him.

RAILROAD AFFAIRS.

Rapid Growth of the Railroad Weighing Association.

General Manager Thomas L. Kimball returned from the east yesterday, accompanied by his family. "He looks better than he has for years," said one gentleman, "and at least ten years younger. He has taken the right kind of a rest, and completely isolated himself from business during his vacation. Now he is in a fit state to carry out the policy of the Union Pacific with all the vigor necessary in so large a corporation, and he will start at it at once."

The following changes of agents are bulletined at the Union Pacific headquarters: J. F. Fansler, Peterson, vice J. C. Barngrover, transferred; W. D. Powers, Wamsutter, vice A. W. Forbes, discharged; C. J. Collins, Melrose, vice W. Murray, transferred; J. C. Barngrover, Waksalch, vice J. F. Fansler, transferred; G. L. Bucknam, Deer Tract, vice J. E. McMahon, and Cyrus F. Henley, Market Lake, vice E. E. Peebeles.

The regular board meeting of the Union Pacific directors will be held this week in Boston, and the outcome is watched with interest.

No new developments have occurred in connection with the thieves caught pilfering freight from the Union Pacific, and the matter is in the hands of the local attorneys of the company in the Wyoming division.

"In two years the railroad weighing association has grown to its present large proportions," said a freight agent yesterday, "and it is doing everything it promised. It is a benefit to both the companies and the honest shippers, but upsets the calculations of many a would-be dishonest man. For example, the rates on shelf hardware are three times as great as on iron castings, and yet you will sometimes find that the former is billed as the latter. If the agent of the weighing association has his suspicions aroused, as is often the case, he has the power from the railways to open the box and give it the proper classification and if in the hurry of shipment the weights of the packages are not put down correctly he steps in and rectifies the error. In fact the association relieves the railway employes from looking after it themselves. Thursday next the lines will commence to ship live stock by weight, and its duties will be materially increased."

In Monday's Bee it was stated that the St. Joe & Grand Island road would operate the branch line between St. Joe and Stromsburg. It should have read from Valparaiso to Stromsburg.

In the death of John McCann, the Union Pacific loses one of its oldest and most valued employes. No one can recollect when he first went to work for the road, but men who have spent twenty-one years in its service remember that he was employed by it then. The body will reach Omaha this afternoon and be taken to the late residence, No. 1517 South Sixteenth street, from whence the funeral will take place at a date to be hereafter designated.

Bennett Sued for Slander.

NEW YORK, Oct. 23.—[Special Telegram to THE BEE.]—James Gordon Bennett has been served with the summons and complaints in three suits brought against him for slander by David A. Curtis, James H. Connelly and the Arrow Steamship company for $50,000; $50,000 and $1,000,000 respectively, damages for defamation of character. The suits are the results of an article published in Mr. Bennett's paper denouncing the company as a stock jobbing fraud and the parties named as swindlers and confidence operators.

RETRENCHMENT AND FRAUDS.

Mayor Broatch Makes Up His Mind to Attend to Each.

Mayor Broatch has come to the conclusion that he will rid the city of the expense of maintaining a man at the pest house. The party in question has been in charge of the institution mentioned for some years, and save during short periods at long intervals, it is claimed that the most laborious work he has performed has been the drawing of his pay. At present he daily mounts guard over a telephone at the house, but his calls are not such as to annoy him in answering them. The mayor also says that the telephone must go. Dr. Ralph, the city physician, says the man in question is a good assistant and in a certain way hopes that his services as such will be retained. But a councilman to whom the matter was referred yesterday thought the city was not yet prepared for another municipal physician.

The mayor says that the city is overrun with people who wish to become pensioners upon its charity. These come from all sections, where they can not be cared for, and endeavor to gain admission to our hospital and other eleomosynary institutions. He knows of one instance where the commissioners of Sarpy county actually rushed a man out of a sick-bed and sent him up here so that they might be saved expense. The mayor refused the application, as he has others nearly as bad, and some of these were from Iowa. He has instructed Dr. Ralph to send these applicants to him with the end above outlined.

"Where does the city care for its sick people?"

"In St. Joseph's hospital. It was agreed upon in a resolution when I first came into office, empowering me to hire beds at so much per week. At first we had but two beds. Now I think we have four. We have had as high as eight. We aim to keep them down to as small a number as possible."

ODD FELLOWS' DELAY.

It Causes the Withdrawal of an Offer of a Burial Site.

Superintendent Craig, of Forest Lawn cemetery was in town yesterday. He says that the company has laid out about eighty acres of the ground and made the drives and walks which appear on the plat. The remainder will not be laid out until next season. There are now 651 people interred in the cemetery, 195 of whom have been buried by the company. This month twelve county charges have been laid away, showing that the death rate among those unfortunates has been greater than usual.

Shortly after the opening of the cemetery an offer was made to the Masons and Odd Fellows, giving to each body about 30,000 square feet of ground gratis on condition of their buying a certain amount of ground in the same vicinity, at a price considerably below that which the ground would have been sold to other parties. The Masons availed themselves of the offer, bought forty lots to which were added the 30,000 feet donated, thus making one of the most beautiful burial sites on the ground. The Odd Fellows took no action on the matter, and as a consequence the offer has been withdrawn. Mr. Craig says that he would like to see all the secret orders, including the Grand Army, with burial plats in the cemetery, and regrets that they do not make an attempt to secure them now. They cannot buy them as reasonably as before, but he says they can do so now at better terms than they can later.

WE ARE READY

With our building, and now have a store such as we always wanted. This is the third time since we started here -two years ago—that we have have enlarged our store. This last addition is the biggest. We have more room now for the crowds, and for a bigger business. As we have always tried hard, and succeeded in keeping our former smaller store crowded with customers, so will we make every effort in the larger place and expect the crowds of buyers to increase in the same proportion as we have increased the room for them.

The opening of our mammoth establishment will be made memorable by a clothing sale which will make not only Omaha and Nebraska, but the whole country talk about us.

We are now getting in a wholesale stock of fine overcoats and suits for which our eastern representative has been bargaining for weeks, and succeeded in getting at greatly less than manufacturer's cost. We have kept this stock purposely for our opening, and will sacrifice it for the sake of making a big advertisement for our big place.

The goods are all of the better grades and well made, especially among the overcoats will be found some high class garments, as can only be approached in elegance, fit and quality by the very best merchant tailors.

We are marking these goods at prices which will not be 50c on the dollar of their actual value, and the prices will hold good until every dollar of the stock is sold.

We want to make our opening an event that will be remembered in years. This greatest of all clothing sales begins on Saturday Morning.
