THE DAILY BEE, Sworn Statement of Circulation: State of Nebraska, County of Douglas, J. S. Haskall, Secretary of the Bee Publishing Company.

Sworn to before me and subscribed in my presence this 27th day of October, 1888, J. S. Haskall, Secretary of the Bee Publishing Company.

GOVERNOR THAYER will fight it out in Omaha if it takes until the eve of election day.

GOVERNOR THAYER'S speeches in Omaha are checking the tide which has set in against him by reason of cunning misrepresentation and downright slander.

MR. SACKVILLE WEST at any rate will have his revenge. He will stay in Washington until after the 6th, and send Mr. Cleveland a letter of condolence.

AT a meeting in the First ward Haskall is quoted as asking whether THE BEE is a republican paper.

CHAIRMAN RICHARDS of the republican state central committee is not likely to be asked again to support John A. McShane.

WE must apologize in advance to the readers of THE SUNDAY BEE for the space we shall devote to local politics and politicians.

REPUBLICANS can only be true to their party by being true to principle. And they cannot be true to principle if they vote to stultify the legislature.

HASKALL is entitled to the benefit of a doubt as to the shooting of a Kansas unitist, but treason and rebellion, which Haskall was aiding and abetting.

OMAHA is directly concerned in the character of the men who will represent and make the laws for Douglas county in the legislature.

IT is reported that the Grant locomotive works of Paterson, N. J., are contemplating moving westward in the spring.

"The park commission shall have power to provide a park system and boulevards, to designate the lands and grounds necessary to be used, appropriated or purchased for such purposes; and to lay out, improve and beautify all grounds now owned or hereafter to be acquired for public parks to the extent that funds may be provided for that purpose."

This was the section in the original charter for Omaha which Frank R. Morrissey, at the head of a ring of lobbyists saw fit to kill. The omission of this park clause has injured our city, has retarded our prosperity and has checked the plans for beautifying our city with public parks.

SCRATCH THE RENEGADE.

Eight years ago the monopoly cohorts captured the republican state convention and nominated John M. Thurston and James Laird as presidential electors. In order to vote for Garfield and Arthur, the republicans of Nebraska were compelled to cast their ballots for the notorious attorneys and lobbyists of the Union Pacific and Burlington roads.

Now that Russell has been retired he is expected to wield great influence with the next president as one of the electors whom the republicans of Nebraska delight to honor.

Scratch the traitor's name off the ticket and reduce his majority to the lowest level. With fully twenty-five thousand majority for the national ticket in Nebraska the party will run no risk in cutting Russell's majority down below that of every other candidate on the ticket.

THE REAL DANGER. The monopoly organs and campaign strikers are making frantic appeals to republican voters to vote for disreputable candidates to the legislature for the sake of Manderson.

DEMOCRATIC SURPRISES. It was rumored some days ago that the democratic managers had in store a great surprise for the country, the effect of which when announced would certainly be disastrous to the republican party in New York.

THE TWO DEMOCRACIES. Even at this time of an unprecedentedly heated political contest, justice ought to be done to northern democrats. The manner in which this campaign has been run shows emphatically that there are two democracies, and that these, though they may agree in canons of political faith, are at issue on matters of public policy.

Those which the party has evolved during the campaign have turned to the discomfiture of the party, and a similar result is reasonably to be expected from any it may invent during the brief remaining time before election.

CLARKE OF SARPY. Republicans of Sarpy should resent the nomination thrust upon them of H. F. Clarke, and repudiate him at the polls. Clarke is an unmitigated fraud and monopoly henchman.

IT is high time that this corporation tool should be rebuked by all decent republicans. Bury him under an avalanche of votes and teach men of his stripe that money cannot buy positions of honor and trust.

WILL REPUBLICANS ENDORSE HIM?

For the first time since the advent of Isaac S. Hascall in this state, the history of his career as a helper of slave-drivers and associate of bushwhackers is made public.

But what shall be said of the man, born on the free soil of the great and loyal state of New York, who went into Kansas to join the slave-driving band of Missouri ruffians that invaded that territory with the proclaimed intent to plant slavery there forever.

Does the mere fact that such a man has been nominated on the republican ticket by a gang of ward roustabouts entitle him to the loyal support of men who are republicans in principle?

THE PEOPLE HAVE NOT FORGOTTEN FRANK MORRISSEY. The people have not forgotten Frank Morrissey. He was the best interest of Omaha and obeyed the base dictation of monopolists.

OTHER LANDS THAN OURS. The Chinaman of the north is different from the Chinaman of the south, mainly in his little ways, very probably in his ethnological roots.

A correspondent of a San Francisco paper gives a sketch of the royal family of Corea, which is extremely interesting. The king is thirty-nine, the queen forty, and the crown prince seventeen.

THE fact is solemnly stated, and when it is considered that the dynasty of Yo, the present one, has been in power for 408 years, the thing seems still more incredible. No country can be happier than one where the ruler is honest, and in general and ahead of his people, and, consequently, Corea is happy.

THE question at issue between northern republicans and northern democrats is as regards the length to which state rights and federal centralization powers may respectively be carried.

THE British-American citizens strongly denounce the action of the president in dismissing Minister West before receiving any communication from the English government.

HAITI and San Domingo are two names for the same island, but are used colloquially to designate the Haytian republic of French negroes on the west and the Dominican republic of Spanish negroes on the east.

A DISPATCH from Fairmont, Neb., in THE BEE of yesterday, noted a visit to hat town of a delegation of the jobbing merchants of St. Joseph, Mo., who were hospitably entertained.

SLAVERY has been abolished everywhere in Europe and America, save in the Spanish islands of the gulf, and as the importation of slave labor into Cuba and Porto Rico is now a thing of the past.

TOUCHING THEM ON THE HAIR. To tell a democrat to go West is to outrage every tender feeling in his system.

DEMOCRATIC LOSSES. A good many democrats are coming out for William McKinley. Others are slipping for Canada. Between the two the democratic loss must be considerable.

FRANCE that has regarded herself as the hereditary foe of the German is slowly mortally wounded in German eyes, and power really emanated by the contemplated annexation of England.

NO one who feels divine compassion in his soul for suffering can think of unhappy France without a thrill of sympathy. The country is so horribly burdened with debts and taxes that it has become necessary to tax all foreigners living in the country.

THE French Chauvinists are insulting in Warsaw, every opportunity, and Germany whenever she gets the upper hand.

TO imagine that the demand for autonomy by the Croats of Bohemia and Moravia, and the Slovenes and Slovaks and Ruthenians of Galicia is a movement inimical to Austria is absolutely erroneous.

STATE AND TERRITORY.

Nebraska Jottings. Two brass bands, fully uniformed, are supported by the people of Uta.

The York county court house is to be lighted throughout by electricity. Wild geese have made themselves scarce in the neighborhood of Kearney this fall.

The Catholics of Schuyler are raising funds to build a residence for their priest in the fall of this year. Dakota City was tapped by an unknown thief the other night, but only \$20 was obtained.

Since the rise in the price of flour the Hapburns of Weeping Water are raising funds by giving music by night societies.

Another Nebraska editor has committed matrimony. A. H. Knotts, of the Plattsmouth Herald, was married, at high noon Tuesday to Miss May Russell, daughter of Judge Russell.

During a Halloween celebration at Fairmont a young lad named Leslie Williams fell from the wheels of a road scraper which was being dragged around, and had one of his legs badly fractured above the knee.

The Fremont Tribune announces that "if the parties who were the Tribune's transmitters with supporting posts and carried off the banners will report to this office they will find the first night with his sleeves rolled up and clenched teeth."

There was a close call for a terrible accident at Fairmont last week. The H. & M. Flyer was standing on a side-track awaiting the passage of a fast freight. Just as the latter train was approaching the switchman discovered that the flyer was not set wrong, but by a quick movement he managed to change it. Had he been thirty seconds later the two trains would have come together with a terrific crash which many lives would probably have been lost.

Keokuk registered 544 more votes this year than last. Rev. S. Pillsbury, a pioneer of Dickinson county, is dead. The harvest home celebration in Atlantic eclipsed anything of the kind of former years.

Dubuque has 17,780 people between the ages of 5 and 21, according to its just completed school census. The proprietors of the oatmeal mill at Muscatine contemplate manufacturing buckwheat flour at an early date.
