Unity guild will hold its regular meeting this (Saturday) afternoon with Mrs. Rusgau, on First street.

D. Blumenstein and Miss Annie O'Leary, both of this city, were married Thursday evening at the office of Squire Schurz.

The Catholic ladies cleared \$1,600 from their fair, which will be devoted to paying for the pews in the new church.

Mrs. Haney was arrested yesterday on complaint of neighbors for maintaining H. and Betsy Baker were drawn, leava nuisance, and the case comes up for hearing this morning.

For the first time in years Council Bluffs has had two days races without rain. It will be still more strange if the clouds don't hear of it and get here to-day.

The thanks of the Berean Baptist church are due J. W. Squire for the use of one of his buildings in his addition to the city on Pacific avenue between Fifth and Sixth avenues.

Captain Hayes has just moved into his new residence, No. 207 North First street. It is a fine home, with all the modern improvements, and is substantially as well as attractively built.

George B. French sold yesterday. through Mr. H. Shoemaker his property on North Eighth street. to Mr. Jere mian Lynch, of Öakland, for the sum of \$4,800, being south 87 feet of lot 1, block 5. Grimes addition.

S. W. Horton was arrested last evening in full war paint as he was starting out to color the town. His eyes and nose were of a bright scarlet, but will bleach out somewhat after a night in the darkened recesses of the cooler, and Samuel will be more presentable this morning.

The fifth annual ball of the Ancient Order of Hibernians at Temple hall last evening was well attended. Dalbey's orchestra furnished the musical strains to which the dancers kept time until a late hour. The hall was well filled and the event was a successful one. The ball of 1888 was in no way inferior to its predecessors.

Judge Aylesworth disposed of cases as follows yesterday morning: L. Hayes, drunk, \$7.60; W. F. Lyons, drunk, disso honors were easy. Norway had gained a lead of alength, which he held charged; John Leahy, drunk, continued; Frank Trimble, vag, ten days in the county jail; J. E. Deering, obtaining goods under false pretenses, paid costs \$2.60, and was released; Frank and William Smith, disturbing the peace, continued until this morning.

Who Struck Sweeney?

For some time past there has been bad blood between Alderman Pat Lacy and Pat Sweeney, the well known grading contractor. The trouble grew out of political matters. Sweeney states that last spring he supported Nick O'Brien for marshal, which displeased Lacy. who thretened to get even with him if repetition of the preceding heats. The horses got away with Paul a trifle in the lead. After passing the quarter

he did not use his influence as Lacy directed. Sweeney refused, and since then the trouble has been brewing. Sweeney states that as he was passing "The Turf" Thursday evening Lacy was standing in the door and struck

There was something like \$5,000 in the pot and I won it. Everyone commenced count-ing their corn to eash in, and I commenced counting' mine. I was winner over \$10,000, when the captain said:

"Hold on there. I didn't issue any red corn."

There was a stir immediately. The captain wanted everybody searched, and in going through my pockets he discovered the ear of oorn which I had taken, which proved to be red. In taking out the corn I had won, some of the red corn got mixed in with the white. Some of the men wanted to shoot me: others wanted to lynch me, but the cap tain said no, he would not cash my corr and would put me off the boat. Immediately he stopped the boat and sent me ashore without a nickel. I walked back until I had gotten as far as the crib of corn, and it proved to be a crib containing 75,000 ears of white corn, and the one I got was the only red /ear

in the crib.

Feeding a Horse Like a Child. A pure white Arabian mare that is being fed with a spoon is one of the curiosities that excites the interest and sympathies of the horsemen of Montgomery county, says the Philadelphia Record. The animal belongs to John M. Wilson, of Norristown, and is suffering from a most singular fracture of the jawbone. The injury is known as a fracture of the inferior maxilla of the lower jawbone posterior in the incisor teeth. Both bones of the animal's jaw are broken completely off, and the lower portion of the jaw is now being held in place by a mask of pliable copper lined with cetton. The case is exciting widespread interest among vet

erinary surgeons. The accident to the animal occurred last Sunday night. While tied with a halter in its stall at Mr. Wilson's stable it broke loose and, while mingling with the other horses, was kicked squarely on the front of the jaw. Dr. H. O. Dengler, a veterinary surgeon in Norristown, was summoned and he found that the jaw was twisted to one side and that the animal appeared to be suffering but little pain. After an examination of the fracture he reset the bones

temporarily and applied a truss to the mare's head and then bandaged it tightly. On Monday Dr. Dengler telegraphed

to C. J. Blank. of Easton, and J. Reinhart S. Keeler, of Harleysville, Montgomery county, two veterinary surgeons, with whom he held a consultation. They made an exhaustive search of the archives of animal fractures but could not find a similar case to the one they had under discussion, where both bones of the jaw had been broken at the same time. Dr. Dengler then permanently set the broken jaw, an entire day being spent in the operation. The copper mask is kept tightly pressed to

the animal's head, and its mouth is kept in a bucket of cold water to reduce the swelling in the jaw. The mare is kept in slings, which ar

securely attached to the roof of the stable, so as to guard against her lying down to go to sleep. The canvas slings will be kept about her body for about four weeks, by which time Dr. Dengler anticipates a marked improvement in the fracture.

During that time it will be impossible for the animal to take ordinary nourishment, and she will be kept on a diet of milk, eggs, .oatmeal, butter and gruel.

The diet will be administered with spoon, as the mouth is open but a little more than an inch. The animal is in a comfortable condition, and it is believed that by careful nursing and skillful surgical treatment it will recover.

mental principles of propriety into the unwilling subject. It is said to work very effectively, and is a great improvement over the "good old way" (?) of spanking by hand.

Mr. D. C. Tucker, of the City Steam laundry, while out riding with his family on North Main street Thursday evening, was attacked by heart dis ease, and fell from his buggy uncon-scious. He was taken into Dr. Cook's residence, and given careful attention by Drs. Cook and Cleaver. He re-mained unconscious all night, but was sufficiently improved yesterday morning to be removed to his home on Eighth street near Mynster. It was the first time that he had ever had such an attack, and it was a close call for him. He is now steadily improving, and will soon be able to attend to business again.

Charles Strom, one of the insane men brought in from Neola a few days ago by Deputy Marshal Sells, was yesterday released from the county jail, as he had entirely recovered from his malady, which was the result of too little eating and too much drinking-going short on wheat and long on corn. The other patient, Henry Hilbert, was much worse, and it was feared that he would not live until this morning. He is suffering from congestion of the brain and spinal column, induced by excessive alcoholism. He was removed to the W. C. A. hospital for treatment. I looked on for a while, and became perfectly disgusted with the players to Why, think what chumps they were. they didn't know how to play. Here was another evidence of my luck. If I hadn't sworn off I might have won a couple of hundred dollars. I watched their game so long that I thought I would risk \$50, and if I lost I would quit and, well-\$50 more or less for expenses wouldn't cut much of a figure. So went to the captain and bought \$50 worth of "corn." They used corn in those days, having no chips, as we do

now. I started in to play, and after a while lost all the corn I had. It was not my bad playing, but simply hard luck. I thought I couldn't always lose. so invested \$100 more in corn, and to make a long story short, lost that. After losing \$150 I became desperate and played with great recklessness. I invested the balance of my money in corn, and had lost all but five or ten grains, which I had in my coat pocket, when the boat whistled for a landing. The first mate arose and sail:

"Gentlemen, I am very sorry, but we have to take on some wood at this sta-tion and my services are needed. You gentlemen can continue the game or wait till we get under steam again, and

I will join you.' After awhile we agreed to wait for the mate. I thought I would take a stroll on deck and get some fresh air. I walked down the gangplank and where the boat had landed there was a great large house. I could not tell what kind
