This evening will probably be the last at republican headquarters, as the lease has expired and the room will be given up. A grand jollification will be held this evening, as a fitting close to the season's campaign. Music will be furnished by a glee club and addresses will be given by several distinguished speakers.

Auditor Hammer issued \$16,200 in paving bonds to McAdams & Amburg yesterday. This firm completed their sewer's work in this city last evening. They have put down over \$100,000 worth of paving in the city during the year. Their last work was on Pierce and Stutsman streets, and they reached Broadway on the latter street last night. The work is well performed, and the material is above criticism. Scarcely any complaints have been made this year, being quite the reverse of last season in this respect. The citizens generally seem greatly pleased with the work done, and have reason to feel proud of the present fine appearance of the public streets.
