Safely Ensconced.

Deputy Sheriff Grebe returned from Des Moines having in charge John Stewart, who is wanted at Millard, in this county, for horsestealing. The authorities at Des Moines were disposed to set Stewart free, and had the day been other than the Sabbath, a habeas corpus would have undoubtedly been granted before the arrival of Grebe. The news came to the ear of the latter, and he at once executed his business with dispatch, and this morning by the opening of the Iowa court, Grebe and his man were mounting the steps that lead to the county bastile.

Destitute.

A case of extreme destitution at 1121 South Tenth street has been reported to the police by a sewing machine agent. The number is that of a dilapidated shanty with broken down doors and smashed windows that do not attempt to bar the cold winds already blowing through them. The occupant is a woman named Gravery, who has now been ill for six weeks, and whose sole attendant is one small child. Her husband owns consid-able property near the corner of Ninth and Jackson streets. The commissioners have taken the matter in hand and sent the county physician to investigate.

Don't Hitch to Poles. The police have commenced to arrest people violating the new ordinance against the tying of horses to painted telegraph and telephone poles. Those arrested yesterday were phone poles. Those arrested yesternay were Dr. Van Camp, Dr. Sprague, N. L. Eaton and C. A. Goss. Dr. Sprague was very indignant over his arrest, and on being released to appear for trial later, went outside and discovered Inspector Turnbull's horse tied to a telephone pole in front of the police station. He then demanded the arrest of Turnbull for violating the same addingner. The Officer for violating the same ordinance. The officer

Harry Vinton Dead. R. H. Vinton, a well-known young railroad man, died at his residence, 2628 Charles street on Saturday night. His ailment was Bright's disease. Mr. Vinton was twentyfive years of age. He had been in the railroad business for fifteen years, having started as office boy and worked himself up until he became private secretary to Mr. Callaway when that gentleman was general manager of the Union Pacific. Since that time with the exception of the time that he has been confined to his home by sickness, he has been connected with W. B. Dodridge, superntendent of the Missouri Pacific at Atchison. His remains will be buried in Alton, Ill.

Lee, general agent of the New Hampshire Fire Insurance company swore out a complaint in Justice Morrison's court resterday afternoon against Charles Ulbrich charging the latter with embezzlement and misappropriation of funds due the complain-ant. A warrant has been issued, but it is thought that Ulbrich

Alleged Fraud.

J. R. Jacobs, who until recently was tharge of a mail station at "Fork Roads," in Dundy county, this state, was arrested Sunday by Deputy United States Marshal Stewart, on a charge of defrauding the gov ernment. About two months ago the post office at that point was discontinued, and consequence the report of the retiring poconsequence the report of the retiring post-master (Jacobs) was checked up at Washing-ton. It resulted in the discovery of a short-age in the fueds, and also that a certain postal money order issued in favor of the government was missing. On the strongth of this Jacobs was arrested and is now confined in the county jail at this place. When questioned concerning the matter he declined to say anything concerning his guilt or inno-sence. BEVINS' BAYONET. How He Came to Desire to Stab !

Man With It. A. J. Bevins has caused the arrest of Charles J. Smith, of the Cooperative Land and Lot Co., on the charge of disturbing the peace. The two had some words over money matters in the office of the former in Paxton block on last Saturday and Bevins claims that Smith attempted to throw him out of the window to the pavement below and that he was only saved from a horrible death by a lady clerk in the office who threw her arms about him and drew him back. Smith says this is not true. He admits that they had a dispute over a monetary transac-tion in which Smith had given a check in settlement and that Bovins, acting for his client, had accepted the same and afterwards withdrew the acceptance, at the same time garnisheeing Smith's bank; that this act caused Smith great annoyance, compelling him to borrow money elsewhere to conduct his business. When Smith found, he claims, that Bevins had departed from his agreement, he charged him with the same whereupon a scuffic ensued, Bevins, it is stated, striking Smith. The latter went to a telephone in the state of the sta to a telephone in an adjoing room to sum-mon the police, but states that Bevins would not allow him to use the 'phone, at the same time kicking him on the leg. In the scuffle that ensued both men nearly fell out the window, which is five stories high. As it was both the contestants hats dropped to the ground. Smith then left and Bevins, it is told, rushed to his office and removed an army bayonet from its scabbard and standing in his doorway defied Mr. Smith to return, saying he would run the bayonet through him. Smith will cause Bevins' arrest.

THE FORT LIBRARY.

t is Still Discussed by the Soldiers of the Garrison. The question of a library at Fort Omaha,

or rather the means proposed to establish one by Chaplain Nave, is still the leading topic among military men of the city. Speaking on the subject yesterday one of the latter said: The library at the fort at present consists of about 500 volumes. The room is all that could be desired, being the same that is used for the court martials. A soldier acts as librarian. In addition to the books mentioned the men are supplied with the popular magazines. plied with the popular magazines, New York, Chicago and other papers. Until lately no one complained of the library. It should also be known that only a few days before the appeal for books was made in the papers, \$200 had been appropriated from the post fund to purchase more new books. The BEE published an article stating that the men at Fort Omaha did not care to become objects of charity and that article pleased us nuch, and saved us the trouple of publishng a letter which no doubt would have been

Burglars Frightened.

St. Mary's avenue was the scene of an at tempted burglary Saturday night, and the hardware establishment of F. B. Bonnievell. No. 1605, was the place selected for the operation. The burglars succeeded in cutting around the lock of the rear entrance but were disturbed by the night watchman, and decamped. They left behind a well-used brace and a brand-new bit. These are now in the hands of the police. There was a ru-mor that they had gained entrance into a neighboring store and taken a number of bits, key-hole saws, and other implements necessary to complete the kit of a profes-sional burglar, but it lacked confirmation.

Its Coming to Omaha and Its Rival The local agent for the Adams company, which is to commence business here on the 15th instant, is C. W. Catheart. He is now here looking for an office. It will conduct its business solely on the Chicago, Milwaukee & St. Paul road between this place and Chicago.

Shortly after the Adams company had dis-placed the United States from the road menioned, the latter company threatened to en join the Adams from doing business in its old territory. But all talk of contest has now ceased. It has been ascertained that the United States had no contract with the Milwaukee road and consequently were oc-cupying the same at the pleasure of its own-ers. ARRESTING "MILLIONAIRES." Duncan's Crusade Against the Local

Robert D. Duncan, the superintendent o plumbing, insists that there should be a state law requiring the registration of master plumbers the same as of engineers. The result of some of his late inspection of plumb ing has revealed both gross carelessness and ing has revealed both gross carelessness and ignorance of the trade on the part of alleged plumbers. The last place he inspected was the residence of Ed Walsh, on Spruce and Adler streets. The following is the entry made by Mr. Duncan in his daybook in re-

gard to the work done there:
"The pipe is too small to be supplied from tank pressure. Work very poorly done. The small plate to be used as a clean out for trap (below the basin on sewer side of trap) has been left off, allowing the foul air to escape from the pipes into the bath-noom, and the ex-crement to fall on the floor beneath the basin The work was done in July 1887, and claimed to be complete in December 1887." Mr. Duncan says that the family has been annoyed with noisome odors as a conse-quence, for several months and have paid a

number of plumbers to investigate the work, but to no purpose. A child of Mr. Walsh's has been prostrated with fever supposably from the presence of four gases in the house. There have been a number of other cases of gross negligence on the part of plumbers also discovered Arrests are to follow.

Few people have any idea of the magnitude of the business we are doing. It is a sight to see the throng of buyers always in our store. The biggest throng is on the second floor, among the overcoats. Though the weather has been warm and other houses have sold but few overcoats, we have moved thousands of them already. We had an immense stock-enough we thought to last us through the season-but our tremendous trade the past two weeks has thinned them out so much that we have to let up adv tising them for a few days, until we get in fresh goods, for which we have telegraphed our buyer,

Our special sales are becoming famous throughout the city and state, and in accordance with our promise to give every week some new drives, we will this week have a BIG SUIT SALE. During the next six days we will prove most conclusively to the thousands who may call on us, that we faithfully keep our promises.

It is the always carrying out to the letter what we advertise, that has made The Nebraska Clothing Company famous and our name a household word throughout this section.

The following extraordinary offerings are made for this week-

Lot No. 1, consists of about four hundred Business Suits, all sacks, plain and fancy cheviots and cassimeres, STRICTLY ALL WOOL, with good serge lining and honestly made at \$5.50. Make no mistake, this is not a cheap suit. It is as good as you will buy anywhere at from \$10 to \$12. It may seem impossible for us to sell it at \$5.50, but we have promised something extraordinary and here it is. Don't take our word for it, but come and see for yourself.

Lot No. 2, is a line of very fine black corkscrew suits, sacks and frocks, the regular price of which is \$15, and for which other houses would charge from \$18 to \$20. Will be sold this week at \$9.50 for the sack and \$9.75 for frock suits.

In lot 3, we offer the CLIMAX OF BARGAINS-our great \$10 suit. We have in this lot two styles of cassimere suits., on which we stake our reputation, that they are honestly worth double the money. One is a plain gray, the other a fine silk mixed cassimere. We will simply say that this line of \$10 suits is destined to become the greatest advertisement for us.

Lot No. 4, Is a line of elegant cutaway Frock Suits, made of fine fancy worsted, one of the choicest suits ever offered; tailor made and beautiful fitting. These suits are made for men who demand and can appreciate a superior character of worknanship. They sell ordinarily for \$25; we offer them this week at \$13. This is the most fearful slaughter of Suits that we ever got into in the very midst of our busiest season.

We are opening to-day and placing in stock some very handsome styles of Children's Overcoats of beautiful designs and trimmings. The prices are in accordance with all our goods-extremely low.
