

THE CITY.

The veteran firemen meet at Chief Calligan's office this evening at 8 p. m. Laura Davis was arrested yesterday afternoon for assaulting Martha Martin. Both are colored.

Secretary Nattinger of the board of trade left for Chicago last night. He will represent the city at the meeting of the convention of boards of trade. Three districts have been paved with asphalt this year, comprising eight blocks, making 14,000 square yards.

Personal Paragraphs. Mrs. Charles A. Dowey left Monday for the east via the Milwaukee. General J. C. McBride, of Lincoln, member-elect of the legislature, is in the city.

At the Arcade, James Slatter, Louisville; J. A. Ramsey, New York; N. Y. Allen, actress; J. A. Berger and wife, Long Pine; G. W. Cook, the shoe merchant, has just returned from a very successful business trip over Washington Territory, Oregon and California.

At the Merchants—Walter Crane, Chicago; D. N. Owen, Red Oak; I. L. D. Hatley, Ord, Neb.; T. C. G. St. Louis; Thomas H. Walnut, Philadelphia, Pa.; John Walo, Nebraska City; C. W. Reynolds, Sioux City.

At the Murray—T. F. Coppage, O. W. Mitchell and wife, Chicago; M. Higgins, Highlands, Pittsburg; R. Campbell, Portland, Ore.; J. Reed, Kansas City; A. Graves, and S. Cars, St. Louis; N. Y. Allen, with child, New York; A. Bloom, Detroit; A. C. Lauer and B. G. Krays, New York.

At the Paxton—A. Miller, R. D. Stevens, W. E. Babcock, W. B. Atwater, New York; G. W. Echebur, Albert, Ia.; A. L. Edgson, A. O. Ingelsbee, Chicago; C. F. Breese, Syracuse; A. H. Sawyer, St. Louis; L. Noot and wife, Chicago; N. Y. Allen, Danforth, Plymouth, Mass.; N. S. Harwood, Lincoln; D. S. Lake, Shenandoah, Iowa.

Depraved Young Ones. Tommy Robinson, the ten-year-old boy at the Cass school who was arrested for the crime of sodomy, has been released on \$1,000 bond. Alf Gavin, the colored boy, is still in the city jail, and will probably be sent to the reform school. Superintendent James has instructed the principal of the Cass school to forbid either of the boys to enter the school again.

A Big Suspect. Will Stuart had his trial before Judge Becka yesterday on the charge of stealing a laprobe, but there being a lack of evidence against him he was discharged. Stuart is said to be the same fellow who was suspected a couple of years ago of stealing \$12,000 in notes and a \$300 gold watch. At that time he fled the city, but returned a few weeks ago. The police will watch him hereafter.

Says He Insulted Her. A rather attractive appearing young woman bearing the name of Mrs. Tony Heldt, was arrested yesterday by Officer Savage on the charge of being drunk. A few minutes after her arrest she was seen by a reporter and was then crying as if her heart were broken. She showed no signs of intoxication, and claimed that the arrest was made by the officer because she refused to yield to his indecent proposals.

Buried by Strangers. Drexel & Mott, at whose place the remains of Colonel George rest, received a telegram from the latter's relatives in St. Paul, Minn., in which they declined to attend to the burial or contribute to the necessary expenses thereof. This afternoon a contribution paper was started for the purpose of defraying the expenses, and in a short time benevolent hands turned in \$40. The refusal of the soldier's family to interest themselves in his obsequies is strongly censured, the more so because he has grown sons who are in good circumstances.

With a Pair of Buggies. R. N. Gierick, who has been in the employ of the Great Western Game and Poultry at 417 South Thirteenth street for two weeks past, was sent to the streets to collect a bill of \$35 Monday. After getting the money he secured a horse and buggy from the lively stable belonging to Human & Terry, and then skipped the town. About the same time a well-dressed and gentlemanly appearing fellow giving the name of Charles Watkins, went to Withrow's lively barn on Harney, and secured a horse and buggy and also skipped. It is thought the two have gone together. The horse hired by Watkins is a red sorrel mare with a small star in the face. The vehicle attached was an end spring buggy with the stamp of Easton & Clark on the hind axle.

German Athletes. The annual meeting of the Missouri Valley Turnverein came to a close Monday in St. Joe, Mo., and E. G. Grube, who represented the turners of this city in the gathering, returned Monday night. Alfred Meier, of Atchison, and Mr. Grube, of this city, were elected president and vice president respectively. There were five societies represented by twenty delegates, the former being Kansas City, St. Joe, Atchison and Plattsmouth. The bylaws of the association were revised in some minor particulars. It was decided to hold no bezirk turnfest next year, as has been customary, because of the unbusinesslike turnfest which will be held at the time in Cincinnati. In this there will be representatives of all the leading turn societies in the country. Omaha's vereta will be represented with its best class, the names of which have already been published in this Bee. Some of the classes will attend the fest which is to be held in Munich, and which is to partake of an international character. The headquarters of the Missouri valley turnverein was located with the Kansas City social turnverein for the next two years.

Rail Notes. A telegram from Chicago announces that the Union Pacific and Central Pacific railroads have decided to run a special vestibule train weekly from Council Bluffs to San Francisco. It is to have all modern improvements, including dining cars, steam heating and electric lights and will leave the Bluffs every Wednesday. A headquarters of the officials know nothing about it, but as Assistant General Passenger Agent Lonax is in Chicago, there may be some truth in the report.

Engineer William Day, who was stricken with small pox, is convalescent. He resides at 1218 Twenty-fifth street.

Superintendent Hesseque of the Nebraska Division Union Pacific, was at his desk yesterday, and spent the day looking over the yards and becoming acquainted. J. Campbell, general freight agent of the Oregon Railway & Navigation company, and W. V. Finley, general freight agent of the Panhandle, were at Union Pacific headquarters yesterday. Two detectives from the Nebraska detective association have been detailed for service on the Union Pacific. Two bill carts of the United States commission passed through Omaha yesterday. The overland train came in from the west in two sections yesterday. That from

Denver was on time, but the section from Ogden did not reach Omaha until noon. Union Pacific train No. 3 went west yesterday fifty minutes late. It was delayed by the Burlington, No. 4 from the west is forty minutes late. The Burlington arrived an hour and five minutes late from the east yesterday. The following station agents have been appointed by the Union Pacific: Miss M. E. Wilson at Magnolia vice D. W. Eakman, relieved; W. A. Hootel at Stockdale vice J. C. Case, resigned; and E. H. Cheney at Blue Rapids vice R. C. Bonney, relieved. A sign and one-half pound potato adorns the desk of P. A. Warrack, Union Pacific headquarters. It is a specimen of what they grow in the country. The contracts for the new Union Pacific rolling stock have all been let and are only awaiting the necessary confirmation from the contractors.

Totals at Last. The official totals of the vote in Douglas county for state officers, and also county officers, as completed yesterday, are as follows:

Table with columns for candidates and vote counts. Includes names like W. J. Connell, E. P. Graham, J. W. Edgerton, John M. Thayer, John A. McShane, George E. Bigelow, David Butler, George D. Meiklejohn, Frank Folia, John Dale, R. W. Potter, Gilbert L. Laws, Patrick A. Hines, John E. Hopper, J. H. Heathorn, John E. Hill, James M. Patterson, James H. Stewart, D. C. Nash, Thomas H. Benton, W. A. Poynter, John F. Helm, H. S. Alley, William Leese, W. H. Munger, John Harlan, N. F. Knox, John Steen, Artemus Roberts, J. W. Wright, George H. Hildreth, Marion Thresher, Horatio L. Hilton, Mrs. M. E. Wood, J. S. Hascall, John H. Erick, E. J. Savage, John T. Paulson, W. A. Paxton, P. H. Jenson, Prohibition vote, Daniel Condon, William Wagoner, R. S. Berlin, Christian Specht, O. B. Brown, P. J. Williams, Morris Morrison, Henry Estabrook, Elmer Gilmore, R. C. Cushing, S. B. Fenno, W. J. Gardner, John H. Hungate, John McMillan, Frank R. Morrison, William Neve, Kaspar Podolok, Adam Snyder, J. P. Roe, G. E. Thompson, W. F. Gurley, T. J. Mahoney, W. A. Anderson, Gustav Anderson, Richard O'Keefe.

When the totals were completed the books were turned over to the canvassing board in order that each member might attach his signature. Messrs. Roche and Dennis unhesitatingly appended their cognomens, but Major Furay refused to sign the returns unless he was allowed to make an indenture concerning the alleged irregularity in the first ward. County Clerk Richard Rock maintained had qualified; and, in consequence, the mere absence of his name at the base of the return sheet, was of no importance.

Furay held differently, but the returns being signed and certified to by a majority of the board the result was declared formal, the mayor refusing to sign. His opposition was based on the fact that the printed formula on the returns required him to certify, among other things, that the showing was a faithful abstract, by the returning board, of the votes found upon the returns in the poll books. The mayor said he could sign to nothing of the kind, but consented to do so with the following provision: In signing the above, I concur in all except in the case of the second district of the First ward no return at all was made in the poll book.

This condition was not allowed, hence the names of Dennis and Roche only as above stated were appended to the showing.

MACHINERY VS. MEN. The Brick Manufacturers Introducing Costly Apparatus. "Brick will be dearer next year than they are now," said one of the brick manufacturers yesterday. "Why?" "Because of the late strike. We did not sell all we expected. The strike interfered with our business, and a number of the leading brickmakers introduced machinery into their yards. This cost a great deal of money, and we so to be put off in installments. To help do this we have sold a great deal of our bricks this fall at low prices. But we can not sell all our stuff. A number of brick will therefore be carried over till next spring. This amount will probably reach up to 6,000,000, or rather that amount will be carried over by four or five of the principal firms, namely Bailey & Olsen, Witcomb Bros., Turner, H. E. and A. Livsey. These bricks will have to satisfy all building demands until the 10th of May. We can't burn brick before that time.

"How much machinery has been put into the brick yards?" "Oh, a great deal. I know of two yards, especially, in one of these, \$25,000 and in the other \$12,000 have been expended."

"Are the yards in operation now?" "No. They were closed up on the 1st of October."

"How many men did their closing throw out of employment?" "Counting to everybody I think it can't be far from 3,500 men."

"What are brick selling at now?" "Seven dollars and \$7.25."

"What will they cost, next spring?" "At least \$8.25. I'd sell mine now at \$7."

"Do you expect a lively season, next year?" "Yes, we look for great activity in our business if strikes do not interfere with it. But they will not at least, the matter of making brick, because of the machinery I have told you about."

SOUTH OMAHA. Through the influence of Agent Patterson a branch Western Union telegraph office will be established on the east side just as soon as a suitable office can be secured.

Miss Maggie O'Brien has returned from Council Bluffs. A building permit has been issued to J. B. Hamann for a house on Twenty-eighth street, Colner and Archer's addition. James Householder has gone to Hastings, Ia., to engage in the stock shipping business. Morton Walker, an employe at the Armour & Cudahy packing house, while carrying a large butcher's knife yesterday forenoon, slipped and fell, cutting the index finger of the left hand of the knife.

THE BEEF BUSINESS.

Senator Manderson Says It is to be Investigated. Senator Manderson was able to be around yesterday and attend to business, having in a measure recovered from the effects of his recent efforts during the campaign. He leaves on Sunday next for St. Louis, where he will attend the meeting of the senate committee on cattle complication, which was appointed before the recent adjournment. This committee consists of Senators George Vest of Missouri, P. B. Plumb of Kansas, Shelby M. Cullom of Illinois, Richard Coke of Texas, and Senator Manderson. The committee will inquire into the wholesaling and retailing of meat and cattle, the existence of combinations among cattle dealers, the object of which is to lower the price to producers and raise it to consumers; also to ascertain when beef is cheaper on the hoof, it is dearer in the butcher shop; they will also inquire into the dressed beef business, to ascertain whether certain localities have privileges over others in the same line. The committee will take testimony in St. Louis, commencing Tuesday next. They will afterwards go to Kansas City, later coming to Omaha, and if time allow go to Chicago before the assembling of congress.

The subject is a most interesting one, and a number of our stock dealers and consumers are awaiting the investigation with a great deal of interest. You can suppress your cough and quickly subdue the irritation of your lungs and air passages, with a few doses of Dr. J. H. McLean's Tar Wine Lung Balm. 25 cents a bottle.

Wanted—Immediately, at Pioneer Livery Stables, 413 and 415 S. 13th st., 2 cars of horses. Homan & Terry.

Killed by the Cars. Wenzel Grossman, aged twenty-four and unmarried, a Bohemian, employed at Swift's packing house, South Omaha, was run over by switch engine 159 and instantly killed yesterday morning a few yards north of G street. He boarded at the European hotel and was on his way to work when the accident occurred. How it happened no one can tell as the engineer first saw him when he was beneath the wheels. The coroner's jury returned a verdict exonerating the company and its employes. He had no friends in Omaha, but has a brother in Iowa who has been notified.

I like my wife to use Pozzoni's Complexion Powder because it improves her looks and is as fragrant as violets. Where is Mrs. Tencher? Chief Vest received a telegram from the chief of police of Cincinnati, O., informing him that one August Tencher had suicided there and requesting the chief to look up Mrs. Anna Tencher, who is in Omaha. Efforts to find the lady up to the present time have failed.

A Cold Wave Coming. The temperature will fall 15 to 25 degrees by 5 o'clock Thursday morning. A dispatch on that effect was received from General Greeley by the local signal office last night.

ROYAL BAKING POWDER Absolutely Pure. This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low cost, short weight adulterated imitations of cheap goods that find their way into your homes. BIGGER AND BIGGER.

Few people have any idea of the magnitude of the business we are doing. It is a sight to see the throng of buyers always in our store. The biggest throng is on the second floor, among the overcoats. Though the weather has been warm and other houses have sold but few overcoats, we have moved thousands of them already. We had an immense stock—enough we thought to last us through the season—but our tremendous trade the past two weeks has thinned them out so much that we have to let up advertising them for a few days, until we get in fresh goods, for which we have telegraphed our buyer.

Our special sales are becoming famous throughout the city and state, and in accordance with our promise to give every week some new drives, we will this week have a BIG SUIT SALE. During the next six days we will prove most conclusively to the thousands who may call on us, that we faithfully keep our promises.

It is the always carrying out to the letter what we advertise, that has made The Nebraska Clothing Company famous and our name a household word throughout this section.

The following extraordinary offerings are made for this week— Lot No. 1, consists of about four hundred Business Suits, all sacks, plain and fancy chevots and cassimeres, STRICTLY ALL WOOL, with good serge lining and honestly made at \$5.50. Make no mistake, this is not a cheap suit. It is as good as you will buy anywhere at from \$10 to \$12. It may seem impossible for us to sell it at \$5.50, but we have promised something extraordinary and here it is. Don't take our word for it, but come and see for yourself.

Lot No. 2, is a line of very fine black corkscrew suits, sacks and frocks, the regular price of which is \$15, and for which other houses would charge from \$18 to \$20. Will be sold this week at \$9.50 for the sack and \$9.75 for frock suits.

In lot 3, we offer the CLIMAX OF BARGAINS—our great \$10 suit. We have in this lot two styles of cassimeres suits, on which we stake our reputation, that they are honestly worth double the money. One is a plain gray, the other a fine silk mixed cassimere. We will simply say that this line of \$10 suits is destined to become the greatest advertisement for us.

Lot No. 4, is a line of elegant cutaway Frock Suits, made of fine fancy worsted, one of the choicest suits ever offered; tailor made and beautiful fitting. These suits are made for men who demand and can appreciate a superior character of workmanship. They sell ordinarily for \$25; we offer them this week at \$13. This is the most fearful slaughter of Suits that we ever got into in the very midst of our busiest season.

We are opening to-day and placing in stock some very handsome styles of Children's Overcoats of beautiful designs and trimmings. The prices are in accordance with all our goods—extremely low.
